DREAME H15 Pro Heat

DREAME H15 Pro Heat Wet Dry Vacuum Cleaner Instruction Manual

MODEL: H15 PRO HEAT | BRAND: DREAME

Introduction

The DREAME H15 Pro Heat Wet Dry Vacuum Cleaner is an advanced cleaning solution designed to provide a comprehensive and efficient cleaning experience for various floor types. This innovative device combines powerful vacuuming with hot water mopping, ensuring deep cleaning and quick drying. Its intelligent features and user-friendly design make floor maintenance simpler and more effective.

Key features include: 185°F Fresh Hot Water Cleaning, AI DescendReach Robotic Arm for triple-edge coverage, 22,000Pa Suction Power, up to 72-minute runtime, TangleCut Resilient Scraper, RGB Intuitive Dirt Detection, 212°F Immersive Brush Wash, and 194°F AI Drying for all-day standby.

Setup

Follow these steps for initial setup:

1. **Assembly:** Insert the handle into the main body until it clicks securely into place.
2. **Initial Charge:** Place the assembled vacuum onto the charging dock. Ensure the power adapter is connected to the dock and a power outlet. The display will indicate charging status.
3. **Fill Clean Water Tank:** Remove the clean water tank from the main unit. Fill it with clean water up to the MAX line. For enhanced cleaning, add the recommended amount of DREAME Multi-Surface Floor Cleaner

to the tank. Reattach the tank securely.

Operating

The DREAME H15 Pro Heat offers various operating modes and intelligent features for optimal cleaning.

Cleaning Modes:

- **Smart Mode:** The vacuum automatically adjusts suction power and water flow based on detected dirt levels using its RGB sensor.
- **Hot Water Mode:** Utilizes 185°F fresh hot water for deep cleaning, especially effective on stubborn stains and grease. Provides up to 20 minutes of runtime.
- **Quiet Mode:** For thorough cleaning with minimal disturbance, offering up to 72 minutes of runtime.
- **Suction Mode:** Ideal for picking up liquid spills without mopping.

Intelligent Features:

- **AI DescendReach Robotic Arm (0 Gap Technology):** Allows the vacuum to clean front spaces seamlessly and provides enhanced triple-edge coverage, reaching corners and edges effectively.
- **RGB Detection & Smart Adjustment:** The RGB sensor enhances cleaning by automatically adapting to different levels of grime, ensuring a more thorough clean.
- **180° Lie-Flat Auto Cleaning:** Powered by the GlideWheel Power System, the vacuum can be navigated hands-free and laid flat to clean under low furniture and hard-to-reach areas. This can also be controlled via the app.
- **TangleCut Resilient Scraper:** Prevents hair tangles on the brush roll, ensuring uninterrupted cleaning.

ThermoRinse

85°C

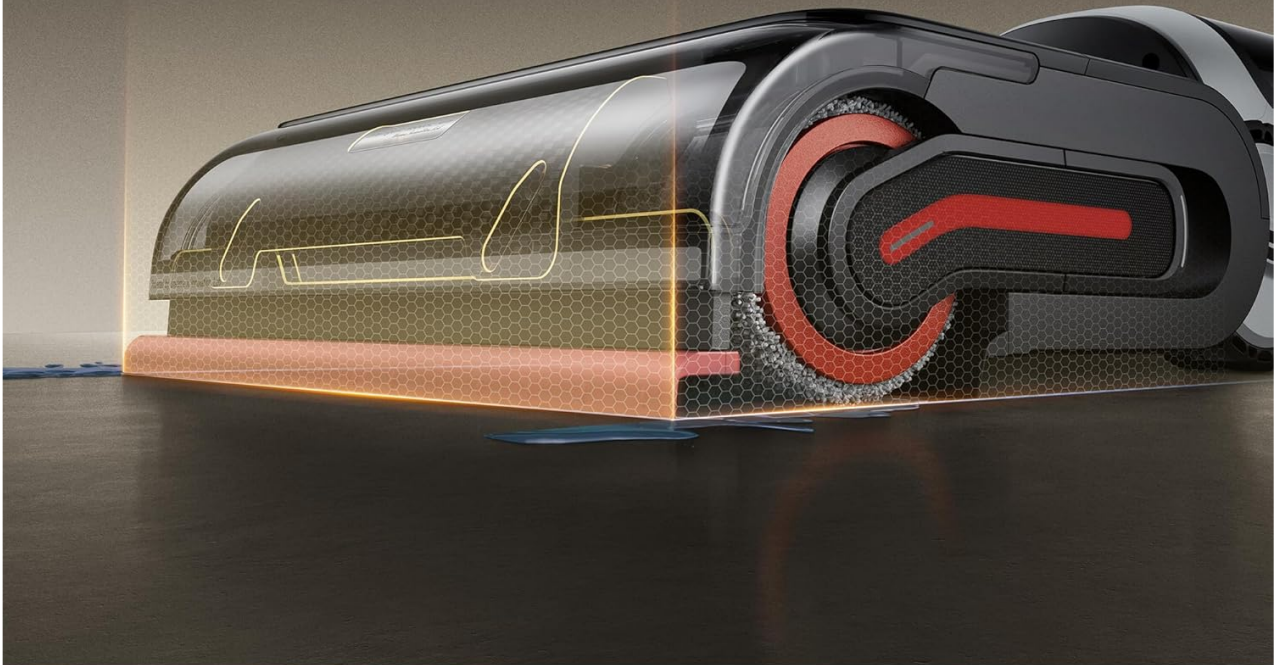

185°F Hot Water Floor Cleaning

Removes 100% of oil stains for spotless floors

Maintenance

Regular maintenance ensures optimal performance and longevity of your DREAME H15 Pro Heat.

Self-Cleaning Cycle:

After each use, place the vacuum on its charging dock and initiate the self-cleaning cycle. The 212°F hot water brush cleaning ensures thorough washing of the brush roll, preventing odors and maintaining hygiene. The Smart Self-Drying feature, with a 5-minute, 194°F quick-dry option, ensures the brush is dry and ready for the next use.

AI Control

Emptying Tanks:

Regularly empty the dirty water tank after each cleaning session. The design allows for easy removal and disposal of collected debris and dirty water.

Brush Roll Maintenance:

The TangleCut Resilient Scraper minimizes hair tangles. Periodically remove the brush roll for inspection and manual cleaning if necessary, using the provided cleaning brush.

Troubleshooting

If you encounter issues with your DREAME H15 Pro Heat, consider the following common solutions:

- **No Power/Not Charging:** Ensure the vacuum is correctly seated on the charging dock and the power adapter is securely plugged into a working outlet. Check the battery percentage on the display.

- **Poor Suction:** Check if the dirty water tank is full or if the clean water tank is empty. Ensure the brush roll is free from obstructions and the filter is clean.
- **Water Leaking:** Verify that both the clean and dirty water tanks are correctly installed and sealed.
- **Unusual Noise:** Inspect the brush roll and the suction inlet for any foreign objects that might be causing the noise.

For persistent issues, refer to the detailed troubleshooting section in the full user manual or contact customer support.

Specifications

Feature	Detail
Brand	DREAME
Model Name	H15 Pro Heat
Special Feature	180° Lie-Flat Smart Cleaning, AI DescendReach Robotic Arm, TangleCut Resilient Scraper, Powerful Suction & Up to 72min Runtime, 185°F Hot Water Floor Cleaning
