MAINTENANCE

To keep your building block model in optimal condition:

- **Cleaning:** Gently dust the model with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling or storing, keep all blocks in a secure container to prevent loss of small pieces. Store in a cool, dry place away from direct sunlight to prevent material degradation.
- **Handling:** Handle the assembled model with care to avoid accidental breakage or separation of blocks.

TROUBLESHOOTING

- **Missing Pieces:** If you discover any missing pieces in your set, please contact HONLANCH customer support. We will arrange to send the necessary missing pieces to you.
- **Difficulty Assembling:** Review the instruction manual carefully. Ensure you are using the correct blocks for each step. Micro building blocks require precision; take your time and double-check connections.

- **Loose Connections:** If parts feel loose, ensure they are fully pressed together. The durable ABS material is designed for a secure fit.
