### 1.3 Connecting to the 'Ear Dance' App

To utilize the full translation capabilities, connect your earbuds to the dedicated 'Ear Dance' application:

1. Download the "Ear Dance" APP through the QR code provided in the manual or from your device's app store (iOS & Android compatible).

2. For first use, tear off the insulation sticker from the earbuds and select "CT13" on your phone for Bluetooth connection.
3. Enter the "Ear Dance" App, navigate to the "Mine" page in the APP, and click "Bind Device".
4. Enter or scan your exclusive QR code, click "Confirm", and you can turn on the translation function.

## Quickly Seamlessly & Smoothly

Provide simultaneous translation in  
just 1s boasting 98% accuracy.

## 2. OPERATING INSTRUCTIONS

---

### 2.1 Core Functions

The CXK AI Language Translation Earbuds offer a versatile three-in-one functionality:

- **Real-time Translation:** Seamlessly translate conversations across 134 languages and accents with up to 98% accuracy.
- **Music Playback:** Enjoy powerful bass stereo and high-definition sound quality for your audio.
- **Phone Calls:** Utilize the earbuds for clear phone conversations.

## 2.2 Translation Modes

The earbuds support multiple translation modes to suit various communication scenarios:

- **Free Talk Mode (Dual Ear):** Each person wears an earbud. Speak, and both participants hear the translation simultaneously. Ideal for fluent, two-way conversations.

- **Translation Machine Mode:** You wear the earbuds and speak, and the translation is played through your phone's speaker. Suitable for short conversations or when interacting with multiple people.
- **Headphones+Phone Mode:** One person wears the earbuds, while the other uses the phone. Tapping the earbud or the translation button on the app automatically translates spoken input for direct communication. Useful for speeches or classes.
- **Voice Note Mode:** Record foreign language speeches in meetings. The app transcribes the audio to text (no direct translation in this mode).

## 2.3 Personal Privacy

Unlike traditional translation devices, the CT13 earbuds enhance privacy. You can listen to translation results directly through the earbuds, avoiding public broadcast of sensitive information or interference from others.

## 3. MAINTENANCE

---

### 3.1 Charging and Battery Life

The CT13 translation earphones offer impressive battery performance:

- **Ultra-Long Playtime:** Up to 60 hours of total playtime with the charging case.
- **Single Charge:** Each earbud can be used continuously for up to 12 hours on a single charge.
- **Charging Time:** Both the earbuds and the charging case have a charging time of approximately 2 hours.
- **Digital Power Display:** The built-in LED display on the charging case allows you to monitor the remaining power in real-time.
