DORTALA DO11001NAUHPA

DORTALA Twin Kids Bed Frame Instruction Manual

Model: DO11001NAUHPA | Brand: DORTALA

1. INTRODUCTION

Thank you for choosing the DORTALA Twin Kids Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Key Features:

- Creative house-shaped headboard with built-in storage shelf.
- Constructed from high-quality solid wood for durability.
- Features 10 sturdy plywood slats, eliminating the need for a box spring.
- Ample 8.5-inch under-bed clearance for storage.
- Equipped with safety guardrails and a convenient side entrance.
- Designed for a maximum weight capacity of 440 lbs (200 kg).

2. IMPORTANT SAFETY INFORMATION

To ensure safe use of this product, please adhere to the following guidelines:

- **Assembly:** Exercise caution around sharp edges during assembly. Ensure all components are properly aligned and securely fastened before use to prevent instability.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 440 lbs (200 kg). Overloading can compromise the structural integrity of the bed frame.
- **Mattress Thickness:** Use a mattress with a recommended thickness of 6 inches (15 cm) or less to ensure the safety guardrails remain effective.
- **Placement:** Position the bed frame on a flat, level surface. Avoid placing it near windows where cords or blinds

could pose a strangulation hazard.

- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary.
- **Supervision:** Always supervise young children when they are using or playing near the bed.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact DORTALA customer support for assistance.

- 1 x Twin Bed Frame (disassembled components)
- 1 x Installation Manual (this document)
- Hardware Pack (screws, bolts, tools as required for assembly)

4. SETUP AND ASSEMBLY

Assembly of the DORTALA Twin Kids Bed Frame is required. It is recommended that two adults perform the assembly. Clear a spacious area for assembly and keep all small parts out of reach of children.

General Assembly Steps:

1. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. Identify all parts according to the parts list provided in the included installation manual.
3. Begin by assembling the headboard and footboard sections, ensuring all connections are secure.
4. Attach the side rails to the assembled headboard and footboard.
5. Install the plywood slats onto the designated support beams. Ensure slats are evenly spaced and securely fastened.
6. Verify all bolts and screws are tightened. Do not overtighten.
7. Place the bed frame in its desired location.

5. OPERATING AND USAGE

Once assembled, the DORTALA Twin Kids Bed Frame is ready for use. Follow these guidelines for optimal functionality:

- **Mattress Placement:** Place a twin-sized mattress directly onto the plywood slats. A mattress thickness of 6 inches (15 cm) or less is recommended to maintain the effectiveness of the safety guardrails.
- **Headboard Storage:** Utilize the built-in storage shelf in the house-shaped headboard for small items such as books, nightlights, or small toys. Ensure items are stable and do not pose a falling hazard.
- **Side Entrance:** The bed features a convenient side entrance for easy access. Ensure the area around the entrance is clear to allow for safe entry and exit.
- **Under-bed Storage:** The 8.5-inch clearance beneath the bed provides ample space for storage bins, boxes, or other items, helping to keep the room tidy.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your DORTALA Twin Kids Bed Frame:

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the wood finish.
- **Dusting:** Regularly dust the surface with a dry, soft cloth to prevent dust buildup.
- **Spills:** Immediately wipe up any spills to prevent staining or water damage to the wood.
- **Hardware Check:** Periodically check all screws, bolts, and connections to ensure they are tight. Re-tighten as needed to maintain stability and safety.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the wood finish to fade or crack.

7. TROUBLESHOOTING

- If you encounter any issues with your DORTALA Twin Kids Bed Frame, refer to the following common problems and solutions:
- Issue:** The bed frame feels wobbly or unstable.
Solution: Check all assembly bolts and screws. Ensure they are fully tightened. If the issue persists, disassemble and reassemble the affected sections, paying close attention to alignment.
 - Issue:** Screws do not tighten properly.
Solution: This could indicate stripped threads or misaligned holes. Do not force screws. If a screw is stripped, it may need to be replaced. If holes are misaligned, carefully re-align the parts before attempting to insert the screw. Contact customer support if the issue cannot be resolved.
 - Issue:** Visible scratches or minor cosmetic damage.
Solution: For minor scratches, a wood repair marker or furniture polish designed for natural wood finishes may help. For significant damage, contact customer support.
 - Issue:** Difficulty accessing the bed from the side entrance.
Solution: Ensure there are no obstructions around the side entrance. The design allows for easy access, so check if the bed is positioned too close to a wall or other furniture.
