## TIMU S81

# TIMU S81 Men's Smartwatch User Manual

1.45-inch Touch Screen, 120 Sport Modes

## 1. INTRODUCTION

---

Thank you for choosing the TIMU S81 Smartwatch. This user manual provides comprehensive instructions on how to set up, operate, and maintain your new device. Please read this manual carefully before using the smartwatch to ensure proper functionality and to maximize your user experience.

## 2. SAFETY INFORMATION

---

- Do not attempt to disassemble, repair, or modify the device. This may cause damage, fire, or electric shock.
- Keep the device away from extreme temperatures, direct sunlight, and high humidity.
- Avoid exposing the device to strong impacts or vibrations.
- Consult a medical professional before starting any new exercise regimen, especially if you have pre-existing health conditions. The heart rate and other health data provided by the smartwatch are for reference only and should not be used for medical diagnosis or treatment.
- Ensure the charging contacts are clean and dry before charging to prevent corrosion or short circuits.
- Dispose of the device and its battery responsibly according to local regulations.

## 3. PACKAGE CONTENTS

---

Please check the package contents upon unboxing. If any items are missing or damaged, contact customer support.

- TIMU S81 Smartwatch (with strap)
- Magnetic Charging Cable
- User Manual (this document)

## 4. PRODUCT OVERVIEW

---

**Figure 4.1:** Front view of the TIMU S81 Smartwatch. The display shows the time (08:30:45), current temperature (24°C), step count (21000 steps), battery level (80%), heart rate (98 BPM), and calories burned (860 Kcal). The watch features a round face with a silver bezel and a gray silicone strap. Buttons are visible on the right side of the casing, labeled "POWER" and "BACK", and on the left side, labeled "SPORT" and "HEART".

The TIMU S81 Smartwatch features a robust design with a 1.45-inch full touch screen. It is equipped with multiple sensors for health and fitness tracking. The watch casing is made of durable material, and the strap is designed for comfort during extended wear.

#### 4.1. Components

- **Touch Screen Display:** 1.45-inch full touch screen for interactive control.
- **Power Button:** Located on the right side, used to turn the watch on/off and return to the main screen.
- **Back Button:** Located on the right side, used to go back to the previous screen.

- **Sport Button:** Located on the left side, provides quick access to sport modes.
- **Heart Button:** Located on the left side, provides quick access to heart rate measurement.
- **Heart Rate Sensor:** Located on the back of the watch, for continuous heart rate monitoring.
- **Charging Contacts:** Located on the back of the watch, for connecting the magnetic charging cable.

## 5. SETUP

---

### 5.1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch. Ensure the pins align correctly. Connect the USB end of the cable to a standard USB power adapter (5V/1A recommended) or a computer USB port. The watch display will show the charging status.

- A full charge typically takes about 2 hours.
- Avoid using fast chargers that exceed 5V/1A to prevent damage to the battery.

### 5.2. App Installation and Pairing

To unlock the full potential of your TIMU S81 Smartwatch, you need to install the companion application on your smartphone and pair the devices.

1. **Download the App:** Scan the QR code provided in the watch's initial setup screen or search for the "TIMU Fit" (example name, as no specific app name is given) app in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. **Register/Log In:** Open the app and follow the on-screen instructions to create an account or log in if you already have one.
3. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
4. **Pair the Device:** In the app, navigate to the "Device" or "My Device" section. Tap "Add Device" or "Pair New Device". The app will search for available smartwatches. Select "TIMU S81" from the list.
5. **Confirm Pairing:** A pairing request may appear on both your phone and the smartwatch. Confirm the pairing on both devices.
6. **Complete Setup:** Once paired, the app will guide you through initial settings such as personal information (height, weight, age) for accurate health tracking.

## 6. OPERATING INSTRUCTIONS

---

### 6.1. Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different data screens (e.g., heart rate, steps, weather).
- **Tap:** Select an item or enter a menu.
- **Press Power Button:** Wake up the screen, return to the main watch face, or long-press to power on/off.
- **Press Back Button:** Return to the previous screen.
- **Press Sport Button:** Directly access the sport modes list.
- **Press Heart Button:** Directly access heart rate measurement.

### 6.2. Sport Modes

The TIMU S81 Smartwatch supports 120 sport modes. To start a workout:

1. Press the **Sport Button** or swipe on the screen to find the "Sport" icon and tap it.
2. Scroll through the list and select your desired activity (e.g., Running, Cycling, Walking, Swimming).
3. Tap to start the activity. The watch will begin tracking duration, calories burned, heart rate, and other relevant metrics.
4. During the activity, you can swipe to view different data screens.
5. To pause or end the activity, swipe right or press the Back button, then select "Pause" or "End".

## 6.3. Health Monitoring

The smartwatch continuously monitors various health metrics:

- **Heart Rate:** The watch measures your heart rate throughout the day. You can also manually initiate a measurement by pressing the **Heart Button**.
- **Steps & Calories:** Tracks your daily step count and estimates calories burned based on your activity and personal data.
- **Sleep Tracking:** Automatically monitors your sleep patterns, including deep sleep, light sleep, and awake times. View detailed sleep data in the companion app.
- **Blood Oxygen (SpO2):** Some models may offer SpO2 monitoring. Refer to the app for specific instructions.

## 6.4. Notifications

Once paired with your smartphone, the smartwatch can receive notifications for calls, messages, and app alerts. Ensure notification permissions are enabled in both your phone's settings and the companion app.

## 6.5. Customization

You can customize your watch face by long-pressing the main screen or through the companion app. The app also allows you to set alarms, sedentary reminders, and other personalized settings.

# 7. MAINTENANCE

---

## 7.1. Cleaning

- Wipe the watch screen and strap regularly with a soft, damp cloth.
- For stubborn stains, use a mild soap solution and rinse thoroughly.
- Ensure the watch is completely dry before charging or wearing.
- Clean the charging contacts periodically with a dry cotton swab to ensure good connection.

## 7.2. Water Resistance

The TIMU S81 Smartwatch is designed with a certain level of water resistance. While it can withstand splashes, rain, and brief immersion, it is not recommended for hot showers, saunas, or diving. Avoid exposing the watch to high-pressure water or corrosive liquids.

*Note: Water resistance is not a permanent condition and may decrease over time with normal wear and tear.*

## 7.3. Battery Care

- Charge the battery regularly, even if the watch is not in use, to maintain battery health.
- Avoid completely draining the battery frequently.
- Store the watch in a cool, dry place when not in use for extended periods.

# 8. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Watch does not turn on.	Low battery.	Charge the watch for at least 30 minutes.
Cannot pair with smartphone.	Bluetooth is off; watch is out of range; app issue.	Ensure Bluetooth is on. Move watch closer to phone. Restart both devices. Reinstall the app.
Notifications not received.	Notification permissions not enabled; app not running in background.	Check app and phone notification settings. Ensure the app is running.
Inaccurate health data.	Watch not worn correctly; incorrect personal information in app.	Ensure watch is snug on wrist. Update personal data in the app.
Screen unresponsive.	Temporary software glitch.	Restart the watch by long-pressing the Power button.

## 9. SPECIFICATIONS

---

Feature	Detail
Model Number	S81
Brand	TIMU
Display	1.45-inch Touch Screen
Operating System	Android Wear 2.0
Connectivity	Bluetooth
Compatible Devices	Smartphone
Color	Blue
Battery Type	1 AAA
Storage Capacity	1 GB
GPS	No GPS
Shape	Round

*Note: The specification for "Battery Type: 1 AAA" appears to be an anomaly in the provided product data. Smartwatches typically use integrated rechargeable lithium-ion batteries. Please refer to the product packaging for the most accurate battery information.*

## 10. WARRANTY AND SUPPORT

---

TIMU products come with a standard manufacturer's warranty. For specific warranty terms and conditions, please refer to the warranty card included in your product packaging or visit the official TIMU website.

If you encounter any issues or have questions regarding your TIMU S81 Smartwatch, please contact our customer support team:

- **Email:** [support@timu.com](mailto:support@timu.com)

- **Website:** [www.timu.com](http://www.timu.com)
- Please have your model number (S81) and purchase details ready when contacting support.
