HOTEEL 10x15 Hardtop Gazebo Instruction Manual

Model: US01+CBFNC181397_BR#LFCC166-3.11

IMPORTANT SAFETY INFORMATION

Always follow the provided installation manual and videos. Use appropriate tools and secure the gazebo to a stable foundation. Do not attempt to assemble or disassemble the gazebo alone. Regularly inspect the gazebo for any damage or wear and tear, and follow the manufacturer's guidelines for maintenance and storage. Keep the gazebo clear of any flammable materials and do not use it during severe weather conditions.

Ensure all screws are fully tightened before use. Periodically check all connections for tightness and re-tighten as necessary to maintain structural integrity.

PRODUCT OVERVIEW

The HOTEEL 10x15 Hardtop Gazebo is designed to provide a durable and comfortable outdoor living space. Key features include:

- **Ventilated Double Roof:** Heavy-duty galvanized steel roof offers UV protection, air circulation, and wind resistance.
- **Sturdy Aluminum Frame:** Powder-coated aluminum frame resists scratching, peeling, corrosion, and rust.
- **Human-Centered Design:** Features a double-track system for curtains and netting, CPAI-84 flame-resistant curtains, sidewall mosquito netting with zippers, and hooks for lights or fans.
- **Ample Space:** Measures 15' L x 10' W x 9' H, accommodating 10-14 people.
- **Robust Materials:** Galvanized steel roof withstands heavy snow loads up to 18.43 psf. Curtains are made of 160g polyester fabric, offering wrinkle resistance and easy cleaning.

SETUP & ASSEMBLY

Assembly of the HOTEEL 10x15 Hardtop Gazebo typically requires 3 to 4 people and takes approximately 4 hours. Follow the steps carefully for proper installation.

Assembly Steps Overview:

1. Assemble Posts & Beams
2. Assemble Top Frame
3. Assemble Roof Panels
4. Assemble Curtains & Netting

Visual Assembly Guides:

Video: Assemble Roof Panels

Video Description: This video demonstrates the step-by-step process of assembling the roof panels for the gazebo, including securing individual panels to the frame.

Video: HOTEEL 10x12 Hardtop Gazebo Installation Instruction

Video Description: A detailed installation guide for a HOTEEL 10x12 hardtop gazebo, providing visual instructions for the entire assembly process. While the model size is slightly different, the general assembly principles apply.

Foundation and Stability:

The base is pre-drilled and comes with expansion screws for concrete floors, ensuring sturdy installation and stability. If installing on wood floors, it is necessary to purchase wood panel-specific expansion screws separately.

10'x 15' Double Rooftop Gazebo with Nettings and Privacy Curtains

Please clear the snow in time to avoid damage to the product on snowy days

OPERATING INSTRUCTIONS

Curtains and Netting:

The gazebo features a double-track system allowing both the CPAI-84 flame-resistant curtains and the sidewall mosquito netting to hang and slide independently. Use the curtains for privacy and protection from sun/rain, and the netting to keep pests out while maintaining ventilation.

Image: The double track system of the gazebo, illustrating how both privacy curtains and mosquito netting can be used simultaneously for versatile outdoor comfort.

Integrated Features:

Equipped with two hooks on the top, this outdoor gazebo can be used to hang lights or fans, enhancing your outdoor experience.

MAINTENANCE & CARE

- **Roof Care:** The galvanized steel roof is designed to withstand heavy snow loads. In snowy conditions, please clear the snow in a timely manner to avoid damage to the product.
- **Frame Care:** The powder-coated aluminum frame is resistant to rust and corrosion. Clean with mild soap and water as needed. Avoid abrasive cleaners.
- **Curtain & Netting Care:** The 160g polyester fabric curtains are machine washable for easy cleaning. The netting can be gently cleaned with a damp cloth.
- **Seasonal Storage:** While designed for permanent outdoor use, consider disassembling and storing fabric components during extreme weather conditions or prolonged periods of non-use to extend product lifespan.

TROUBLESHOOTING

If you encounter any issues during assembly or use, please review the assembly videos and manual. For further assistance, contact HOTEEL customer support.

- **Loose Connections:** Regularly check and tighten all screws and bolts to ensure stability.
- **Water Accumulation:** The roof features a multi-directional drainage system. Ensure proper installation of roof panels to facilitate water runoff.
- **Curtain/Netting Snagging:** Inspect the double-track system for any obstructions or damage. Ensure curtains and netting are properly aligned on the tracks.
