SAFETY INFORMATION

Your child's safety is paramount. Adhere to the following safety guidelines:

- Always assemble and disassemble the product carefully to avoid injury.
- Do not leave the baby unattended in the bassinet or playpen.
- Do not exceed the weight limit of 30 lbs (approximately 13.6 kg).
- Keep small parts out of reach of children.
- Always follow the instructions provided with the product for safe use and maintenance.
- Ensure all locking mechanisms are securely engaged before placing a child in the unit.
- Discontinue use of the bassinet feature when the infant begins to push up on hands and knees or has reached 19.8 lbs (9 kg), whichever comes first.

2. Installing the Bassinet

The bassinet feature is designed for infants from 0-5 months, or until they can push up on their hands and knees.

1. Ensure the main playard frame is fully assembled and locked.
2. Place the bassinet insert into the top of the playard.
3. Secure the bassinet to the playard frame using the provided clips or straps, ensuring it is firmly attached at all four corners.
4. Insert the mattress into the bassinet.

3. Attaching the Detachable Changing Table

The changing table provides a convenient elevated surface for diaper changes.

1. Align the changing table's attachment points with the designated slots on the playard's top rail.
2. Press down firmly until the changing table clicks securely into place.
3. Ensure the changing table is stable before use.

4. Bedside Sleeper Adjustment

This feature allows the playard to function as a bedside bassinet with adjustable height.

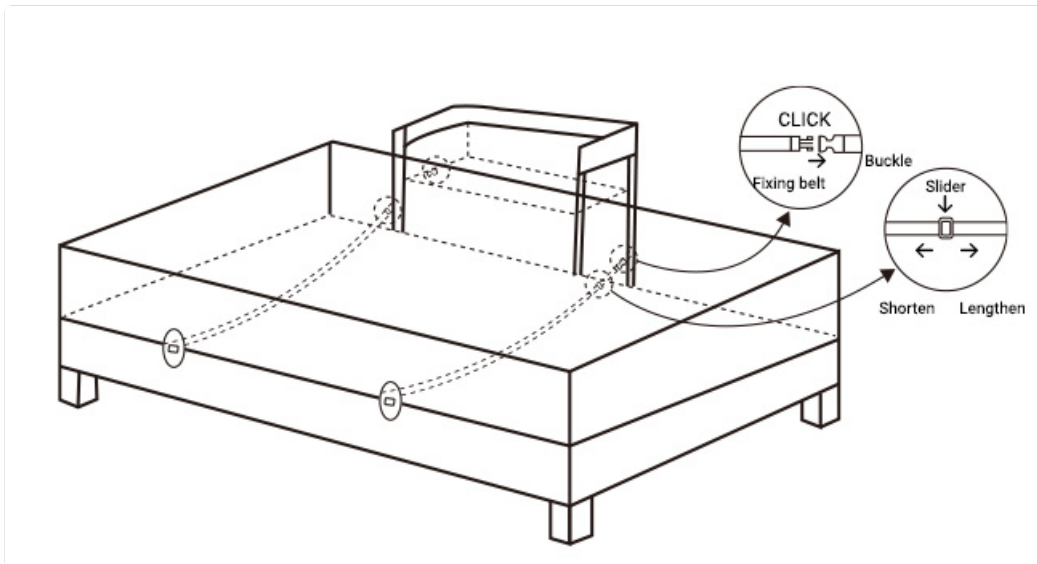

1. Lower one side of the playard by disengaging the side rail locks.
2. Adjust the height of the playard to one of the 4 available levels to match your bed's height.
3. Use the clamping strap to securely attach the playpen to the parent's bed, preventing movement.
4. Ensure the mattress is supported by the 3 support tubes to prevent tilting.

OPERATING INSTRUCTIONS

1. Using as a Bassinet (0-5 Months)

The bassinet provides a cozy and elevated sleeping space for newborns. Ensure the bassinet is securely installed as per the setup instructions. The upper berth height of the bassinet is fixed at 18 inches.

MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your ELEMARA Pack and Play.

Cleaning Instructions:

- **Fabric Components:** Wipe down fabric surfaces with a damp cloth and mild soap. Do not use harsh detergents or abrasive cleaners. Allow to air dry completely before folding or storing.
- **Frame and Plastic Parts:** Clean with a damp cloth. Avoid submerging any part of the frame in water.
- **Mattress:** The mattress is designed with multiple layers for comfort and support. Wipe clean with a damp cloth.

Storage:

- Always ensure the playard is clean and dry before folding for storage.
- Store in the included travel bag in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your ELEMARA Pack and Play, please refer to the following common solutions:

- **Difficulty Unfolding/Folding:** Ensure the center support bar is fully pressed down (for unfolding) or pulled up (for folding). All side rails must be unlocked before folding the center. If a side rail is stuck, try lifting it slightly while pressing the release button.
- **Bassinet Appears Crooked:** As noted in some user experiences, ensure the bassinet clips or rods are correctly inserted and fully engaged. Sometimes, a slight adjustment or re-insertion of the support rods can resolve this.
- **Stability Issues:** Verify that all four legs are fully extended and locked. For bedside sleeper mode, ensure the clamping strap is tightly secured to the parent's bed.
- **Missing Parts:** Refer to the "What's in the Box" section. If any parts are missing upon arrival, please contact customer support immediately.
