MAINTENANCE

Cleaning Your Laptop

Use a soft, lint-free cloth slightly dampened with water or a screen cleaner to clean the display. For the keyboard and chassis, use a soft cloth. Avoid harsh chemicals.

Battery Care

To prolong battery life, avoid extreme temperatures and fully discharging the battery frequently. Express Charge support allows for quick recharging.

Software Updates

Regularly check for and install Windows updates and Dell driver updates to ensure optimal performance and security.

TROUBLESHOOTING

Common Issues and Solutions

- **Laptop not powering on:** Ensure the AC adapter is securely connected and the power outlet is functional. Check battery charge level.
- **Slow performance:** Close unnecessary applications, check for background processes, and ensure sufficient free storage space.
- **Display issues:** Adjust brightness settings. If external monitor is connected, check cable connections.
- **Keyboard/Touchpad unresponsive:** Restart the laptop. Ensure no foreign objects are obstructing the keys or

touchpad.
