

Outre MH 108

Outre Melted Hairline MH 108 Lace Front Wig Instruction Manual

Model: MH 108 | Color: GINGER COPPER

Brand: Outre

1. INTRODUCTION

This manual provides detailed instructions for the proper use, care, and maintenance of your Outre Melted Hairline MH 108 Lace Front Wig. Designed for a natural and comfortable fit, this wig features a pre-plucked hairline and an elastic band for glueless installation. Please read this manual thoroughly to ensure the longevity and optimal appearance of your wig.

2. KEY FEATURES

The Outre Melted Hairline MH 108 wig is engineered with several features to enhance comfort and realism:

- **Soft HD Transparent Lace:** Provides a seamless blend with various skin tones for an undetectable hairline.
- **5" Deep Parting:** Allows for versatile styling options and a natural-looking part.

- **Completely Pre-Plucked Hairline & Sideburns:** Eliminates the need for additional plucking, saving time and effort.
- **Pre-Attached Wide Elastic Band:** Ensures a secure and comfortable fit without the need for adhesive.
- **Fast, Easy & Effortless Glueless Installs:** Designed for quick and convenient wear.
- **Natural Baby Hairs:** Enhances the realism of the hairline.
- **Redesigned ComfortFit Ear Contour:** Provides a comfortable and snug fit around the ears.

- Soft HD Transparent Lace
- 5" Deep Parting
- Completely Pre-Plucked Hairline & Sideburns
- Pre-Attached Wide Elastic Band for a Secure Fit
- Fast, Easy & Effortless Glueless Installs
- Natural Baby Hairs
- Redesigned ComfortFit Ear Contour

- Detangle hair from end to root before shampooing
- Carefully wash in lukewarm water with mild shampoo
- Do not rub or twist, but gently finger comb the hair
- Follow with conditioner and rinse in similar fashion
- Pat dry with a towel and do not rub or roll the hair
- Air dry or blow dry with a diffuser or as recommended by your stylist
- To avoid stretching or damaging the cap, do not place a damp wig on mannequin or styrofoam head
- Styling tools should only be used when completely dry
- Use electric curling or flat iron with temperature up to 400°F

3. SETUP AND INSTALLATION

The Outre Melted Hairline wig is designed for glueless installation, making it easy to wear.

1. **Preparation:** Ensure your natural hair is flat and secured, either braided or in a wig cap.
2. **Positioning:** Carefully place the wig on your head, aligning the pre-plucked hairline with your natural hairline. The 5-inch deep parting allows for flexible placement.
3. **Secure Fit:** Utilize the pre-attached wide elastic band to secure the wig firmly. Adjust the ComfortFit ear contours for a snug and comfortable fit around your ears.
4. **Styling:** Gently adjust the baby hairs and style the wig as desired. No plucking is required due to the pre-plucked hairline.

4. CARE AND MAINTENANCE

Proper care will extend the life and maintain the beauty of your Outre Melted Hairline wig.

- **Detangling:** Always detangle hair from end to root before shampooing to prevent knots.
- **Washing:** Carefully wash in lukewarm water using a mild shampoo.

- **Combing:** Do not rub or twist the hair. Gently finger comb the hair during washing and rinsing.
- **Conditioning:** Follow with a conditioner and rinse in a similar fashion.
- **Drying:** Pat dry with a towel. Do not rub or roll the hair. Air dry or blow dry with a diffuser as recommended by your stylist.
- **Storage:** To avoid stretching or damaging the cap, do not place a damp wig on a mannequin or styrofoam head.
- **Styling Tools:** Styling tools should only be used when the wig is completely dry. You may use electric curling or flat irons with temperatures up to 400°F (204°C).

UPC / GTIN	827298098355

6. TROUBLESHOOTING

While the Outre Melted Hairline wig is designed for ease of use, here are some common issues and solutions:

- **Issue: Wig feels loose or shifts.**
Solution: Ensure the pre-attached elastic band is properly positioned and snug. Adjust the wig cap for a tighter fit if necessary.
- **Issue: Hair appears dull or tangled.**
Solution: Follow the care guide instructions for detangling and washing. Regular gentle care is crucial for maintaining hair quality.
- **Issue: Difficulty styling with heat tools.**
Solution: Ensure the wig is completely dry before applying heat. Do not exceed the recommended temperature of 400°F (204°C).
- **Issue: Hairline does not look natural.**
Solution: Adjust the wig's position to align with your natural hairline. Utilize the pre-plucked hairline and baby hairs for a seamless blend.

7. WARRANTY AND SUPPORT

For any product-related inquiries, concerns, or to report defects, please contact the seller or manufacturer directly. Keep your purchase receipt as proof of purchase. Specific warranty details, if any, are typically provided at the point of sale or on the product packaging.
