3. COMPONENTS AND ASSEMBLY

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included detailed installation guide for step-by-step visual instructions.

Key Components:

- Top Cabinet Unit (with doors, shelves, and magnetic stoppers)
- Metal Frame (with X-cross structure)
- Adjustable Leg Pads
- Removable Drainage Basket
- Toilet Paper Holder
- Towel Hooks
- Wall-Mounting Hardware (Anti-Falling Device)
- Assembly Screws and Tools

Assembly Tips:

- Lay out all parts on a clean, soft surface to prevent scratches.
- Do not overtighten screws during initial assembly; tighten fully once the unit is aligned.
- The lower crossbar may need to be attached after positioning the unit behind the toilet for easier placement.
- Ensure the wall-mounting hardware is securely installed to prevent wobbling.

4. OPERATING INSTRUCTIONS

The Mlinavn MTJ-003 cabinet is designed for straightforward use.

- **Storage:** Utilize the enclosed cabinet for items requiring privacy or protection from dust and moisture. The open shelves are suitable for frequently accessed items or decorative elements.
- **Drainage Basket:** Place items that may get wet, such as soaps or shampoos, in the removable drainage basket to allow water to escape.
- **Adjustable Features:** The adjustable leg pads allow for leveling on uneven floors. The height-adjustable crossbar accommodates various toilet shut-off valve positions.
- **Hooks and Holder:** Use the integrated towel hooks for hanging towels or bath brushes, and the toilet paper holder for convenience.

5. MAINTENANCE

Regular cleaning and proper care will ensure the longevity of your storage cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Promptly clean any spills, especially on wooden surfaces, to prevent water damage.

- **Drainage Basket:** Periodically remove and clean the drainage basket to prevent buildup.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions:

- **Wobbling Unit:**
 - Ensure all screws are tightened securely.
 - Adjust the leg pads to stabilize the unit on uneven floors.
 - Verify that the wall-mounting anti-falling device is properly installed and secured to the wall.
- **Cabinet Doors Not Closing Properly:**
 - Check if the magnetic stoppers are aligned correctly.
 - Ensure the doors are properly hinged and not obstructed.
 - Verify that the cabinet unit is level.
- **Difficulty During Assembly:**
 - Double-check the numbered parts against the instruction manual's diagrams.
 - Ensure the correct screws are used for each step. Some users have reported issues with screw sizes for magnetic catches; if screws are too long, use shorter alternatives if available, or contact customer support.
- **Lower Bar Obstruction:**
 - If the lower bar interferes with the toilet, ensure it was installed after positioning the main frame behind the toilet, as suggested in some assembly guides.

If problems persist, please contact Mlinavn customer support for assistance.
