

ZIYOO ZB6301-18

ZIYOO Twin 18-Inch Bamboo Platform Bed Frame Instruction Manual

Model: ZB6301-18

1. INTRODUCTION

Thank you for choosing the ZIYOO Twin 18-Inch Bamboo Platform Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. IMPORTANT SAFETY INFORMATION

- **Maximum Weight Capacity:** Do not exceed the maximum weight recommendation of 500 pounds for this Twin bed frame.
- **Sharp Edges:** Exercise caution around sharp edges during assembly and use.
- **Assembly:** Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- **Placement:** Place the bed frame on a flat, level surface to prevent instability.
- **Children:** Keep small parts away from children during assembly.
- **Mattress Compatibility:** This frame is designed for a Twin mattress (75"L x 38"W).

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed frame components (bamboo frame, metal bed base, legs)
- Assembly hardware (screws, bolts, washers)
- Assembly tools (Allen wrench, etc.)
- Instruction Manual (this document)

Image 3.1: Overview of the bed frame components before assembly.

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. Follow these steps carefully. It is recommended to assemble with two people.

1. Step 1: Unpack and Identify Parts

Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify each part by comparing it to the parts list in your package.

2. Step 2: Assemble the Main Bamboo Frame

Connect the main bamboo frame pieces using the provided hardware. Ensure all connections are snug but do not fully tighten bolts until all frame pieces are aligned.

Image 4.1: Detail of how slats connect to the frame.

3. **Step 3: Attach the Metal Bed Base**

Position the metal bed base within the bamboo frame. Secure it to the frame using the designated screws and bolts. This metal base provides robust support for your mattress.

Image 4.2: The sturdy metal support structure integrated into the frame.

4. **Step 4: Install the Legs**

Attach the bamboo-patterned iron legs to the corners and center supports of the bed frame. Ensure they are firmly attached and provide stable support.

Image 4.3: The bed frame with its iron legs providing support.

5. Step 5: Final Tightening

Once all components are assembled and aligned, fully tighten all screws and bolts using the provided tools. Do not overtighten.

5. OPERATING INSTRUCTIONS

- **Mattress Placement:** Carefully place your Twin-sized mattress directly onto the assembled bed frame. A box spring is not required.
- **Weight Distribution:** Distribute weight evenly across the bed frame. Avoid concentrating heavy loads on a single point.
- **Under-Bed Storage:** Utilize the 16-inch clearance beneath the frame for storage. This space is ideal for bins, boxes, or other items to keep your room organized.

Image 5.1: The 16-inch under-bed clearance provides ample storage space.

6. MAINTENANCE

- **Cleaning:** Wipe the bamboo and metal surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Environmental Conditions:** Avoid exposing the bed frame to extreme humidity or direct sunlight for prolonged periods, as this may affect the bamboo material.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame feels unstable or wobbly.	Loose fasteners. Uneven floor surface.	Ensure all bolts and screws are fully tightened. Move the bed frame to a level surface or use shims under legs if necessary.

Problem	Possible Cause	Solution
Squeaking noises.	Loose connections. Friction between parts.	Re-tighten all assembly hardware. Apply a small amount of lubricant (e.g., silicone spray) to contact points if squeaking persists.
Mattress slides on the frame.	Smooth surface of slats.	Place a non-slip mat or rug gripper between the mattress and the bed frame slats.

8. SPECIFICATIONS

Feature	Detail
Model Number	ZB6301-18
Size	Twin
Product Dimensions (L x W x H)	75"L x 38"W x 18"H
Under-Bed Clearance	16 Inches
Maximum Weight Recommendation	500 Pounds
Material	Bamboo (frame), Metal (bed base and legs)
Color	Bamboo (Natural Finish)
Assembly Required	Yes
Care Instructions	Wipe with Damp Cloth

Twin Size

500 lbs Weight Capacity
