ANJANK AC199

ANJANK 4-in-1 Wireless Charging Station Alarm Clock User Manual

MODEL: AC199

1. Introduction

Thank you for choosing the ANJANK 4-in-1 Wireless Charging Station Alarm Clock. This device is designed to simplify your charging experience by providing a centralized solution for your iPhone, Apple Watch, and AirPods, along with an integrated digital alarm clock. Please read this manual carefully to ensure proper use and optimal performance.

2. Safety Information

- Do not expose the device to water, moisture, or extreme temperatures.

- Avoid dropping or subjecting the device to strong impacts.

- Do not attempt to disassemble, repair, or modify the device.

- Use only the provided power adapter and cable.

- Ensure proper ventilation; do not cover the cooling vents.

- **Important Note:** This device is **not compatible with Samsung Watch** models.

- For phone charging, remove any metal objects, magnetic pads, pop-out grips, built-in card slots, or extra-thick cases (exceeding 5mm) from your phone before placing it on the charging pad.

3. Package Contents

Please check the package for the following items:

- ANJANK 4-in-1 Wireless Charging Station

- 1.5m Type-C Charging Cable

- 18W Power Adapter

- User Manual

4. Product Overview

Image: The ANJANK 4-in-1 Wireless Charging Station, showcasing its ability to charge an iPhone, Apple Watch, and AirPods simultaneously, with the digital clock displaying the time.

The ANJANK 4-in-1 Wireless Charging Station integrates multiple functions into a compact design. It features dedicated wireless charging areas for your smartphone, Apple Watch, and AirPods, along with a digital alarm clock display. The device is powered by a single Type-C cable and an 18W power adapter.

5. Setup Instructions

1. Connect the provided Type-C charging cable to the Type-C input port on the back of the charging station.
2. Plug the other end of the Type-C cable into the 18W power adapter.
3. Insert the power adapter into a standard wall outlet. The digital clock display will illuminate, indicating the device is powered on and ready for use.

No More Tangled Cords

6. Operating Instructions

6.1. Charging Devices

This station allows simultaneous wireless charging for your compatible Apple devices.

3 in 1 Charging Solution

Keep your devices organized in one place.

Image: The charging station actively charging an iPhone, Apple Watch, and AirPods, demonstrating its 3-in-1 capability.

- **For iPhone:** Place your iPhone vertically on the front charging stand. Ensure the phone is centered on the charging area. The charging indicator on your phone will confirm charging has begun. The device supports charging through phone cases up to 5mm thick.
- **For Apple Watch:** Place your Apple Watch on the magnetic charging module located at the top of the stand. The watch will magnetically snap into place, and charging will begin automatically.
- **For AirPods:** Place your AirPods case (with wireless charging capability) on the flat charging pad at the base of the stand. Ensure the case is centered. The charging indicator on your AirPods case will confirm charging.

6.2. Alarm Clock Functions

The integrated digital alarm clock offers customizable settings.

Image: The charging station functioning as a bedside alarm clock, illustrating its dimmable display and volume control features.

- **Setting Time:** Use the 'TIME' button to enter time setting mode. Use the '+' and '-' buttons to adjust hours and minutes. Press 'TIME' again to confirm. You can switch between 12-hour and 24-hour formats using the '12/24H' button.

- **Setting Alarm:** Use the 'ALARM SET' button to enter alarm setting mode. Use the '+' and '-' buttons to set the desired alarm time. Press 'ALARM SET' again to confirm. The alarm icon will appear on the display.

- **Snooze Function:** When the alarm sounds, press any button (except 'ALARM ON/OFF') to activate the 9-minute snooze function.

- **Alarm Volume Adjustment:** The alarm features 3 adjustable volume levels. Refer to the device controls for specific volume adjustment buttons (usually integrated with '+' and '-' or a dedicated volume button).

- **Display Brightness Adjustment:** The LED display has 6 dimming levels. Use the 'DIMMER' button (or similar icon) to cycle through brightness settings, including a lowest setting for sensitive sleepers.

7. Compatibility

The ANJANK 4-in-1 Wireless Charging Station is designed for wide compatibility with Apple devices and select other models:

- **Other Compatible Devices (Wireless Charging):** LG VS980/G3/G6/G6+/G7/G7 ThinQ/G7+ ThinQ/G8/G8 ThinQ; Google Pixel 3/3XL, Nexus 4/5/6; Sony Xperia Z3v(D6708), XZ2, XZ2 Premium, XZ3; Nokia Lumia 720/735/810/820/822/830; HTC PH98100/PG32100/PJ53100/PL83200/PM23100.

8. Maintenance

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the surface of the charging station. Do not use abrasive cleaners or solvents.

- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight.

- **Ventilation:** Ensure the back and bottom cooling vents remain clear and unobstructed to maintain optimal performance and safety.

Image: Illustration highlighting the bottom and back ventilation design for efficient heat dissipation.

9. Troubleshooting

Issue	Possible Solution
Device not powering on / Clock not displaying	Ensure the power adapter is securely connected to both the charging station and a working wall outlet. Verify the power outlet is active.
Device not charging	Ensure your device is placed correctly and centered on the charging area. Remove any metal objects, magnetic pads, or overly thick cases (over 5mm) from your phone. Confirm your device is compatible with wireless charging. Check if the power adapter and cable are functioning correctly.
Alarm not sounding	Verify that the alarm time is set correctly and the alarm function is activated (alarm icon visible on display). Check the alarm volume setting.
Display too bright/dim	Use the 'DIMMER' button to adjust the display brightness to your preference.
Overheating during charging	Ensure the cooling vents on the back and bottom of the device are not obstructed. Remove any phone cases that might trap heat. If overheating persists, discontinue use and contact customer support.

10. Specifications

Feature	Detail
Model Number	AC199
Brand	ANJANK
Input Voltage	220 Volts
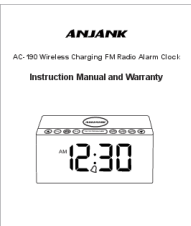

Feature	Detail
Amperage	0.5 Amps
Item Weight	10.6 ounces
