## NAMSTE 001

# NAMSTE Smart Waterless Diffuser HVAC Scent Machine (Model 001) Instruction Manual

Model: 001

## 1. INTRODUCTION

The NAMSTE Smart Waterless Diffuser utilizes advanced cold air diffusion technology to atomize essential oils into ultra-fine particles, delivering pure and consistent fragrance without heat or water. This diffuser is designed for versatility, suitable for standalone use, wall mounting, or integration with HVAC systems, covering areas up to 3,000 square feet. It features smart controls via a Bluetooth-enabled app, a clock display, and intelligent oil level monitoring.

## 2. SETUP

### 2.1 Unboxing and Components

Carefully remove all components from the packaging. Ensure the following items are present:

- NAMSTE Smart Waterless Diffuser Unit
- Power Adapter

- Essential Oil Bottle (300ml capacity)
- Key for unlocking the atomizer head
- Wall mounting accessories (screws, anchors, adhesive hanger)
- User Manual

## 2.2 Filling the Essential Oil Bottle

1. Locate the small lock door on the back of the diffuser. Use the provided key to unlock the atomizer head.
2. Gently pull up the atomizer head to remove it from the unit.
3. Unscrew the cap from the empty essential oil bottle.
4. Fill the bottle with your preferred NAMSTE essential oil up to the 'MAX' line.
5. Screw the cap back onto the essential oil bottle securely.
6. Carefully reinsert the atomizer head with the filled bottle back into the diffuser unit.
7. Lock the atomizer head using the key.

**Important: Do not tilt the machine after filling to avoid essential oil leakage.**

## 2.3 Mounting Options

The diffuser can be used as a standalone unit or mounted on a wall. For wall mounting, use the provided adhesive hanger or screws and anchors for a more secure installation. Ensure the mounting surface is clean and dry before applying the adhesive hanger.

Image: The NAMSTE Smart Waterless Diffuser shown mounted on a wall, highlighting its space-saving design and versatility.

## 2.4 HVAC System Integration

For larger spaces, the diffuser can be connected to your existing HVAC system to evenly distribute fragrance. Consult a professional for proper installation into your HVAC ductwork.

### Breathe Easy & Play Freely

For your peace of mind, all our products are free from harsh chemicals.  
Gentle and Safe for Kids, Pets & the Whole Family.  
Shared fragrance experience that brings relaxation and comfort to your entire family.

Video: This video demonstrates the NAMSTE Waterless Diffuser, including its features and how it functions as an HVAC diffuser scent system.

## 3. OPERATING INSTRUCTIONS

### 3.1 Powering On and Off

Connect the power adapter to the diffuser and plug it into a power outlet. The device will automatically power on. To power off, unplug the device.

### 3.2 Bluetooth APP Control

Download the NAMSTE Scent app from your smartphone's app store. Follow the in-app instructions to connect your diffuser via Bluetooth. The app allows you to:

- Set multiple advanced schedules (working days, rest days).
- Adjust atomization intensity.
- Control working hours and intermittent time.
- Monitor essential oil levels.
- Control the clock display and ambient light.

### 3.3 Smart Oil Level Monitoring

The diffuser features a red/blue light strip under the time panel. A blue light indicates sufficient oil levels (above 20%), while a red light indicates low oil levels (below 20%), reminding you to refill.

#### The Mind Optimizing Scent

You can enjoy enhanced focus, spark creativity, and dissolve stress for a balanced work state at the same time.

Image: A visual explanation of the intelligent oil level monitoring system, showing a blue light when oil is above 20% and a red light when it is below 20%.

## 4. MAINTENANCE

### 4.1 Cleaning the Inner Bottle

Regular cleaning of the inner essential oil bottle is recommended, especially when changing scents, to maintain optimal scent purity and prevent olfactory interference. Use ethanol-based sanitization.

1. Remove the essential oil bottle from the diffuser.
2. Pour out any remaining essential oil.
3. Pour 1/5 of the bottle's capacity with alcohol (ethanol-based sanitizer).
4. Reinsert the bottle into the diffuser and let it run for 5 minutes.
5. Remove the bottle, shake it for 20 seconds, and let it sit for 10 seconds.
6. Pour out the alcohol.
7. Pour 1/3 of the bottle's capacity with water.
8. Shake the bottle for 20 seconds, and let it sit for 10 seconds.
9. Pour out the water.
10. Repeat the water washing steps several times until clean.
11. Place the bottle outdoors to dry completely before refilling with essential oil.

Video: This video provides a step-by-step guide on how to clean the inner bottle of the aromatherapy machine using alcohol and water.

### 4.2 General Care

- Wipe the exterior of the diffuser with a soft, dry cloth.

- Do not use abrasive cleaners or solvents.
- Ensure the device is unplugged before cleaning or refilling.

## 5. TROUBLESHOOTING

---

- **No Mist Production:** Check if the essential oil bottle is properly inserted and locked. Ensure there is sufficient essential oil. Verify the device is powered on and connected to the app.
- **Weak Scent:** Adjust the atomization intensity via the app. Ensure the room size is within the diffuser's coverage area. Clean the atomizer core and bottle if necessary.
- **App Connectivity Issues:** Ensure Bluetooth is enabled on your smartphone and the diffuser is within range. Restart the app and the diffuser.
- **Oil Leakage:** Ensure the essential oil bottle is securely capped and the atomizer head is properly locked. Avoid tilting the device after filling.

## 6. SPECIFICATIONS

---

Feature	Specification
Brand	NAMSTE
Model Name	AD-001
Product Dimensions	6.5"L x 3.35"W x 8.27"H
Coverage Area	Up to 3000 sq.ft
Capacity	300 Milliliters
Power Source	Corded Electric
Wattage	8 watts
Material	PP Plastic + Acrylic Panel
Special Features	APP Control, Child & Pet Friendly, Clock, Smart Oil Level Monitoring, Wall & Floor Mounted, Timer Setting, Cool Mist, Low Consumption, HVAC System Compatibility
Item Weight	3.25 pounds

## 7. SAFETY INFORMATION

---

- Do not mix water into the essential oil.
- Use only NAMSTE essential oils or compatible fragrance oils.
- Keep out of reach of children and pets.
- Ensure proper ventilation during use.

- Do not tilt the device after filling to prevent essential oil leakage.
- Always unplug the device before cleaning or refilling.
- Keep the device away from heat sources and direct sunlight.
- The intelligent tilt-sensor will instantly stop misting if the unit is tipped over.

## **8. WARRANTY AND SUPPORT**

---

The NAMSTE Smart Waterless Diffuser comes with a 1-year warranty. Lifetime support on parts is also available; customers are responsible for postage after the first year. For any inquiries or support, please contact NAMSTE customer service.

For additional information and support, visit the official NAMSTE website or contact customer service through the details provided in your product packaging.
