## PRODUCT OVERVIEW

### Key Features

- **Extended Playtime:** Up to 15 hours of continuous use on a single charge, with a total of 75 hours using the portable charging case. Features a dual LED display for battery status.
- **High-Fidelity Audio & Clear Calls:** Equipped with 14.2mm speaker drivers for deep bass and clear treble. ENC noise reduction microphones ensure crystal-clear calls by minimizing background noise.
- **Advanced Bluetooth 5.4:** Provides instant pairing and stable transmission up to 33ft (10 meters) with low latency and reduced power consumption.
- **Intuitive Button Control:** Physical buttons allow for easy control of music playback, call management, and voice assistant activation without needing to access your phone.
- **Ergonomic & Durable Design:** Features flexible TPU ear hooks for a secure and comfortable fit during sports. IPX7 waterproof rating protects against sweat and rain.

### Audio Quality

### Call Clarity

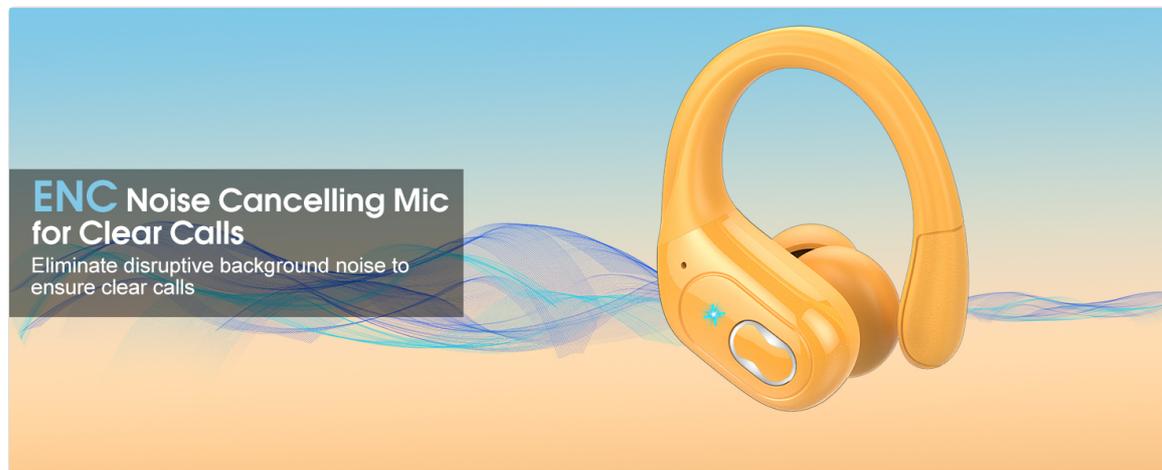

Image: The Aptkdoe HD65 earbud highlighting the ENC Noise Cancelling microphone, designed to eliminate background noise for clear communication.

## Connectivity

Image: The Aptkdoe HD65 earbud showcasing Bluetooth 5.4 technology, emphasizing its benefits such as a more stable connection, lower power consumption, lower latency, and longer transmission range.

## Durability

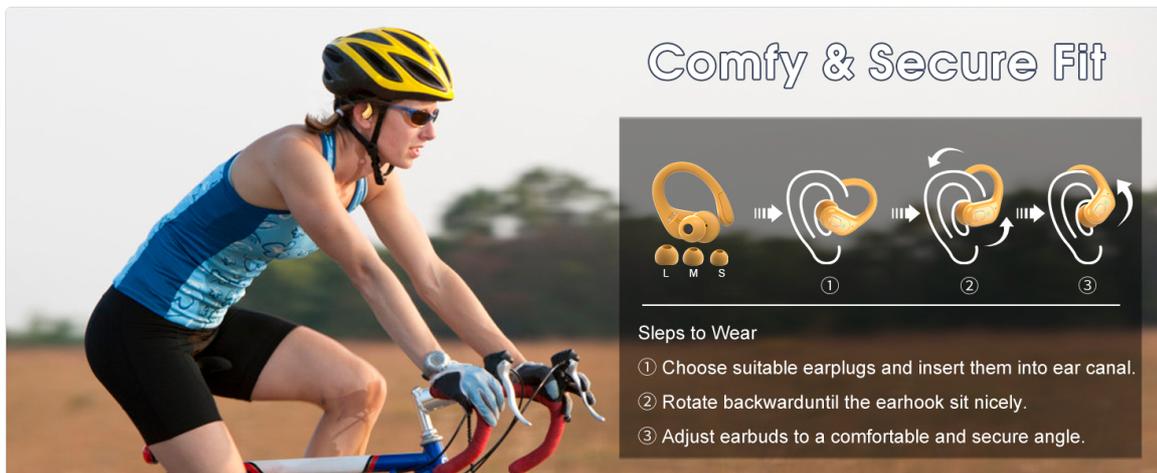

Image: The Aptkdoe HD65 earbud shown with water splashes, highlighting its IPX7 waterproof and sweat-resistant design, suitable for sports and outdoor activities.

## SETUP

### Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

1. Place the earbuds into the charging case. Ensure they are correctly seated.
2. Connect the USB-C charging cable to the charging port on the case and to a power source.
3. The dual LED display on the case will show the charging progress and battery levels for both the case and individual earbuds.

Image: A close-up view of the Type-C charging port on the Aptkdoe HD65 charging case, indicating where to connect the charging cable.

A full charge provides approximately 15 hours of listening time for the earbuds, and the charging case can provide an additional 5-6 full charges, totaling up to 75 hours of playtime.

Image: The Aptkdoe HD65 charging case illustrating the impressive battery life: 15 hours on a single earbud charge and up to 75 hours total with the charging case.

## Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "HD65" from the list of devices to connect.
4. Once connected, the earbuds will automatically pair with this device in the future when removed from the case.

## Wearing the Earbuds

For optimal sound quality and a secure fit, follow these steps:

1. Choose the earplugs (S, M, L) that best fit your ear canal.
2. Insert the earbud into your ear canal.
3. Rotate the earbud backward until the earhook sits comfortably and securely over your ear.
4. Adjust the earbud to a comfortable and secure angle.

## IPX7 Waterproof & Sweat Resistant

Thanks to its advanced IPX7 water resistance, the HD65 wireless earbuds can withstand exposure to sweat and rain without any damage, making them the perfect companion for sports.

## OPERATING INSTRUCTIONS

### Button Controls

The Aptkdoe HD65 earbuds feature physical buttons for easy control:

Function	Action
Volume Up	Long tap Right earbud (2s)
Volume Down	Long tap Left earbud (2s)
Next Track	Double tap Right earbud
Previous Track	Double tap Left earbud
Play/Pause	One tap Left or Right earbud
Answer Call	One tap Left or Right earbud
Hang Up Call	One tap Left or Right earbud
Voice Assistant	Quick Triple tap Left or Right earbud

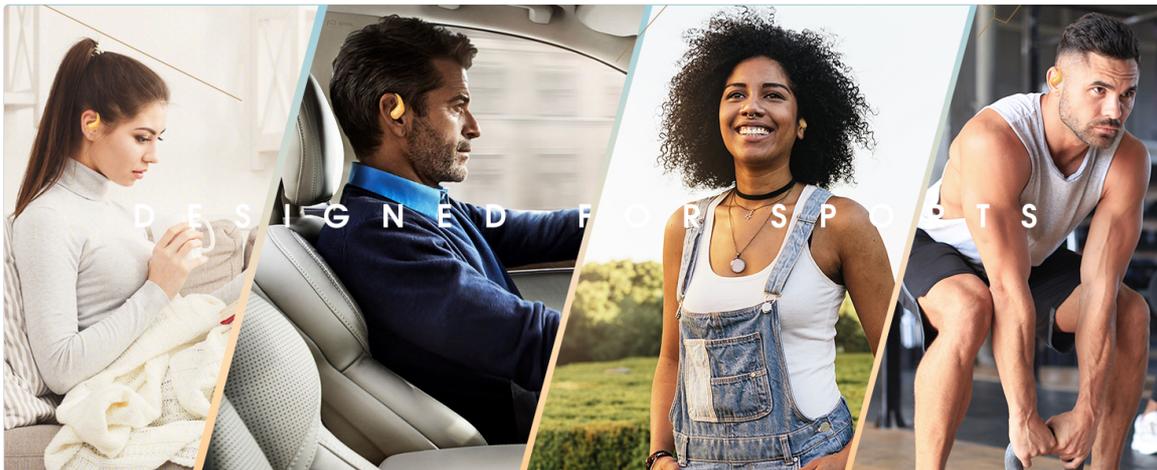

Image: A detailed diagram showing the button layout and corresponding functions on the Aptkdoe HD65 earbud,

including controls for volume, track navigation, answering/hanging up calls, and activating the voice assistant.

## MAINTENANCE

### Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Avoid using harsh chemicals or abrasive materials.

### Storage

- When not in use, store the earbuds in their charging case to protect them and keep them charged.
- Store in a cool, dry place away from extreme temperatures and direct sunlight.

### Water Resistance

The Aptkdoe HD65 earbuds are IPX7 waterproof, meaning they can withstand immersion in water up to 1 meter for 30 minutes. They are resistant to sweat and rain, making them suitable for workouts and outdoor activities. However, they are not designed for swimming or prolonged submersion.

## TROUBLESHOOTING

Issue	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget "HD65" from your device's Bluetooth list and re-pair.
No sound from one earbud	Place both earbuds back in the case, close it, then reopen. Check device's audio balance settings.
Charging case not charging	Ensure the USB-C cable is properly connected to both the case and power source. Try a different cable or power adapter.
Poor sound quality	Ensure earbuds are clean and ear tips provide a good seal. Move closer to your device to avoid interference.
Earbuds falling out	Try different sized ear tips. Adjust the earhooks for a more secure fit as described in the "Wearing the Earbuds" section.
