3. PRODUCT OVERVIEW

Familiarize yourself with the key components of your Smart Audio Sunglasses:

- **UV400 Lenses:** Provide 100% protection against harmful UVA/UVB rays.
- **Built-in Speakers:** Located in the temples for open-ear audio experience.
- **Microphone:** Integrated for clear hands-free calls with noise-canceling capabilities.
- **MFB (Multi-Function Button):** Controls power, play/pause, and call management.
- **Touch Area:** Located on the temple for volume adjustment and voice assistant activation.
- **Type-C Charging Port:** For recharging the sunglasses.

4. SETUP

4.1 Charging the Sunglasses

Before first use, ensure your sunglasses are fully charged. The charging port is discreetly located on the temple.

1. Locate the Type-C charging port on the right temple of the sunglasses.
2. Gently open the protective flap covering the port.
3. Connect the provided Type-C charging cable to the port and the other end to a USB power source.
4. A charging indicator light will illuminate. Charging typically takes approximately 2 hours for a full charge.
5. Once fully charged, disconnect the cable and securely close the protective flap.

Important Note:

- Do not use the sunglasses while they are charging.
- If the sunglasses do not power on, ensure they are fully charged first.

Smart Voice Assistant Command

Enjoy music, calls and navigate with free hands

4.2 Bluetooth Pairing

Your sunglasses use Bluetooth 5.2 for a stable and efficient connection.

1. Ensure the sunglasses are charged and powered off.
2. Press and hold the MFB (Multi-Function Button) on the right temple for approximately 2 seconds until you hear a "Power On" voice prompt and the indicator light flashes blue.
3. Continue holding the MFB button until the indicator light alternates between red and blue, indicating pairing mode.
4. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings and search for available devices.
5. Select "XO-E6" from the list to connect. You will hear a "Connected" voice prompt upon successful pairing.
6. The indicator light will then slowly flash blue.

5.3 Call Management

- **Answer Call:** Short press the MFB button once.
- **End Call:** Short press the MFB button once during a call.

- **Reject Call:** Press and hold the touch area for 2 seconds.

5.4 Voice Assistant

- **Activate Voice Assistant (Siri/Google Assistant):** Double-tap the MFB button.

6. FEATURES

- **UV400 Protection:** Lenses block 100% of harmful UVA and UVB rays, protecting your eyes.
- **Open-Ear Audio:** Dual stereo speakers deliver high-quality sound without blocking ambient noise, ensuring situational awareness.
- **Noise-Canceling Microphone:** Provides clear voice quality during calls by reducing background noise.
- **Lightweight Design:** Comfortable for extended wear, making them suitable for various activities.
- **Long Battery Life:** Up to 8 hours of continuous use on a single charge, with a standby time of 200 hours.
- **Wide Compatibility:** Compatible with both iOS and Android devices via Bluetooth 5.2.

7. MAINTENANCE

- **Cleaning:** Use the provided cleaning cloth to gently wipe the lenses and frame. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the sunglasses in their protective case to prevent scratches and damage.
- **Water Exposure:** While designed for outdoor use, avoid submerging the sunglasses in water. Wipe off any moisture immediately.
- **Temperature:** Do not expose the sunglasses to extreme temperatures (hot or cold) for prolonged periods.

8. TROUBLESHOOTING

Problem	Possible Solution
Sunglasses won't power on.	Ensure the battery is fully charged. Connect to the charging cable for at least 2 hours.

Problem	Possible Solution
Cannot pair with device.	<p>Make sure Bluetooth is enabled on your device.</p> <p>Ensure the sunglasses are in pairing mode (alternating red/blue indicator light).</p> <p>Move the sunglasses closer to your device.</p> <p>Forget "XO-E6" from your device's Bluetooth list and try pairing again.</p>
No sound or low volume.	<p>Check the volume level on both the sunglasses (touch area) and your connected device.</p> <p>Ensure the sunglasses are properly connected via Bluetooth.</p>
Call quality is poor.	<p>Ensure the microphone is not obstructed.</p> <p>Move to an area with less background noise.</p> <p>Check your device's network signal.</p>
