## PRUNUS A10

# PRUNUS A10 Wireless Voice Amplifier User Manual

Model: A10

## 1. INTRODUCTION

---

The PRUNUS A10 Wireless Voice Amplifier is designed to amplify your voice for various settings such as classrooms, speeches, training sessions, and outdoor activities. It features a wireless lavalier microphone, a built-in charging case, and multiple connectivity options.

## 2. WHAT'S IN THE BOX

---

- Voice Amplifier Unit
- Wireless Lavalier Microphone
- Pearl Chain
- Shoulder Strap
- USB Charging Cable
- Wired Headset Microphone (optional use)

## 3. SETUP

---

### 3.1 Initial Charging

Before first use, fully charge both the voice amplifier and the wireless lavalier microphone.

1. Connect the USB charging cable to the amplifier's charging port.
2. Insert the wireless microphone into its designated slot on the amplifier for charging.
3. Ensure both devices indicate a full charge before proceeding.

## All-in-One Charging &

The wireless lavalier microphone charges when inserted into the amplifier's side slot.

### 3.2 Automatic Pairing

The wireless lavalier microphone and amplifier are designed for automatic pairing. Once both devices are powered on, they should connect automatically.

### 3.3 Wearing Options

The amplifier offers multiple ways to wear it for hands-free convenience:

- **Pearl Chain:** Wear it around your neck.
- **Shoulder Strap:** Use it crossbody or over the shoulder.
- **Back Clip:** Clip it to your waist or clothing.

## Storage wireless Clip-on MIC

Charge Anywhere and Anytime, Store with Ease

Various wearing options for the PRUNUS A10 voice amplifier.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off

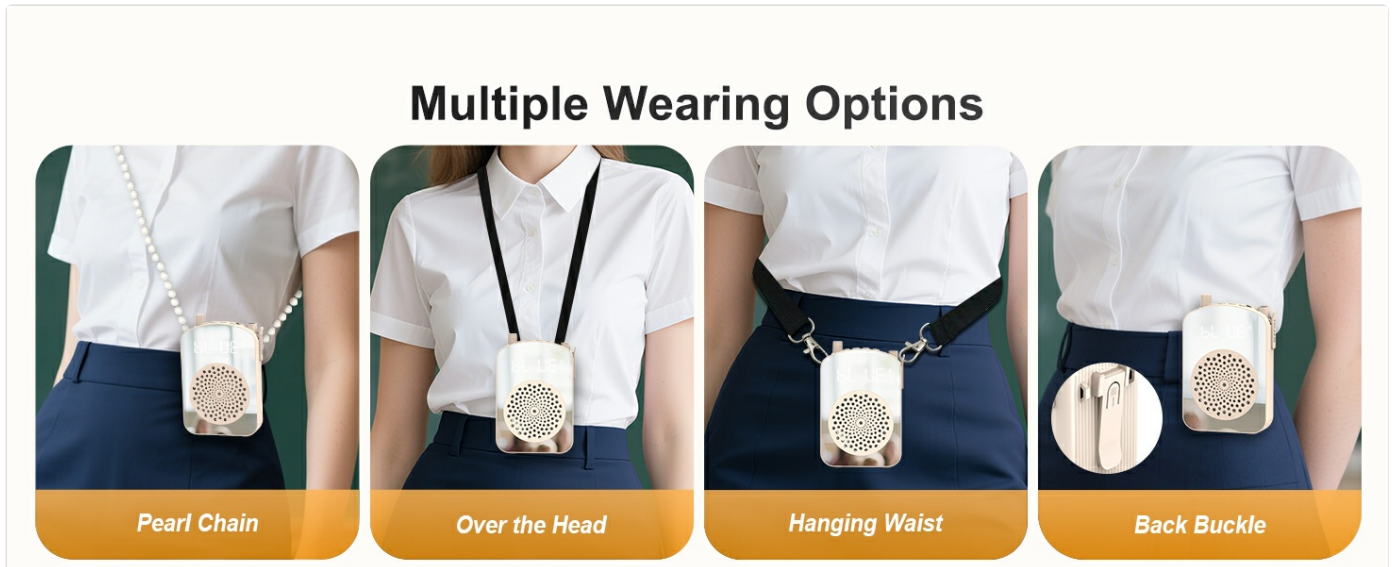

1. To power on the amplifier, rotate the **AUDIO VOL** knob clockwise until the display illuminates.
2. To power on the wireless microphone, press and hold its power button.

3. To power off, rotate the **AUDIO VOL** knob counter-clockwise until the display turns off, and press and hold the microphone's power button.

## 4.2 Volume Adjustment

Adjust the volume for both the speaker and the microphone independently:

1. **Speaker Volume:** Rotate the **AUDIO VOL** knob on the amplifier.
2. **Microphone Volume:** Use the **MIC VOL** knob on the amplifier.

Adjusting Audio Volume and Microphone Volume on the amplifier.

## 4.3 Mute/Unmute Function

The wireless lavalier microphone features a one-touch mute button for convenience:

1. Press the mute button on the wireless microphone once to mute your voice.
2. Press it again to unmute.

## 4.4 Connectivity Options

The amplifier supports various audio input methods:

- **Bluetooth 5.0:** Pair with compatible devices for wireless audio playback.
- **AUX Input:** Connect external audio sources using an AUX cable.
- **TF Card Slot:** Insert a TF card for direct audio playback.
- **USB Player:** Insert a USB drive for direct audio playback.

# Powerful 15W Output

Your Clear Voice Covers in **10,000** sq-ft

The amplifier supports Bluetooth, AUX, TF card, and USB playback.

## 4.5 Usage Scenarios

The PRUNUS A10 is suitable for a range of applications:

- Teaching in classrooms.
- Public speaking and presentations.
- Tour guiding.
- Outdoor activities and events.

The voice amplifier is suitable for various professional and recreational settings.

## 5. MAINTENANCE

### 5.1 Battery Life and Charging

The amplifier features a 3000mAh battery, providing up to 12 hours of continuous use. The wireless microphone lasts up to 10 hours on a full charge.

Battery life indicators for the amplifier and wireless microphone.

## 5.2 General Care

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, moisture, or direct sunlight.
- Store the device in a cool, dry place when not in use.

## 6. TROUBLESHOOTING

---

### 6.1 Preventing Feedback or Distortion

To prevent audio feedback or distortion:

1. Maintain a distance of at least 40 cm (15.7 inches) between the wireless microphone and the amplifier.
2. Avoid placing the microphone directly in front of the amplifier speaker.

The amplifier utilizes DSP noise reduction technology for clear sound.

### 6.2 Connectivity Issues

- Ensure both the amplifier and microphone are powered on and fully charged.
- If using Bluetooth, ensure the amplifier is in Bluetooth mode and your device's Bluetooth is enabled and paired.

- For wired connections (AUX, headset mic), ensure cables are securely plugged into the correct ports.
