PawHut D02-074V81GY

PawHut Dog Crate Furniture User Manual

Model: D02-074V81GY

INTRODUCTION

Thank you for choosing the PawHut Dog Crate Furniture. This versatile piece serves as both a comfortable and secure kennel for your pet and a stylish end table for your home. Designed for convenience and durability, it features a solid structure, magnetic doors, and adjustable feet. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage:

- Ensure all parts are securely fastened before allowing your pet to use the crate.
- Do not exceed the maximum weight capacity of 110 lbs (50 kg) for both the top surface and the interior.
- This product is designed for indoor use only.
- Regularly inspect the crate for any loose parts or damage. Discontinue use if any damage is found.
- Keep small children away from the assembly area and ensure they do not play with the product unsupervised.
- Ensure your pet's size and weight are suitable for this crate. It is designed for smaller extra large dogs less than 25.6" (65 cm) in body length and 77 lbs (35 kg) in weight.

MULTIFUNCTION

Dog Cage

Side Table

SETUP AND ASSEMBLY

This dog crate furniture is designed for easy assembly. While specific step-by-step diagrams are not provided here, the general process involves connecting the pre-fabricated panels using the included hardware. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out. Verify all hardware and panels are present according to the packing list (refer to the product's original packaging for the complete list).
- 2. Assemble Frame:** Begin by connecting the side panels to the base and top panels. Ensure all connections are firm and aligned.
- 3. Install Doors:** Attach the magnetic double doors to the front frame using the provided hinges. Ensure the doors swing freely and the magnetic latch engages properly.

4. **Attach Adjustable Feet:** Screw the adjustable feet into the designated holes on the bottom of the unit. These feet help stabilize the crate on uneven surfaces and protect the base from moisture.
5. **Final Inspection:** Once assembled, gently shake the unit to ensure stability. Tighten any loose screws if necessary.

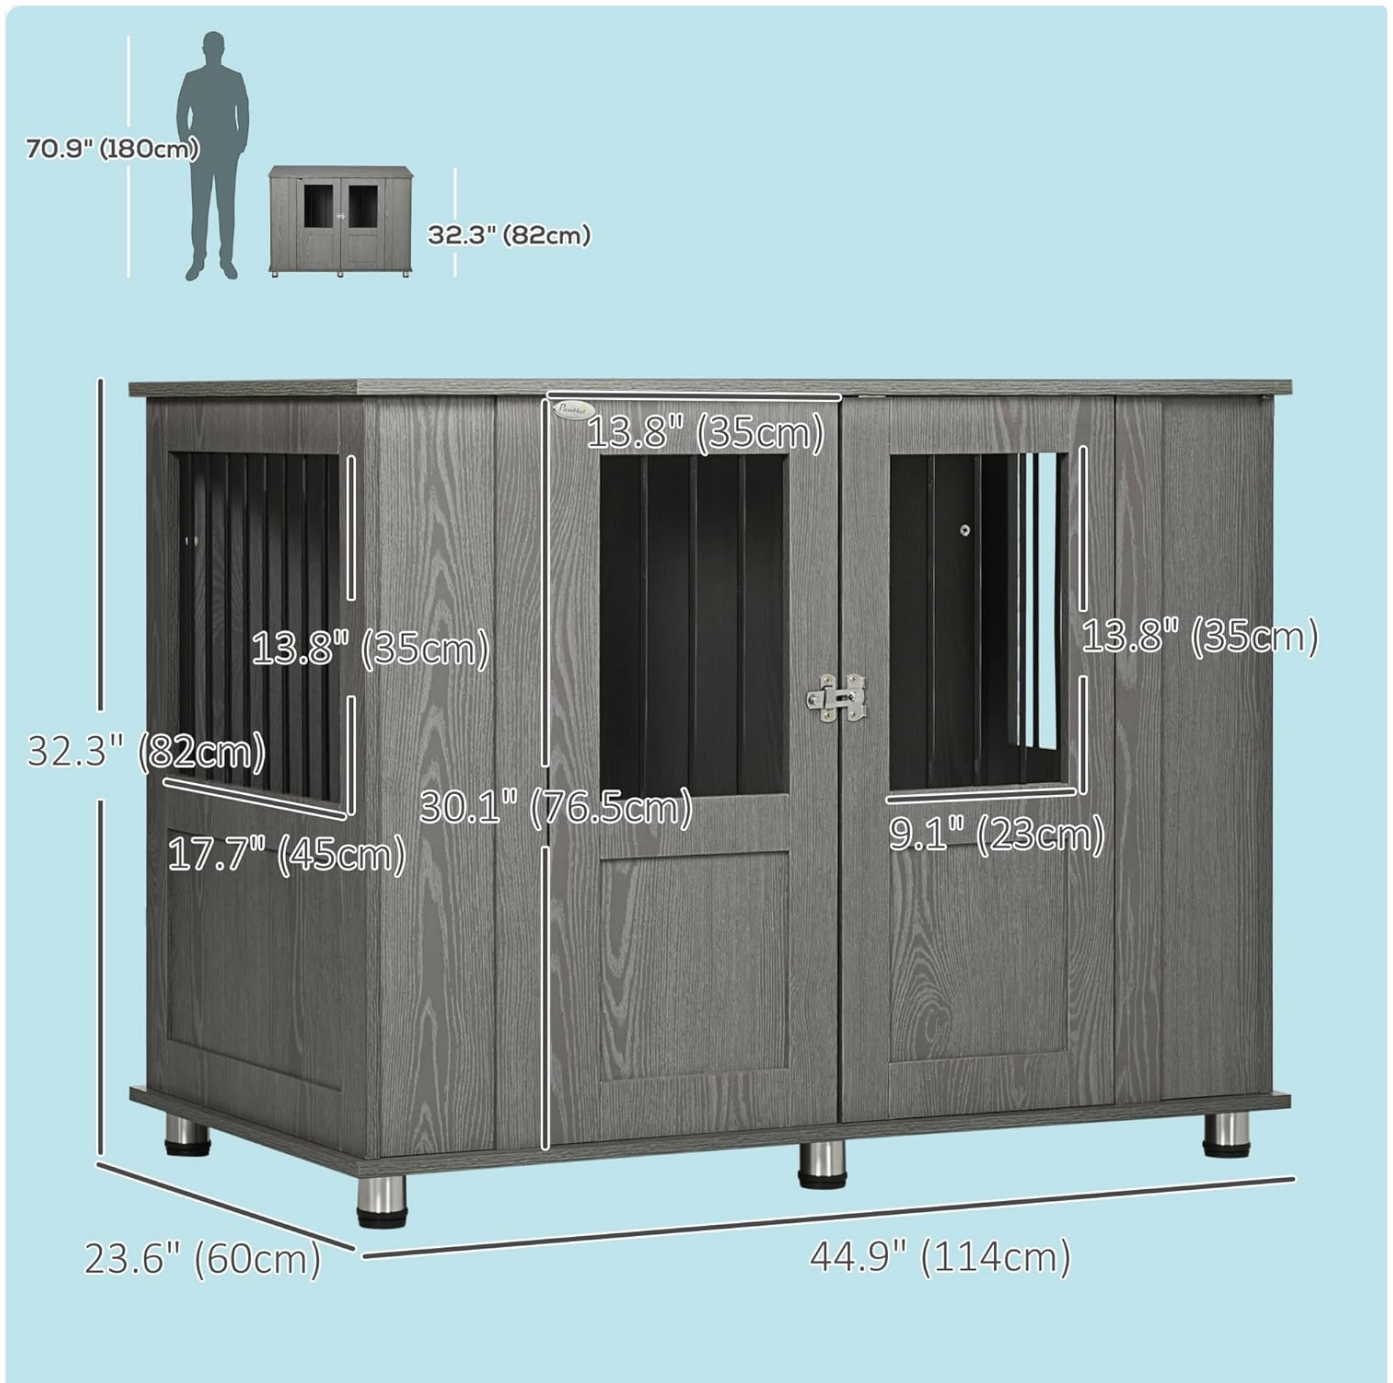

Figure 3: Detail of the adjustable feet. These feet allow for minor height adjustments to ensure the crate remains stable and level on various floor types, preventing wobbling and protecting the base.

OPERATING INSTRUCTIONS

The PawHut Dog Crate Furniture is designed for ease of use and versatility.

- **Using as a Dog Kennel:**

Open the magnetic double doors to allow your pet to enter or exit. The latch mechanism provides secure confinement when the doors are closed. The steel wire windows on the front and sides ensure proper ventilation and visibility for your pet.

ADJUSTABLE FEET

Figure 4: Close-up of the magnetic door and safety latch. This image highlights the secure locking mechanism and the magnetic design that keeps the doors closed, ensuring your pet's safety inside the kennel.

- **Using as Furniture:**

The flat-top roof of the crate can be used as an end table or a storage surface for pet supplies, books, or decorative items. Its rustic aesthetic allows it to blend seamlessly with various home decors.

Figure 5: Depiction of the product's dual functionality. One side shows it as a comfortable dog cage with a pet inside, while the other illustrates its use as a stylish side table, demonstrating its versatility in a home environment.

MAINTENANCE

To ensure the longevity and appearance of your PawHut Dog Crate Furniture, follow these simple maintenance tips:

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the wood-like finish.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Avoid Moisture:** While the adjustable feet help, avoid prolonged exposure to excessive moisture to prevent damage to the engineered wood.

Figure 6: Image demonstrating how to clean the product. A hand is shown wiping the top surface with a cloth, illustrating the ease of maintenance for the furniture.

TROUBLESHOOTING

If you encounter any issues with your dog crate furniture, refer to the following common solutions:

- **Crate is Wobbly:**

Check if all assembly screws are tightened. Adjust the height of the adjustable feet on the bottom of the unit to compensate for uneven flooring until the crate is stable.

- **Doors Do Not Close Properly:**

Ensure the hinges are correctly aligned and securely fastened. Check if the magnetic latch is unobstructed and properly engaging with the strike plate.

- **Pet Does Not Enter Crate:**

Ensure the crate is placed in a comfortable and quiet area. Introduce your pet to the crate gradually with positive

reinforcement, such as treats or toys. Never force your pet into the crate.

SPECIFICATIONS
