Merax Queen Size Murphy Bed B0F191FW3C

Merax Queen Size Murphy Bed with LED Lights Instruction Manual

Model: Queen Size Murphy Bed B0F191FW3C | Brand: Merax

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Merax Queen Size Murphy Bed with LED Lights. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This product is designed to offer a space-saving sleeping solution with integrated storage and lighting.

2. SAFETY INFORMATION

Important Safety Warnings:

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assembly requires at least two adults. Do not attempt to assemble alone.
- The Murphy bed must be securely anchored to a wall. Failure to do so can result in serious injury. Minimum ceiling height of anchoring wall is 91.1 inches.
- Do not exceed the maximum weight capacity of 600 pounds (272.16 kg) for the bed, including the mattress.
- Use only the recommended mattress thickness of 8 inches.
- When operating the bed, ensure a clearance of 30 to 36 inches around the open bed to make getting in and out of bed easier.
- Periodically check all connections and fasteners to ensure they remain tight.

3. PACKAGE CONTENTS

Your Merax Murphy Bed is shipped in three packages. Please verify that all components and hardware are present before beginning assembly. Refer to the detailed parts list provided in your separate assembly guide for specific component identification.

7. **Final Checks:** Before first use, double-check all screws, bolts, and connections to ensure they are tight and secure. Test the folding mechanism slowly to confirm smooth operation.

5. OPERATING INSTRUCTIONS

The Merax Murphy Bed is designed for easy conversion between a cabinet and a bed.

5.1. Unfolding the Bed

1. Ensure the area in front of the cabinet is clear of obstructions, allowing for the full extension of the bed.
2. Gently pull on the handles located on the front panels of the cabinet.
3. As the bed frame begins to lower, guide it smoothly towards the floor.
4. Once fully extended, ensure the support legs are firmly on the floor and locked into position.

5.2. Folding the Bed

1. Remove all bedding and pillows from the bed surface.

2. Lift the bed frame from the foot end, disengaging the support legs.
3. Guide the bed frame upwards into the cabinet opening.
4. Push the front panels firmly until they latch securely, transforming the bed back into a cabinet.

5.3. Using the LED Lights

The integrated LED lights provide ambient lighting. Refer to the specific instructions for the LED light kit for details on power connection and operation (e.g., switch location, dimming functions).

6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically inspect all screws, bolts, and connections. Tighten any loose fasteners to ensure

stability and safety.

- **Mechanism Lubrication:** If the folding mechanism becomes stiff, apply a small amount of silicone-based lubricant to the moving parts as recommended in the detailed assembly guide.
- **LED Lights:** If LED lights malfunction, check connections. Do not attempt to repair electrical components unless qualified.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed does not fold/unfold smoothly.	Obstruction, loose hardware, mechanism needs lubrication.	Check for obstructions. Tighten all fasteners. Apply lubricant to moving parts.
LED lights not working.	Power connection issue, faulty switch, damaged LED strip.	Verify power connection. Check switch operation. Contact customer support if lights remain off.
Bed feels unstable.	Not properly anchored to the wall, loose fasteners.	Ensure wall anchoring is secure. Re-tighten all assembly fasteners.
