Zevemomo Twin Bed Frame User Manual

Model: 312TWB4DBROWN

INTRODUCTION

Thank you for choosing the Zevemomo Twin Bed Frame. This bed frame is designed to provide a comfortable sleeping solution with added functionality, including integrated storage drawers, customizable LED lighting, and a convenient charging station. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product.

Key Features:

- **Integrated Storage:** Four spacious drawers located at the foot of the bed for organizing bedding, clothing, and personal items.
- **Convenient Charging Station:** Headboard includes 2 standard AC outlets and 2 USB ports with a 7ft power cord for easy device charging.
- **Customizable LED Lighting:** Features 16 RGB LED light color options with adjustable brightness, mode, and timer functions.
- **Durable Construction:** Heavy-duty metal frame with sturdy steel slats provides reliable mattress support without the need for a box spring.

SETUP AND ASSEMBLY

Assembly of the Zevemomo Twin Bed Frame is designed to be straightforward. All necessary components and an installation manual are included in one package. It is recommended that two people assemble the bed frame, which typically takes less than an hour.

Before You Begin:

- Verify all parts are present by comparing them with the included parts list.
- Clear an adequate workspace.
- Keep all tools and hardware organized.

Assembly Steps:

1. Follow the step-by-step instructions provided in the separate installation manual.

2. Ensure all connections are securely tightened to maintain frame stability.

3. Install the metal slats evenly across the frame for proper mattress support.

4. Attach the headboard and footboard, ensuring the charging station and drawer mechanisms are correctly aligned.

LED Lighting:

The bed frame features 16 RGB LED light colors. The lighting can be controlled via an included remote or a dedicated mobile application. Functions include:

- **Color Selection:** Choose from 16 distinct colors.
- **Brightness Adjustment:** Increase or decrease light intensity.
- **Mode Selection:** Cycle through various lighting effects (e.g., static, fade, strobe).
- **Timer Function:** Set the lights to turn off automatically after a specified period.
- **Music Mode:** Lights can react to sound (if supported by the controller/app).
- **Mic Mode:** Lights can react to voice/sound picked up by a microphone (if supported by the controller/app).

MAINTENANCE

Cleaning:

- Wipe metal and wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- For the fabric drawers, spot clean with a mild detergent and water if necessary. Allow to air dry completely.

Regular Checks:

- Periodically check all bolts and screws to ensure they remain tight. Retighten as needed to maintain stability.
- Inspect the LED light strips and charging station for any signs of wear or damage.
- Ensure drawers slide smoothly. Clean any debris from the drawer tracks if they become stiff.

Important: Do not exceed the weight capacity of 300 pounds for the bed frame.

TROUBLESHOOTING

LED Lights Not Working:

- **Check Power:** Ensure the bed frame's power cord is securely plugged into a functional wall outlet.
- **Remote/App:** Verify the remote control has working batteries or the mobile app is correctly paired and functioning.
- **Connections:** Inspect the LED strip connections to the power source and controller for any loose wires.

Charging Station Not Functioning:

- **Power Connection:** Confirm the bed frame's main power cord is plugged in.
- **Device Compatibility:** Ensure your device and charging cable are compatible and working correctly.
- **Overload:** Avoid plugging in too many high-power devices simultaneously, which could trip a circuit.

Drawers Are Sticking or Not Sliding Smoothly:

- **Check for Obstructions:** Remove any items that might be blocking the drawer's path or tracks.
- **Even Loading:** Distribute the weight of items inside the drawers evenly.
- **Alignment:** Ensure the drawers are correctly seated in their tracks.

Bed Frame Feels Unstable or Squeaks:

- **Tighten Connections:** Re-check and tighten all assembly bolts and screws.
- **Level Surface:** Ensure the bed frame is on a flat, level surface.
- **Slats Placement:** Verify that all metal slats are correctly positioned and secured.
