## 5. MAINTENANCE

## 5.1 Cleaning

- Wipe the playset and figures with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners.
- Ensure all parts are dry before storage.

## 5.2 Battery Replacement (LED Crystal)

- Locate the battery compartment on the underside of the light-up crystal unit.
- Using a small screwdriver, open the compartment.
- Replace the old batteries with 3 new LR44 batteries, ensuring correct polarity.
- Securely close the battery compartment.

# 6. TROUBLESHOOTING

## 6.1 Assembly Difficulties

- If parts are difficult to connect, ensure they are correctly aligned and apply firm, even pressure. Avoid forcing parts at an angle.
- Refer to the assembly video (Video 1) or the official Schleich website for detailed visual instructions.

## 6.2 Malfunctioning Features

- **LED Crystal not lighting up:** Check battery installation and replace with fresh LR44 batteries if necessary.
- **Missile launchers not firing:** Ensure projectiles are correctly loaded and the activation button is fully pressed. Check for any obstructions.
- **Trap doors or stairs not operating smoothly:** Inspect for any small debris or misaligned parts that might be causing a jam.
