CG MOBILE iPhone 16e Case

User Manual

CG MOBILE Guess 4G Script Logo Compatible with MagSafe Case for iPhone 16e

Model: iPhone 16e Case

Introduction

This manual provides essential information for the proper installation, usage, and maintenance of your CG MOBILE Guess 4G Script Logo Compatible with MagSafe Case for iPhone 16e. This case is designed to offer both protection and an elegant aesthetic for your device.

The Guess 4G Script Logo case combines exceptional functionality with a unique design, featuring a characteristic 4G pattern and a subtle Guess logo. It is engineered to protect your iPhone 16e from drops while maintaining full access to all ports and buttons.

Key Features

- **Premium Design:** Features the iconic Guess 4G pattern and a metallic Guess script logo.
- **Durable Construction:** Made from a combination of TPU and PC materials for robust protection.
- **Drop Protection:** Effectively cushions drops and impacts to safeguard your device.
- **MagSafe Compatibility:** Built-in magnets ensure stable and secure connection with MagSafe accessories for wireless charging and other magnetic attachments.
- **Precise Fit:** Designed with precise cutouts for full access to ports, speakers, and buttons.
- **Raised Edges:** Slightly raised outer edges protect your phone screen and camera from direct surface contact.
- **Easy Installation:** Flexible sides allow for simple installation and removal of the case.

Installation Guide

Follow these steps to properly install the case on your iPhone 16e:

1. Ensure your iPhone 16e is clean and free of dust or debris.
2. Hold the case with the back facing you and the top opening aligned with your phone's camera.
3. Gently insert the top of your iPhone 16e into the top of the case, ensuring the camera aligns with the cutout.
4. Press the remaining edges of the phone into the case, working your way around until all corners are securely fitted.

The flexible sides will assist in this process.

5. Verify that all buttons and ports are accessible and that the case fits snugly around your device.

Usage Instructions

Once installed, your CG MOBILE Guess 4G Script Logo case is ready for daily use. The case provides continuous protection against everyday bumps and scratches.

MagSafe Compatibility: The integrated magnets within the case allow for seamless compatibility with MagSafe accessories. Simply align your MagSafe charger or accessory with the back of the case, and the magnets will ensure a secure and stable connection for efficient wireless charging or accessory attachment.

Ensure that no foreign objects are placed between the phone and the case, as this may affect fit or MagSafe functionality.

Care and Maintenance

To keep your case in optimal condition, follow these simple cleaning guidelines:

- Remove the case from your iPhone 16e before cleaning.
- Wipe the case gently with a soft, damp cloth.
- For stubborn dirt, a small amount of mild soap can be used, but avoid harsh chemicals or abrasive cleaners.
- Allow the case to air dry completely before reattaching it to your phone.

Troubleshooting

Most issues with a phone case are related to fit or cleanliness. If you encounter any problems:

- **Case does not fit properly:** Ensure you have the correct model case for your iPhone 16e. Remove the case and re-install it, making sure all corners are fully seated.
- **MagSafe accessories not attaching securely:** Check for any debris or foreign objects on the back of the case or the MagSafe accessory. Ensure the accessory is genuinely MagSafe compatible.
- **Case appears dirty:** Refer to the "Care and Maintenance" section for cleaning instructions.

If issues persist, please contact CG MOBILE customer support.
