Aivituvin GPC-53-WZ

Aivituvin GPC-53-WZ 2-Story Indoor Rabbit Hutch & Guinea Pig Cage Instruction Manual

1. Introduction

Thank you for choosing the Aivituvin GPC-53-WZ 2-Story Indoor Rabbit Hutch and Guinea Pig Cage. This manual provides detailed instructions for the assembly, setup, operation, and maintenance of your new pet habitat. Please read this manual thoroughly before assembly and use to ensure proper function and the safety of your pets.

2. Safety Information

- Always supervise children around the pet hutch.
- Ensure all parts are securely fastened before placing pets inside.
- Do not modify the hutch in any way that could compromise its structural integrity or pet safety.
- Place the hutch on a flat, stable surface to prevent tipping.
- Keep the hutch away from direct sunlight, extreme temperatures, and drafts.
- This hutch is designed for indoor use. While durable, prolonged outdoor exposure may reduce its lifespan.
- Regularly inspect the hutch for any damage or loose parts that could harm your pet.

3. Package Contents

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Wooden panels and frame components
- 1 x Wire Mesh (for floor)
- 1 x Plastic Tray (deep removable tray)
- 1 x Plastic Tray (removable PVC mat)
- 1 x Rest House
- Chew-proof ramp

- Hardware set (screws, latches, hinges)
- Instruction manual

4. Assembly Instructions

Assembly typically takes 30 minutes with 1-2 persons. A complete hardware set with pre-drilled holes is included. For easier solo assembly, consider using slow-drying wood adhesive. Tighten paired screws evenly rather than one at a time. Unpack all wooden parts and air them out for two full days before assembly to dissipate any natural wood scent.

Assembly Steps:

1. Identify all components and hardware using the parts list.
2. Follow the step-by-step diagrams provided to connect the base frame.
3. Attach the side and back panels, ensuring they are aligned correctly.

4. Install the internal divider and the chew-proof ramp between levels.
5. Secure the upper level floor and the rest house.
6. Attach the front doors and the top roof panel, ensuring hinges and latches function smoothly.
7. Insert the movable wire mesh and the deep pull-out plastic tray into the designated slots.
8. Place the removable PVC mat on the bottom of the tray for added leak protection and easy cleaning.
9. If using the stand, attach the four legs to the base of the hutch. Ensure all leg connections are secure.
10. Double-check all screws and connections to ensure the hutch is stable and secure.

5. Setup

Once assembled, choose a suitable location for your pet hutch. This hutch is designed for indoor use, providing a safe and comfortable environment for your small animals.

- **Placement:** Select a quiet, stable area away from direct sunlight, drafts, and loud noises.
- **Bedding:** Line the bottom of the hutch with appropriate bedding material suitable for your pet (e.g., hay, paper-based bedding).
- **Food and Water:** Place food and water dishes or bottles in easily accessible locations within the hutch.
- **Accessories:** Add toys, tunnels, or other enrichment items to enhance your pet's environment.

Figure 5.1: The hutch can be used with or without its detachable legs, offering versatile placement options.

6. Operating the Hutch

The Aivituvin GPC-53-WZ hutch is designed for ease of use and pet comfort.

- **Multi-Level Design:** The 2-in-1 multi-level design provides separate areas for sleeping, eating, and playing. The chew-proof ramp allows easy access between levels.
- **Access:** The hutch features an openable roof and two openable front doors for easy access to your pets and for cleaning.
- **Chew-Proof Features:** The upgraded aluminum alloy framing, anti-chew arched door, ramp, and panel edges are designed to resist chewing and ensure durability.
- **Ventilation:** Dense mesh wire panels provide ample ventilation while keeping your pets secure.

7. Maintenance and Cleaning

Regular cleaning is essential for maintaining a hygienic and odor-free habitat for your pets.

- **Daily Cleaning:** Remove soiled bedding and waste daily.
- **Tray Cleaning:** The deep removable tray and convenient side door allow for quick removal of waste. The leak-proof PVC layer and plastic tray are easy to clean with mild soap and water. Ensure the tray is completely dry before returning it to the hutch.
- **Weekly Deep Clean:** Once a week, remove all bedding, clean and disinfect the entire hutch with pet-safe cleaners. Rinse thoroughly and allow to air dry completely before adding fresh bedding and returning your pets.
- **Cooling Tray:** If using the galvanized metal cooling tray (sold separately), keep it out of direct sunlight to preserve its cooling performance.

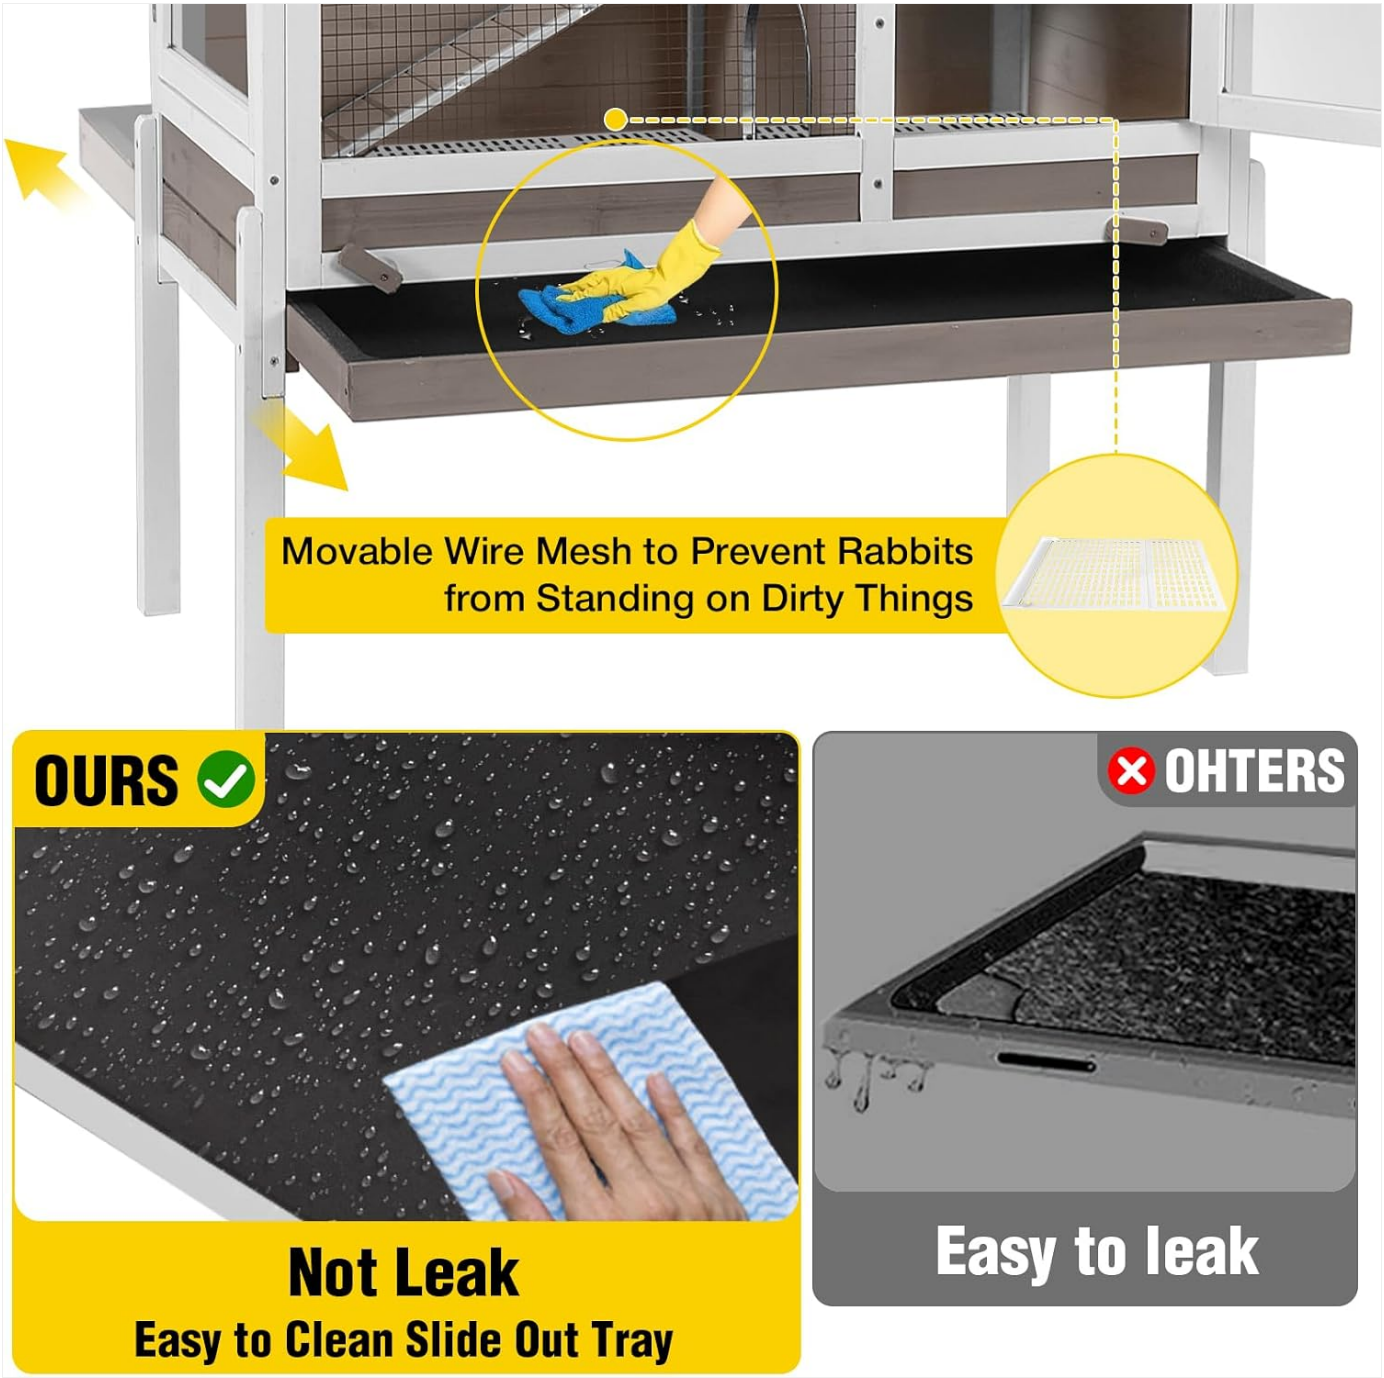

Figure 7.1: Easy cleaning features with leak-proof tray and wire mesh.

8. Troubleshooting

- **Urine Leakage:** If you experience urine leakage, ensure the removable plastic tray is correctly seated and the PVC mat is properly positioned within the tray. Check for any gaps between the tray and the hutch frame. Ensure the hutch is on a level surface.
- **Pet Chewing:** While the hutch features chew-resistant elements, some determined chewers may still attempt to gnaw on unprotected wood. Provide ample chew toys and enrichment to redirect this natural behavior. Regularly inspect for damage.
- **Stability Issues:** If the hutch feels unstable, re-check all screw connections and ensure they are tightened evenly. Verify that the hutch is placed on a completely flat and stable surface.

9. Specifications

Product Dimensions (L x W x H)	36.6" x 19.6" x 36.6"
Item Model Number	GPC-53-WZ
Material	Wood, Aluminum Alloy, PVC
