Assembly Tips:

- Unpack all components and verify against the parts list in the manual before starting.
- Assemble on a soft, clean surface to prevent scratching the furniture.
- Do not fully tighten all screws until the entire unit is assembled and aligned.

- **Electrical Components:** Ensure the power strip and LED mirror components remain dry. Disconnect from power before cleaning or if any issues arise.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Stability Check:** Regularly check all screws and fasteners to ensure they remain tight, especially after initial assembly and moving the unit.
