## 2. WHAT'S IN THE BOX

Your Penstar eNote bundle includes the following components:

- Penstar eNote Innovative Paper Tablet
- B5 Pen with 4 Spare Nibs Inside + Spare Nibs Kit (10 Nibs)
- Leather Folio with Pen Position
- Cable USB A to Type C
- Quick User Guide

# Stylish and Functional Cover

Keep both your tablet and stylus safe

A full protection plan for your Penstar and Digital Stylus, made from vegan leather, offering peace of mind wherever you go.

## 3. SETUP

### 3.1 Initial Charging

Before first use, fully charge your Penstar eNote using the provided USB-A to USB-C cable. Connect the USB-C end to the tablet's port and the USB-A end to a compatible power adapter (not included) or computer USB port.

### 3.2 Attaching the Folio Cover

Align the Penstar eNote with the magnetic folio cover. The cover will securely attach to the tablet, providing protection and a convenient holder for your stylus.

### 3.3 Stylus Usage

The Digital Stylus B5 requires no charging or setup. It is ready for immediate use. The stylus can be stored in the designated position on the folio cover.

Figure 3: The stylus attaches magnetically to the folio cover for secure storage.

### 3.4 Powering On/Off

To power on the device, press and hold the power button located on the side of the tablet until the screen illuminates. To power off, press and hold the power button and select 'Power Off' from the on-screen options.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 PureView Display

The 10.3-inch pen-only ePaper display mimics real paper, offering superior clarity and comfort without touch distractions or backlighting. This PureView screen technology is designed for an immersive writing and reading experience.

Figure 4: The PureView display offers a paper-like writing and reading experience.

## 4.2 Note-taking

The eNote is optimized for note-taking with various tools and features.

- **Creating New Notes:** From the home screen, tap on 'New note' to open a blank page.
- **Handwriting to Text Conversion:** Utilize MyScript technology to instantly convert your handwritten notes into editable text. This feature enhances organization and searchability.
- **Stylus Pressure Sensitivity:** The advanced stylus offers 8192 levels of pressure sensitivity for precise sketching, brainstorming, and markup.
- **Eraser Function:** The stylus has a built-in eraser. You can also select different eraser types (selection, erase all) from the on-screen menu.
- **Templates:** Choose from a variety of templates including basic, planning, creative, lifestyle, and custom layouts to suit your needs.
- **Recording:** Record lectures, meetings, or brainstorming sessions alongside your handwritten notes using the advanced noise reduction Four-MIC array. The built-in speaker allows for listening to audiobooks or reviewing recorded content.

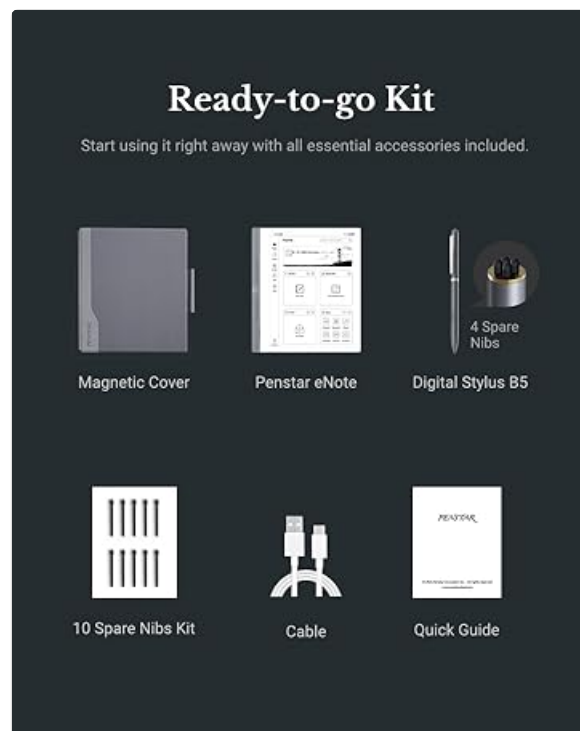

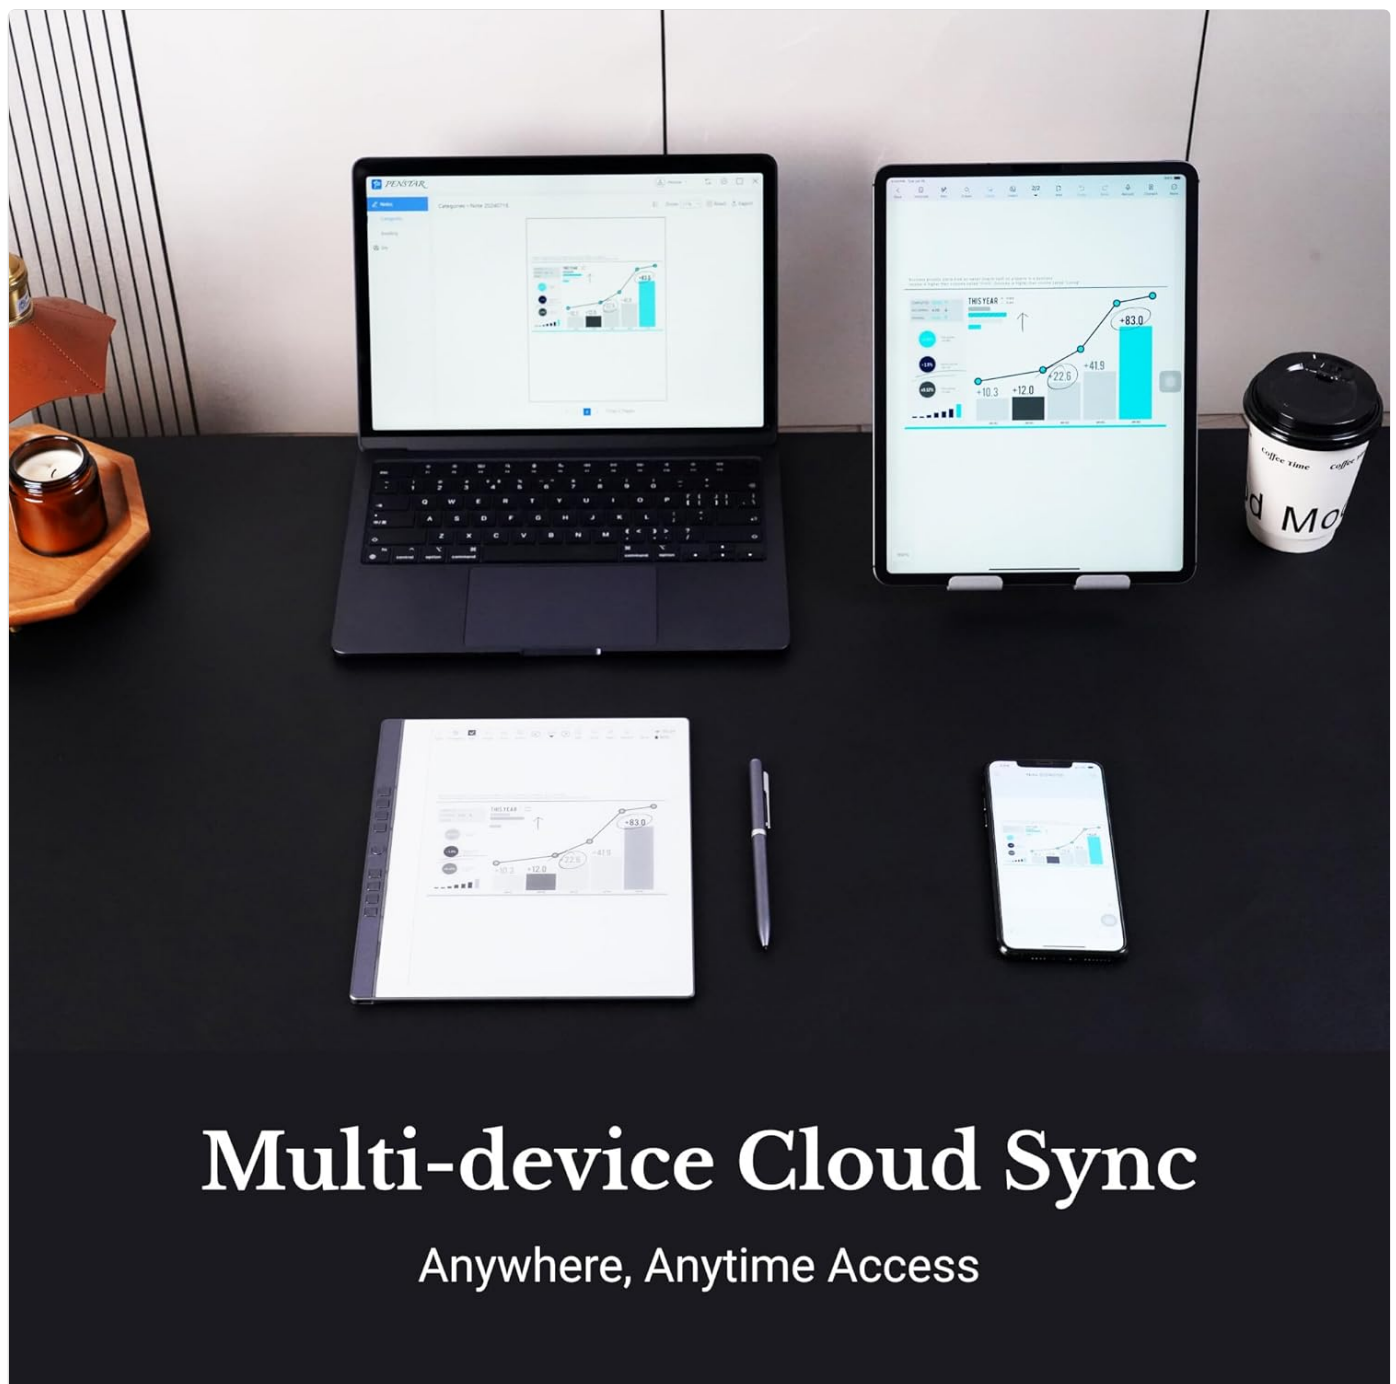

Figure 6: The Digital Stylus B5 offers 8192 levels of pressure sensitivity for precise input.

### 4.3 Document Management

The eNote supports various document formats for a paperless workflow.

- **Format Compatibility:** Open, edit, and annotate over 30 document types including PDF, EPUB, Mobi, and TXT files.
- **Signing and Annotating:** Directly sign documents, mark up reports, and take notes on files.
- **Split-screen Note-taking:** Take notes while reading documents in a split-screen view.
- **Office Document Support:** Create and edit Office documents directly on the device.

# Multi-device Cloud Sync

## Anywhere, Anytime Access

Figure 7: Sign and annotate documents directly on your eNote.

### 4.4 Connectivity & Sync

The eNote offers robust connectivity and synchronization options.

- **Wireless Connectivity:** Supports Wi-Fi and Bluetooth for seamless data transfer and internet access.
- **Cloud Sync:** Securely sync your files via popular cloud storage services like Google Drive, OneDrive, or Dropbox.
- **Penstar App:** Access your notes and documents from mobile phones, smart tablets, and laptops using the Penstar app (available for Windows, macOS, iPadOS, iOS & Android).
- **Sharing:** Share notes via email or direct PDF file.
- **Screen Mirroring:** Project your eNote screen wirelessly for presentations or collaborative work.

# Thinking, Writing, Sketching

Figure 8: Multi-device cloud sync allows access to your work anywhere, anytime.

## 4.5 Customization

Personalize your eNote experience for enhanced productivity.

- **Physical Shortcut Keys:** The device features 9 physical shortcut keys, each reprogrammable to your preferred tools or workflows. Create tailored profiles for writing and reading.
- **Home Widgets:** Enjoy user-friendly home widgets that can be rearranged for a faster, more personalized experience and quick access to desired features.

## 4.6 Offline Mode

For sensitive environments or private workflows, the Penstar eNote works fully offline without requiring sign-ins or subscriptions, ensuring you retain full control of your documents.

## 5. MAINTENANCE

---

### 5.1 Cleaning the Screen

To clean the E-Ink screen, use a soft, lint-free cloth. If necessary, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

### 5.2 Stylus Nib Replacement

The Digital Stylus B5 comes with 4 built-in spare nibs and an extra kit of 10 nibs. To replace a nib, gently pull out the old nib and insert a new one until it clicks into place.

### 5.3 Battery Life

The Penstar eNote is equipped with a 6000 mAh battery, providing up to 2 weeks of battery life on a single charge, depending on usage.

## 6. TROUBLESHOOTING

---

### 6.1 Device Not Responding

If the device becomes unresponsive, try pressing and holding the power button for 10-15 seconds to force a restart.

### 6.2 Connectivity Issues

If you experience issues with Wi-Fi or Bluetooth, ensure the features are enabled in the device settings. Try restarting the device and your router/Bluetooth accessory. For cloud sync, verify your account credentials and internet connection.

### 6.3 Stylus Not Writing

Ensure the stylus nib is properly seated. If the issue persists, try replacing the nib with a new one from the spare kit.
