LGTGH GT-01

LGTGH Body Hair Trimmer User Manual

Model: GT-01

Brand: LGTGH

INTRODUCTION

The LGTGH Body Hair Trimmer (Model GT-01) is designed for precise and comfortable grooming of body hair, including sensitive areas. It features advanced ceramic blades, an integrated mirror, and an LED light for enhanced visibility. With its IPX7 waterproof rating and ergonomic design, this trimmer offers a versatile and safe grooming experience for both wet and dry use.

SAFETY INFORMATION

- Always use the guard combs when shaving to prevent cuts.
- Do not use the shaver without the combs or while charging.
- Be cautious when using the shaver near water, even though it is waterproof.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Wattage: 5 watts

PACKAGE CONTENTS

Your LGTGH Body Hair Trimmer package includes:

- LGTGH Body Hair Trimmer (Model GT-01)
- USB-C Charging Cable
- 2 Guard Combs (3-6-9mm length settings)
- Cleaning Brush

PRODUCT FEATURES

- **Precision Grooming with Mirror & LED Light:** The built-in mirror and LED light system provide unparalleled visibility for hard-to-see areas, allowing millimeter-perfect trimming of groin, balls, and bikini line. This eliminates guesswork and missed spots, ensuring clear visibility even in dim lighting conditions.

Dual Precision

Built-In Mirror

LED Light

Image: Close-up of the trimmer head highlighting the built-in mirror and illuminated LED light for enhanced visibility during grooming.

- **Smooth & Steady Ceramic Blades:** The trimmer features ceramic blades with rounded tips and a protective comb guard, designed to prevent nicks and cuts. Gently place the flat side of the ceramic blade flush against your skin and shave against the direction of hair growth for a smooth experience.

- **Long Runtime:** The trimmer provides up to 90 minutes of runtime on a full charge, ensuring consistent performance for extended grooming sessions.

SETUP

1. **Initial Charge:** Before first use, fully charge the trimmer using the provided USB-C charging cable. Connect the cable to the trimmer's charging port and a compatible USB power source. The indicator light will show charging status.
2. **Attach Guard Comb:** Select the desired guard comb (3mm, 6mm, or 9mm) based on your preferred hair length. Align the comb with the trimmer head and gently slide it on until it clicks into place.
3. **Activate Travel Lock (Optional):** To activate the travel lock, press and hold the power button for 3 seconds until the light blinks. This prevents accidental activation during transport. To deactivate, repeat the process.

OPERATING INSTRUCTIONS

For optimal results and safety, follow these operating guidelines:

1. **Power On:** Press the power button once to turn on the trimmer. The LED light will illuminate.

2. **Grooming Technique:**

- For a close shave, use the trimmer without a guard comb. Gently place the flat side of the ceramic blade flush against your skin.
- For trimming to a specific length, ensure the appropriate guard comb is attached.
- Shave against the direction of hair growth for effective removal.
- Utilize the built-in mirror and LED light for enhanced visibility, especially in hard-to-reach or dimly lit areas.

3. **Body Areas:** The ergonomic design allows for comfortable and effective grooming of various body parts, including:

- Groin and Pubic Area: Use with caution and the protective comb guard.

- **Back:** Can be used for back hair removal, potentially with assistance for hard-to-reach spots.

4. **Power Off:** Press the power button once to turn off the trimmer.

MAINTENANCE

1. **Cleaning the Blades:** After each use, turn off the trimmer. Remove the guard comb. Rinse the trimmer head and blades under running water. Use the provided cleaning brush to remove any trapped hairs.
2. **Drying:** Shake off excess water and allow the trimmer to air dry completely before storing or recharging.
3. **Storage:** Store the trimmer in a cool, dry place. Ensure the travel lock is activated if transporting.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer not turning on.	Low battery; Travel lock activated.	Charge the trimmer; Deactivate travel lock by pressing and holding the power button for 3 seconds.
Poor trimming performance.	Blades clogged with hair; Battery low.	Clean the blades thoroughly; Recharge the trimmer.
Skin irritation/nicks.	Incorrect technique; No guard comb used on sensitive areas.	Ensure the flat side of the blade is flush against the skin; Use appropriate guard combs for sensitive areas.
