MOCBROPCS 20204

MOCBROPCS 3-in-1 Street View Coffee Shop Building Set

Model: 20204

INTRODUCTION

This instruction manual provides detailed guidance for assembling and operating your MOCBROPCS 3-in-1 Street View Coffee Shop City Building Set. This modular construction toy features 875 pieces, allowing for three distinct building configurations and includes LED lighting for enhanced display. Please read all instructions carefully before beginning assembly.

SAFETY INFORMATION

WARNING: Small parts. Not suitable for children under 3 years due to choking hazard.

This building kit is recommended for ages 6 years and up. Adult supervision is advised during assembly, especially for younger users. Ensure all small parts are kept out of reach of infants and toddlers.

WHAT'S IN THE BOX

Please verify that all components are present before starting assembly:

- Instruction Manual
- Building Blocks (875 pieces)
- Light Strip (requires 3 LR44 batteries, included)

SETUP AND ASSEMBLY

The MOCBROPCS 3-in-1 Street View Coffee Shop Building Set offers three distinct configurations: a charming balcony cafe, a cozy street cafe, or a mini coffee plaza. Refer to the detailed, full-color instruction manual included in the box for step-by-step assembly guides for each form. The innovative layered structure allows for quick disassembly and reconstruction without damaging parts, enabling you to explore all three designs.

Assembly Overview

The building set features vibrant, permanently printed bricks for details like coffee shop signs and business hours. Unique functional areas such as terraces, bar counters, order counters, and small courtyards are included. Details like simulated coffee machines, transparent sliding doors and windows, and decorative flowers contribute to a lifelike scene.

OPERATING INSTRUCTIONS

3-in-1 Transformable Design

This set is designed for versatility. You can build one of three different coffee shop layouts at a time. To switch between forms, carefully disassemble the current structure according to the instruction manual and then follow the steps for your desired new form. The modular design ensures that parts can be reused across all three configurations.

DIY LED Lighting Effects

The included LED light strip allows you to illuminate your coffee shop model. The light lines can be creatively placed around booths, windows, and signs to create a warm and inviting atmosphere. The light kit requires 3 LR44 batteries, which are included. Ensure the batteries are correctly installed according to the polarity markings. The LED lights are designed to bring the modern coffee shop to life, especially in low-light conditions, making it an ideal display piece or nightlight.

MAINTENANCE

To ensure the longevity of your MOCBROPCS building set, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the building blocks. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** Store the building set in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic components. Keep small parts organized to avoid loss.
- **Battery Replacement:** If the LED lights dim or stop working, replace the 3 LR44 batteries. Ensure correct polarity when inserting new batteries. Dispose of old batteries responsibly.
- **Handling:** While the ABS plastic is durable, avoid applying excessive force when assembling or disassembling to prevent breakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Missing or damaged parts	Manufacturing error or accidental loss during unboxing/assembly.	Contact MOCBROPCS customer support for replacement parts. Provide details of the missing/damaged component.
Difficulty connecting bricks	Incorrect orientation, debris in connection points, or slight manufacturing variations.	Ensure bricks are aligned correctly. Check for any small debris. Apply gentle, even pressure. If a piece consistently doesn't fit, try an alternative piece if available or contact support.
LED lights not working	Incorrect battery installation, depleted batteries, or loose connections.	Verify batteries are installed with correct polarity. Replace batteries if old. Check all connections of the light strip to ensure they are secure.
Structure feels unstable	Incorrect brick placement or incomplete connections.	Review the instruction manual for the specific section. Ensure all bricks are firmly pressed together and correctly positioned. The layered design is stable when fully assembled according to instructions.

SPECIFICATIONS

- **Brand:** MOCBROPCS
- **Model Number:** 20204
- **Product Dimensions:** 5 x 4.98 x 5 inches (varies slightly by configuration)
- **Item Weight:** 2.81 pounds
- **Number of Pieces:** 875
- **Recommended Age:** 6 years and up
- **Batteries:** 3 LR44 batteries (included) for LED light strip
- **Material:** ABS Plastic

WARRANTY AND SUPPORT
