2. **Tools:** Basic tools such as a screwdriver (manual or electric) are typically required. A rubber mallet may be useful for dowels.
3. **Assembly Steps:** Follow the numbered steps in the provided instruction manual. Pay close attention to diagrams and hardware types for each step.
4. **Door Installation:** Install the hinges onto the doors and then attach the doors to the cabinet frame. Adjust the hinges as needed to ensure proper door alignment and smooth opening/closing.
5. **Legs and Handles:** Attach the support legs to the base of the cabinet and the handles to the doors.
