4. SETUP

4.1 Initial Charging

Before first use, fully charge your tablet. Connect the USB Type-C cable to the tablet's charging port and the other end to the provided charging head. Plug the charging head into a power outlet. The battery indicator on the screen will show charging status. A full charge may take several hours.

4.2 Power On/Off

- **To Power On:** Press and hold the Power button (usually located on the side) until the Relndoo logo appears.
- **To Power Off:** Press and hold the Power button until a power-off menu appears. Select 'Power off' or 'Shut down'.
- **To Restart:** From the power-off menu, select 'Restart'.

4.3 Connecting Accessories

Your tablet comes with a Bluetooth keyboard and mouse for enhanced productivity.

4.3.1 Bluetooth Keyboard and Mouse

1. Ensure the keyboard and mouse are charged or have fresh batteries.
2. Turn on the keyboard and mouse (usually via a small switch).
3. On your tablet, go to **Settings > Connected devices > Bluetooth**.
4. Toggle Bluetooth to 'On'.
5. The tablet will scan for available devices. Select the keyboard and mouse from the list to pair them. Follow any on-screen prompts, such as entering a pairing code.

4.3.2 Protective Case

Insert your tablet into the provided protective case. The case is designed to protect your tablet and can often be folded to act as a stand for comfortable viewing or typing.

Connect Devices Via Bluetooth for Ultimate Convenience

Image: A visual representation of the tablet connecting wirelessly to various Bluetooth devices, including a smartphone, smartwatch, wireless earphones, wireless keyboard, and wireless mouse, demonstrating its versatile connectivity options.

5. OPERATING THE TABLET

5.1 Basic Tablet Operations

- **Touchscreen Navigation:** Use gestures like tap, swipe, pinch-to-zoom to interact with the screen.
- **Home Screen:** The main screen where you can access apps, widgets, and notifications.
- **Notifications:** Swipe down from the top of the screen to view notifications and quick settings.
- **App Drawer:** Swipe up from the bottom of the screen to access all installed applications.

5.2 Android 15 Features

Your tablet runs on the latest Android 15 operating system, offering enhanced features for productivity and personalization.

- **Split Screen:** To use two apps simultaneously, open one app, then swipe up from the bottom of the screen and hold to reveal recent apps. Drag the first app's icon to the top of the screen, then select another app from the recent apps or app drawer to open it in the second pane.
- **Widgets:** Long-press on an empty area of the home screen, then select 'Widgets' to add interactive shortcuts and information displays. Android 15 offers personalized widget previews.
- **App Archiving:** Free up storage by archiving apps you don't frequently use. This keeps your app data while removing the app itself.
- **App Pairs:** Create shortcuts for frequently used app combinations for quick access.
- **Enhanced Physical Keyboard Support:** Improved navigation and typing experience when using the physical keyboard.
- **Color Correction Slider:** Adjust display colors for better visual comfort.
- **Three-Finger Screenshot:** Swipe down on the screen with three fingers to quickly capture a screenshot.

5.3 Connectivity

5.3.1 Wi-Fi Connection

1. Go to **Settings > Network & internet > Internet**.
2. Toggle Wi-Fi to 'On'.
3. Select your desired Wi-Fi network from the list.
4. Enter the password if prompted and tap 'Connect'.

5.3.2 Bluetooth Connection

Refer to section 4.3.1 for connecting Bluetooth accessories.

5.4 Camera Usage

The tablet features a 5MP front camera and a 13MP rear camera.

- Open the 'Camera' app from your home screen or app drawer.
- Tap the camera icon to switch between front and rear cameras.
- Tap the shutter button to take a photo or start/stop video recording.

6. MAINTENANCE

6.1 Battery Care

- Avoid extreme temperatures, as they can degrade battery life.
- Do not let the battery completely drain frequently. Charge it before it reaches very low levels.
- Use only the provided charger and cable to prevent damage.

Image: A visual emphasizing the tablet's 8000mAh long-lasting battery, depicted with a charging animation and showing various usage scenarios like watching videos, working, and studying, highlighting its endurance for on-the-go use.

6.2 Cleaning

- Use a soft, lint-free cloth to clean the screen and body of the tablet.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.

6.3 Storage

When storing the tablet for extended periods, ensure it is charged to about 50% to preserve battery health. Store in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your tablet.

Problem	Possible Solution
Tablet won't turn on	Ensure the tablet is charged. Connect to charger for at least 30 minutes. If still unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.
Screen is unresponsive	Restart the tablet. If the issue persists, ensure the screen is clean and free of debris.
Cannot connect to Wi-Fi	Ensure Wi-Fi is enabled in settings. Restart your Wi-Fi router. Forget the network and try reconnecting.

Problem	Possible Solution
Bluetooth accessories won't pair	Ensure accessories are in pairing mode and charged. Restart Bluetooth on the tablet. Try pairing again.
Apps are crashing or freezing	Close and reopen the app. Clear the app's cache in Settings > Apps. Update the app from the Play Store. If the problem continues, uninstall and reinstall the app.
Slow performance	Close unnecessary background apps. Clear cache and temporary files. Ensure sufficient storage space. Restart the tablet regularly.
Battery drains quickly	Reduce screen brightness. Turn off Wi-Fi/Bluetooth when not in use. Close background apps. Limit location services. Check battery usage in settings to identify power-hungry apps.

8. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the warranty card included in your product packaging or visit the official Relndoo website. Keep your purchase receipt as proof of purchase for warranty claims.

If you encounter issues not covered in this manual, or require further assistance, please contact Relndoo customer support through the channels provided on their official website.
