SEDETA Farmhouse L Shaped Standing Desk User Manual

Model: B0F1DFMHJW

INTRODUCTION

This manual provides essential instructions for the assembly, operation, maintenance, and troubleshooting of your SEDETA Farmhouse L Shaped Standing Desk. Please read this manual thoroughly before assembly and use to ensure safe and efficient operation.

The SEDETA Farmhouse L Shaped Standing Desk is a versatile workstation designed for home office environments, featuring height adjustability, integrated storage, and power outlets.

IMPORTANT SAFETY INFORMATION

- Always ensure the desk is properly anchored to prevent tipping.
- Do not overload the desk beyond its specified weight capacity, as this may cause instability.
- Exercise caution when using the integrated power outlets and ensure they remain dry to prevent electrical hazards.
- Follow all assembly instructions carefully to ensure the desk is correctly and stably constructed.
- Keep children and pets away from the desk during height adjustment to prevent injury.

SETUP AND ASSEMBLY

The SEDETA Farmhouse L Shaped Standing Desk requires assembly. It is recommended to have assistance due to the weight and size of the components. The total package weight exceeds 135 lbs (61 kg).

Unpacking

1. Carefully open the packaging. Due to the weight, it is advisable to unpack components near the intended assembly area.

2. Verify all parts are present against the included parts list. If any parts are missing or damaged, contact customer support immediately.
3. Keep all packaging materials until assembly is complete and the desk is fully functional.

Assembly Instructions

Refer to the detailed, numbered instructions provided in the separate assembly guide included with your product. Ensure all screws and fasteners are tightened securely. Do not overtighten.

1. **Adjusting Height:** Use the **Up** (^) and **Down** (v) arrow buttons on the control panel to raise or lower the desk to your desired height. The current height will be displayed on the LED screen.
2. **Saving Memory Presets:** The desk allows you to save up to three preferred height settings.
 - Adjust the desk to your desired height.
 - Press and hold one of the memory buttons (**1**, **2**, or **3**) until the LED display flashes or beeps, indicating the height has been saved.
3. **Recalling Memory Presets:** Press the corresponding memory button (**1**, **2**, or **3**) to automatically move the desk to the saved height.
4. **Reset Function:** If the desk encounters an error or needs recalibration, press and hold the **RST** button until the desk moves to its lowest position and resets.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Motor Care:** The lifting motor is designed for durability. Avoid spilling liquids on the motor or control panel. If the motor operation becomes unusual, refer to the troubleshooting section.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.
- **Cable Management:** Ensure power cords and other cables are routed safely to prevent tripping hazards or damage during height adjustments.

TROUBLESHOOTING

If you encounter issues with your SEDETA standing desk, please refer to the following common solutions:

Problem	Possible Cause	Solution
Desk does not move or respond to controls.	Power cord disconnected; motor overload; control panel error.	Check if the power cord is securely plugged into both the desk and the wall outlet. Unplug the desk for 10 minutes, then plug it back in. Press and hold the RST button to reset the system.
Desk moves unevenly or makes unusual noises.	Uneven load; loose connections; obstruction.	Ensure weight is evenly distributed on the desktop. Check for any obstructions under or around the desk legs. Verify all assembly hardware is tight.
Power outlets or USB ports are not working.	Desk not powered; internal wiring issue.	Confirm the desk is plugged in and the main power is on. Test with a different device to rule out device issues. If the issue persists, contact customer support.

If these steps do not resolve the issue, please contact SEDETA customer support for further assistance.
