Kuulaa KL-YD75

Kuulaa MagSafe Battery Pack User Manual

Model: KL-YD75

1. Product Overview

The Kuulaa MagSafe Battery Pack is a high-capacity, ultra-slim portable charger designed for seamless magnetic wireless charging with compatible iPhone models. It also offers fast wired charging capabilities, making it a versatile power solution for your mobile devices.

Figure 1: Kuulaa MagSafe Battery Pack (Titanium) attached to an iPhone, highlighting its slim design.

2. Key Features

- **10000mAh Ultra Capacity:** Provides ample power for multiple charges.
- **Fast Wireless & Wired Charging:** Supports 7.5W/15W Max wireless charging and 20W PD Max USB-C output.

- **Simultaneous Charging:** Capable of charging two devices concurrently.
- **Strong Magnetic Adhesion:** Utilizes the latest magnetic technology for a secure attachment to MagSafe-compatible iPhones.
- **Ultra-Thin & Portable:** Designed to be compact and lightweight, fitting easily into pockets.
- **Superior Safety:** Equipped with 8 built-in low-temperature ice cores and a Multi-Protect safety system (temperature control, overcharge, short-circuit protection).
- **Durable Design:** Features a unique, compact aluminum alloy body and soft silicone surface to protect devices from scratches.

Figure 4: The strong magnetic attachment ensures the power bank stays securely in place.

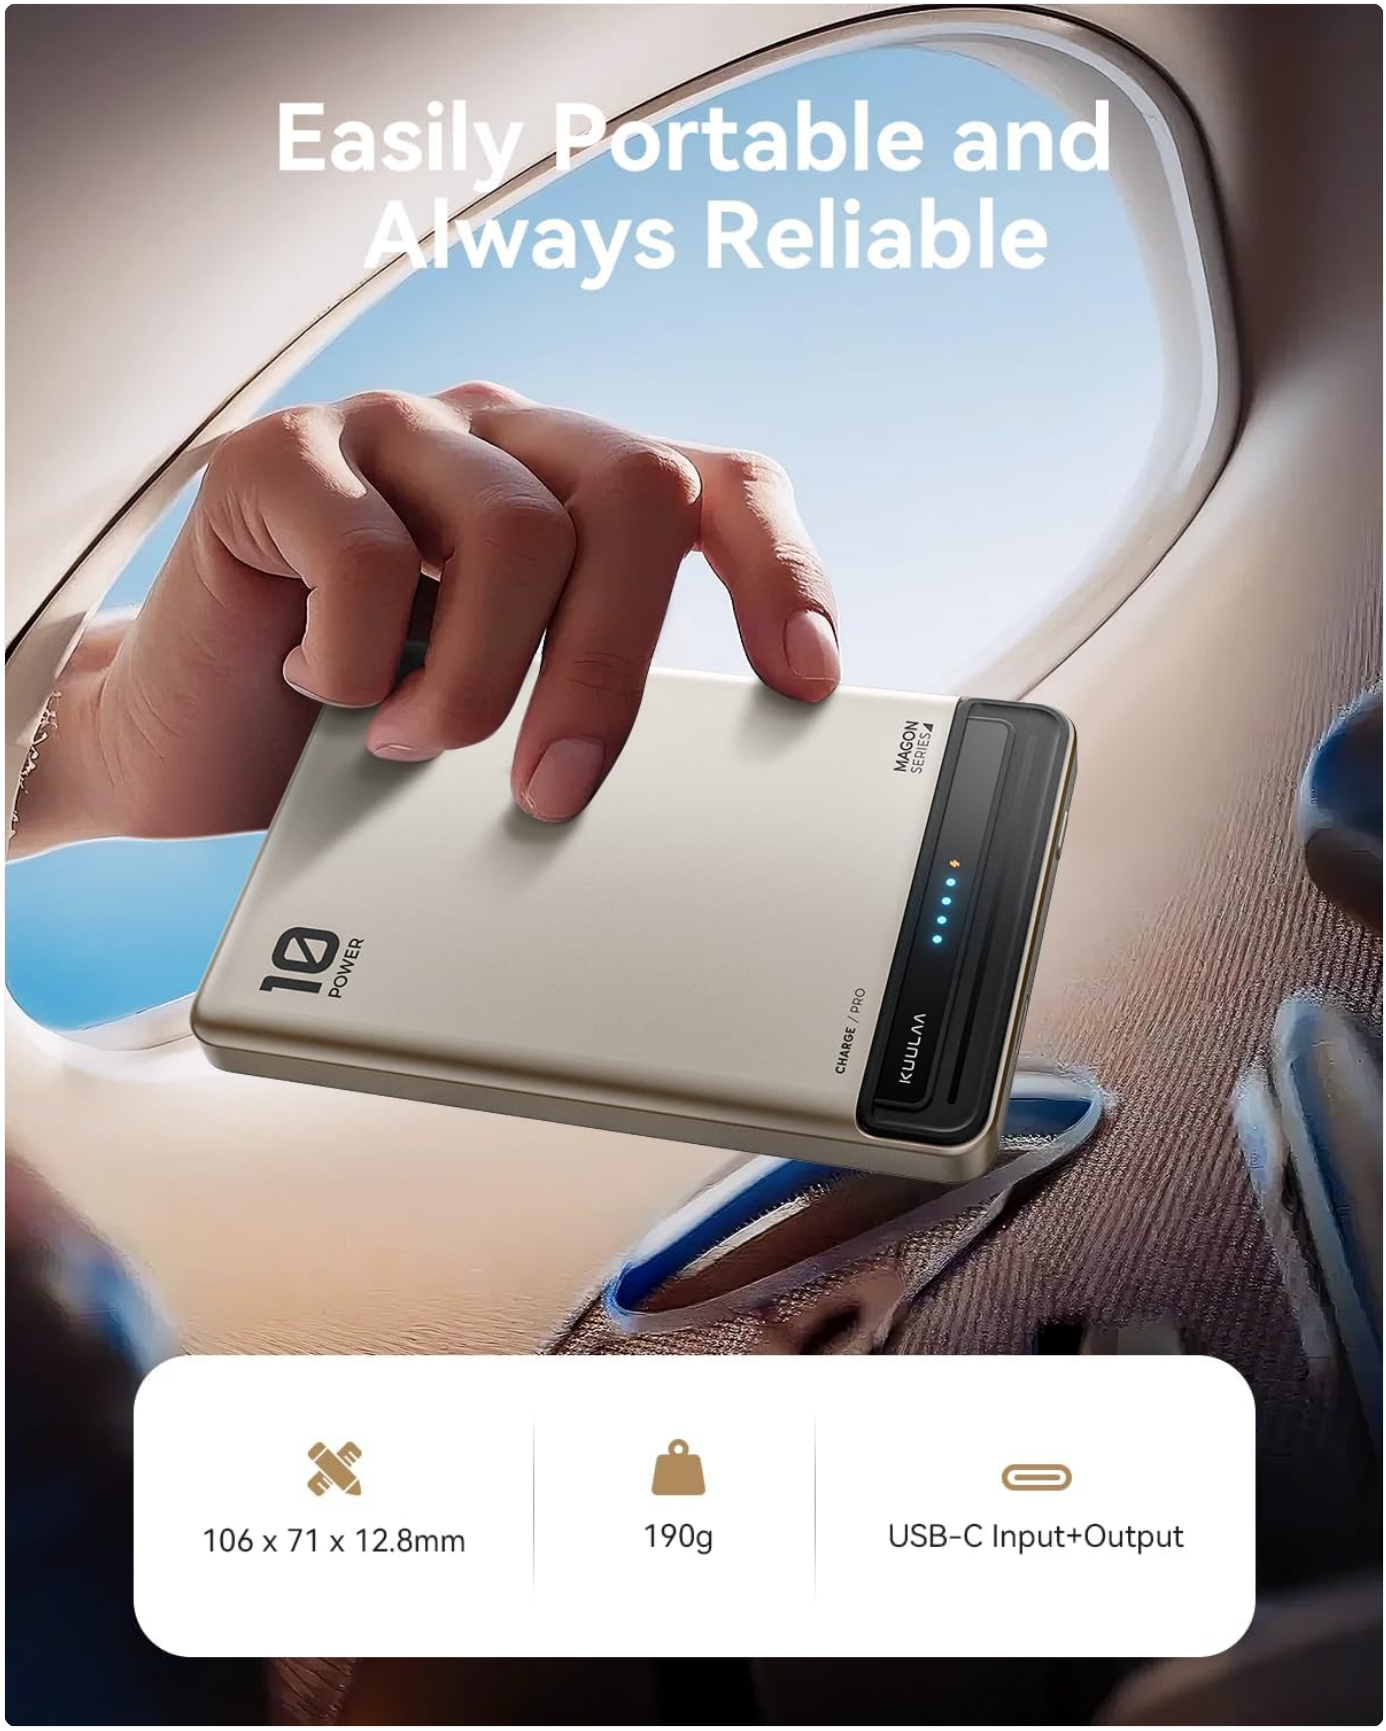

Figure 5: The power bank's compact size and light weight make it easily portable.

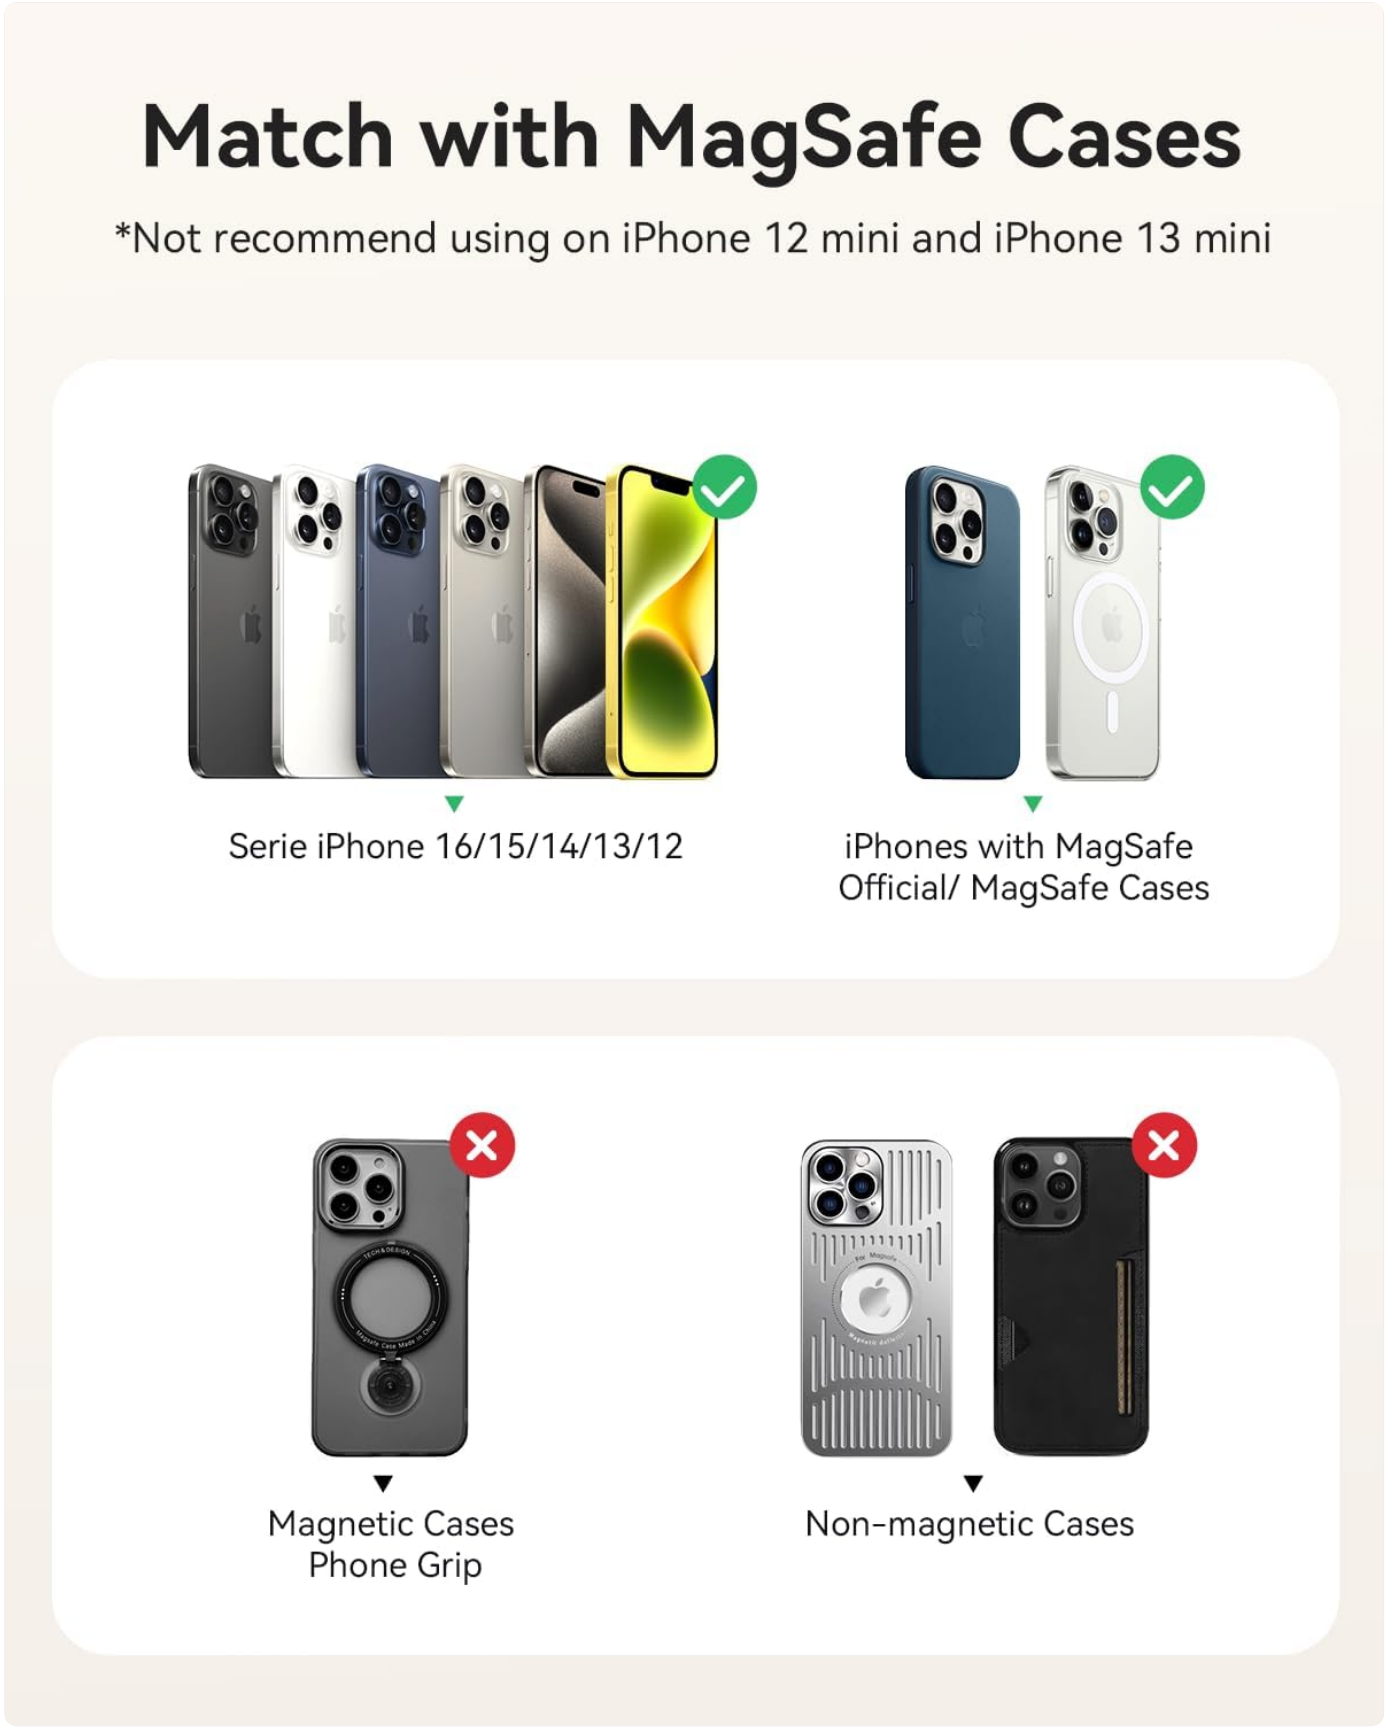

Figure 6: Compatibility with MagSafe-certified phone cases or without cases.

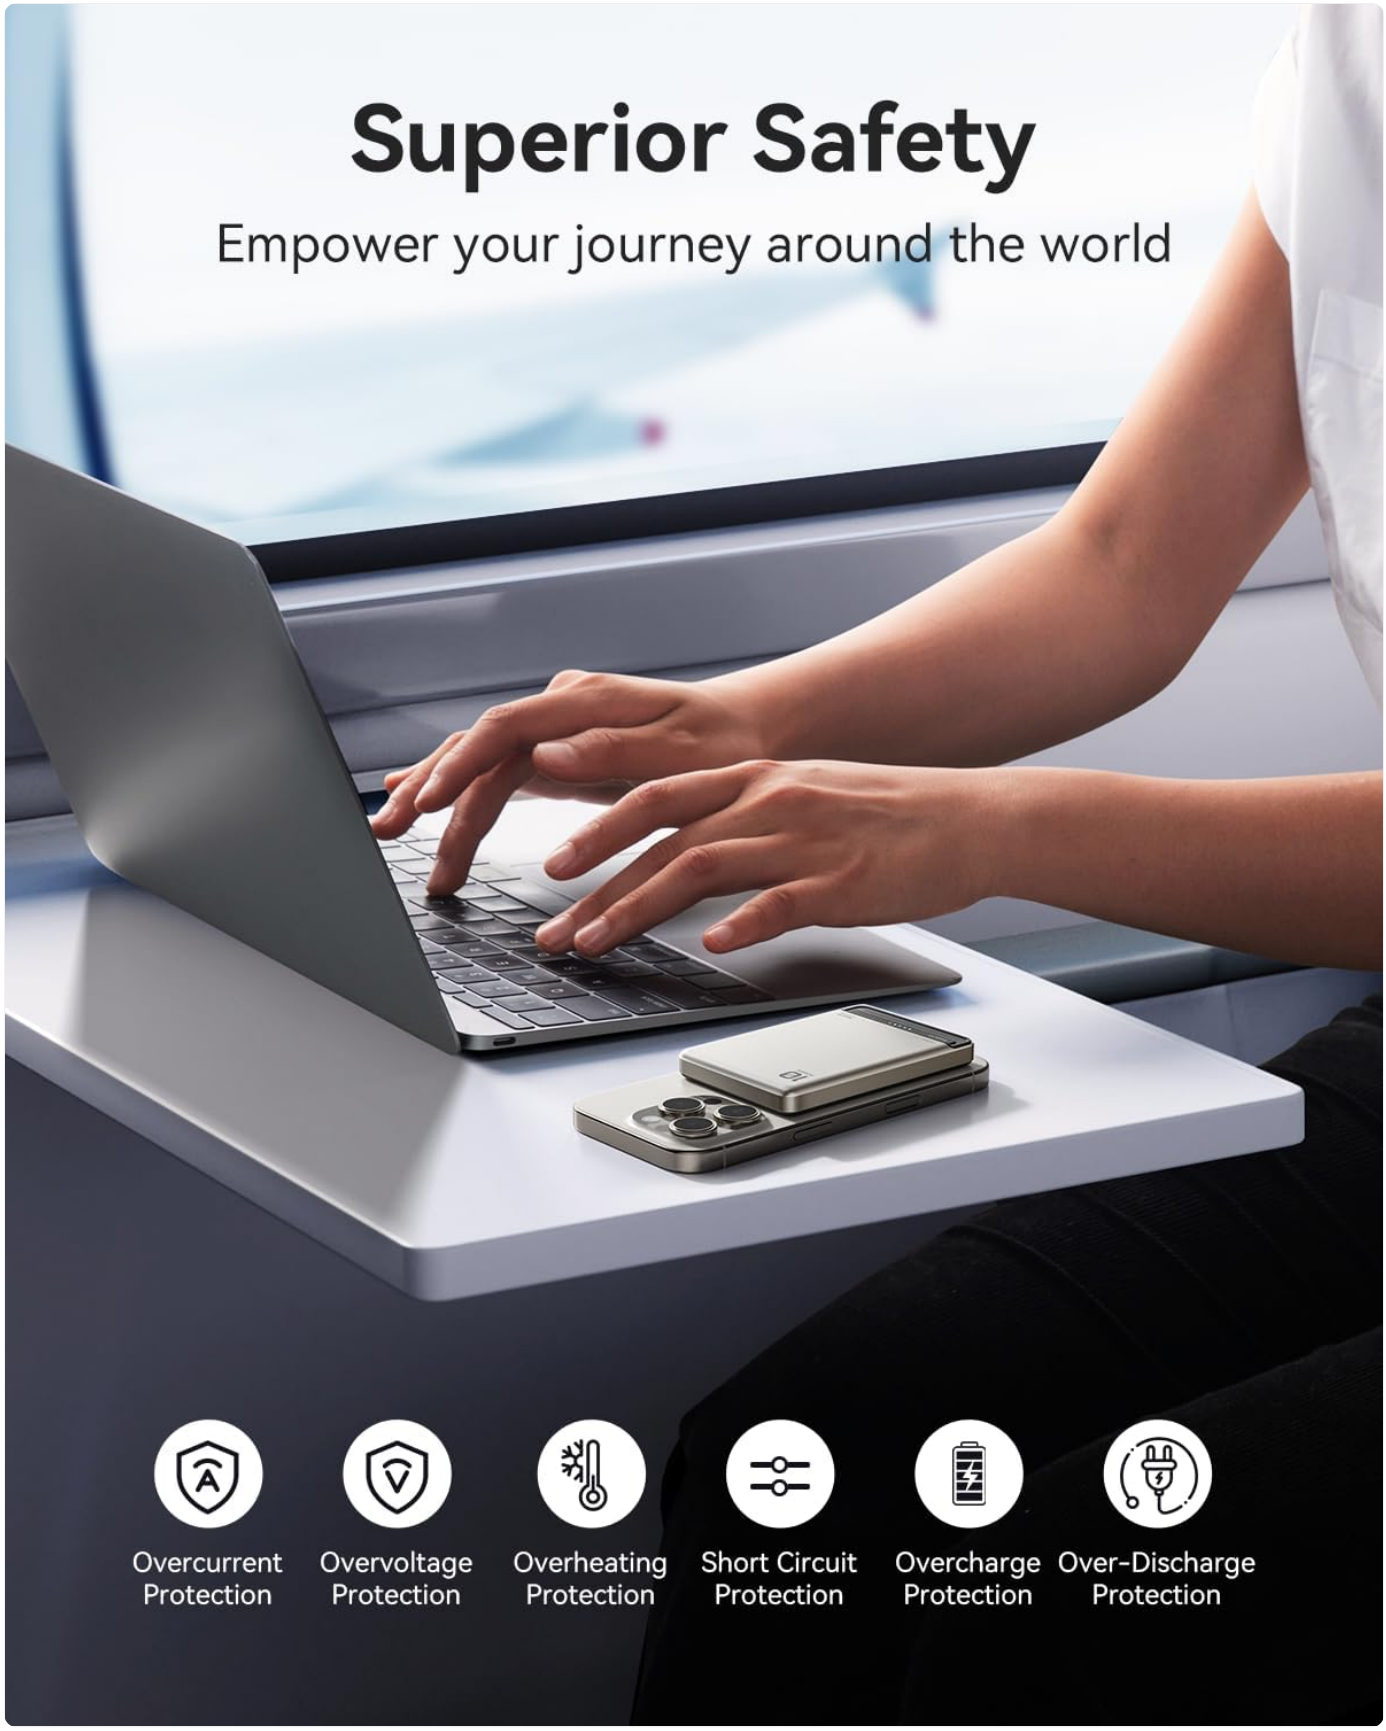

Figure 7: The Multi-Protect safety system ensures device protection.

3. Setup and Initial Use

3.1 Charging the Power Bank

Before first use, fully charge your Kuulaa MagSafe Battery Pack. Connect the included USB-A to USB-C cable to the power bank's USB-C port and plug the other end into a compatible USB power adapter (not included). The LED indicators

on the power bank will illuminate to show the charging progress.

3.2 Checking Battery Level

Press the power button once to check the remaining battery level. The LED indicators will light up:

- 1 LED: 0-25%
- 2 LEDs: 26-50%
- 3 LEDs: 51-75%
- 4 LEDs: 76-100%

Figure 8: LED indicators display the power bank's charge status.

4. Operating Instructions

4.1 Wireless Charging (MagSafe)

1. Ensure your iPhone is MagSafe-compatible (iPhone 12/13/14/15/16 series) or has a MagSafe-certified case.

2. Align the Kuulaa MagSafe Battery Pack with the back of your iPhone. The magnets will automatically snap into place, ensuring proper alignment for charging.
3. The iPhone will display a charging animation, and the power bank's LEDs may indicate active charging.

4.2 Wired Charging (USB-C)

1. Connect one end of the USB-A to USB-C cable (or a USB-C to USB-C cable, not included) to the USB-C port on the power bank.
2. Connect the other end of the cable to your device's charging port.
3. The power bank will automatically begin charging your device.

4.3 Charging Multiple Devices Simultaneously

The power bank supports charging two devices at once: one wirelessly via MagSafe and one via the USB-C port. The total output will be shared between the devices.

Video 1: Official product video demonstrating the Kuulaa MagSafe Power Bank's features, including magnetic attachment, wired and wireless charging, and portability.

5. Maintenance and Care

- Keep the power bank away from water, fire, and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store in a cool, dry place when not in use for extended periods.

6. Troubleshooting

6.1 Device Not Charging

- Ensure the power bank is sufficiently charged. Check the LED indicators.
- For wireless charging, verify your phone is MagSafe-compatible or using a MagSafe-certified case.
- Ensure proper alignment between the power bank and your phone for wireless charging.
- For wired charging, check that the cable is securely connected to both the power bank and your device. Try a different cable if necessary.

6.2 Slow Charging

- Ensure your device supports fast charging.
- For wired charging, use a high-quality USB-C cable and a compatible fast-charging adapter for the power bank itself.
- Background apps or heavy phone usage during charging can slow down the process.

6.3 Magnetic Attachment Issues

- Ensure your iPhone is a MagSafe-compatible model (iPhone 12 series or newer).
- If using a case, it must be a MagSafe-certified case. Standard cases or non-magnetic cases will prevent proper

magnetic attachment.

- Remove any foreign objects or debris between the power bank and your phone/case.

7. Specifications

Attribute	Value
Model Number	KL-YD75
Battery Capacity	10000 Milliamp Hours
Wireless Charging Output	7.5W (iPhone), 15W Max
Wired Charging Output (USB-C)	20W PD Max
Product Dimensions	4.05 x 2.67 x 0.51 inches
Item Weight	7.8 ounces
Color	Titanium
Manufacturer	Shenzhen Kula Technology Co.,Ltd.

8. Warranty and Support

Your Kuulaa Magnetic Wireless Power Bank comes with friendly customer service. For any inquiries, technical support, or warranty claims, please refer to the contact information provided with your purchase or visit the official Kuulaa website.
What You Get:

- 1 x Kuulaa Magnetic Wireless Power Bank
- 1 x USB-A to USB-C Cable
