Bugaboo Fox 5 Renew

Bugaboo Fox 5 Renew Stroller Instruction Manual

Model: Fox 5 Renew | Brand: Bugaboo

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Bugaboo Fox 5 Renew Stroller. Designed for versatility, this all-terrain stroller adapts from newborn to toddler, offering comfort and maneuverability. Please read all instructions carefully before assembly and use.

2. SAFETY INFORMATION

- Always secure your child with the 5-point harness.
- Never leave your child unattended in the stroller.
- Ensure the stroller is fully unfolded and locked before placing a child inside.
- Do not exceed the maximum weight recommendation of 48.5 pounds.

- Engage the brake when the stroller is stationary.
- Avoid hanging bags or items on the handlebar as this can cause instability.
- Keep fingers clear of moving parts when folding or adjusting the stroller.

3. COMPONENTS OVERVIEW

The Bugaboo Fox 5 Renew includes the following components:

- Chassis
- Wheels
- Seat/Bassinet Frame
- Seat Hardware
- Foot Rest
- Comfort Harness
- Rotating Carry Handle
- Canopy Wires
- Canopy Clamps
- Bassinet Stiffeners
- Bassinet Bottom
- Bassinet Fabric Set
- Mattress Complete
- Seat Fabric
- Grips
- Wheel Caps
- Sun Canopy Fabric
- Underseat Basket
- Rain Cover

4. SETUP AND ASSEMBLY

Follow these general steps for initial setup. Refer to the detailed diagrams for specific component attachment.

1. **Unfold the Chassis:** Release the folding latches and extend the chassis until it locks into place.
2. **Attach the Wheels:** Securely click all four wheels onto the chassis axles.
3. **Install the Seat or Bassinet:** Depending on your child's age, attach either the bassinet or the seat frame to the chassis. Ensure it clicks firmly into position.
4. **Attach Fabrics:** Secure the bassinet or seat fabrics, including the sun canopy.
5. **Adjust Handlebar:** Extend the handlebar to a comfortable height.

5. OPERATING INSTRUCTIONS

5.1. Adjusting the Handlebar

The handlebar can be adjusted with one hand to suit different user heights. Locate the adjustment buttons on the side of the handlebar and press them to extend or retract the handle.

5.2. Folding the Stroller

The Fox 5 Renew features a one-hand fold mechanism. Ensure the seat is in the upright position. Press the designated button on the handlebar and follow the folding sequence until the stroller is compact and self-standing.

5.3. Converting Bassinet to Seat

The 2-in-1 system allows the bassinet to convert into a toddler seat. Detach the bassinet fabric from the frame. Reconfigure the frame components as instructed in the detailed manual, then attach the seat fabric. This provides a sustainable solution as your child grows.

5.4. Harness System

Secure your child using the 5-point quick-click harness. Adjust the straps for a snug fit over the shoulders and around the waist. The harness features extra padding for comfort.

5.5. Brake System

The stroller is equipped with a foot-operated brake system. Press the brake pedal down to engage the brake and ensure the stroller is stationary. Lift the pedal to release.

5.6. Canopy Adjustment

The UPF 50+ sun canopy can be extended or retracted to provide optimal sun protection. It includes a breezy peekaboo panel for ventilation and easy viewing of your child.

6. MAINTENANCE AND CARE

- **Fabric Care:** All fabrics are machine washable. Refer to the care labels for specific temperature and cycle recommendations.
- **Frame Cleaning:** Wipe the chassis and plastic parts with a damp cloth and mild soap. Dry thoroughly.
- **Wheel Maintenance:** Regularly check wheels for debris and ensure they rotate freely. The puncture-resistant tires require minimal maintenance.

- **Storage:** Store the stroller in a dry, well-ventilated area away from direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your Bugaboo Fox 5 Renew Stroller, please consult the following common troubleshooting tips:

- **Stroller not folding correctly:** Ensure the seat is in the fully upright position and all locking mechanisms are disengaged before attempting to fold.
- **Wheels not turning smoothly:** Check for any debris (e.g., hair, dirt) caught in the wheel axles. Clean as necessary.
- **Harness difficult to buckle/unbuckle:** Ensure no fabric is obstructing the buckle mechanism. Press the button firmly for release.
- **Squeaking noises:** Apply a small amount of silicone-based lubricant to moving joints and wheel axles.

For further assistance, please contact Bugaboo customer support.
