## OUTEXER GX-HK2-O

# OUTEXER 2 Person Infrared Sauna Room (Model GX-HK2-O) Instruction Manual

Model: GX-HK2-O | Brand: OUTEXER

[Introduction](#)   [Safety Information](#)   [Product Features](#)   [Setup & Installation](#)   [Operating Instructions](#)   [Maintenance](#)   [Troubleshooting](#)   [Specifications](#)   [Warranty & Support](#)

## 1. INTRODUCTION

This instruction manual provides essential information for the safe and effective use of your OUTEXER 2 Person Infrared Sauna Room, Model GX-HK2-O. This indoor sauna is designed for two individuals and utilizes far-infrared technology for a comfortable and beneficial experience. Constructed from high-quality Canadian Hemlock wood, it features a 2100W heating system, low-EMF carbon panels, an oxygen bar, and 7-color light therapy. Please read this manual thoroughly before assembly and operation.

## 2. SAFETY INFORMATION

Your safety is paramount. Adhere to all instructions and warnings to prevent injury or damage to the sauna.

- **Temperature Control:** Adjust the temperature using the control panel according to your comfort and health needs. The maximum temperature is 149°F (65°C).
- **Timer Function:** Utilize the automatic timer to set your desired session duration. The sauna features automatic power-off protection.
- **Electrical Safety:** The sauna is equipped with dry burn protection, explosion-proof features, and leak protection. Ensure proper electrical connection as specified. Do not use extension cords unless they meet the specific wattage and voltage requirements for this appliance.
- **Low-EMF:** Infrared carbon ultra-low EMF energy-efficient heating panels are used.
- **Hydration:** Drink plenty of water before, during, and after sauna sessions.
- **Medical Conditions:** Consult a physician before using the sauna if you have any medical conditions, are pregnant, or are taking medication.
- **Children:** Children should only use the sauna under adult supervision.
- **Avoid Overheating:** Do not exceed recommended session times. If you feel unwell, exit the sauna

immediately.

### 3. PRODUCT FEATURES

The OUTEXER Infrared Sauna is designed with advanced features for an optimal experience.

- **Canadian Hemlock Construction:** Crafted from high-quality natural Canadian Hemlock wood, ensuring durability and a pleasant aesthetic.
- **Tempered Glass:** Features tempered glass for reliable longevity and a transparent, high-end appearance.
- **Far Infrared Heating:** Equipped with 2100W efficient heating panels that provide deep, penetrating far-infrared heat.
- **7-Color Light Therapy:** Integrated square 7-color LED mood lights with adjustable brightness, auto-color cycles, and fixed color modes.
- **Intelligent Entertainment System:** Includes two high-quality Bluetooth speakers for audio streaming from your devices.
- **Oxygen Bar:** An integrated oxygen bar enhances the sauna experience.
- **Ergonomic Design:** Features an ergonomic backrest and comfortable seating.
- **Multi-functional Handle:** The door handle can also hold tablets and towels.

## 4. SETUP & INSTALLATION

The OUTEXER Infrared Sauna is designed for straightforward assembly. Follow these general steps for installation:

1. **Prepare the Area:** Ensure you have a flat, stable surface indoors or in a covered outdoor area (like a screened porch) with adequate space for the sauna (53.1 x 47.2 x 74.8 inches).
2. **Assemble the Base:** Place the floor panel in the desired location.
3. **Install Wall Panels:** Carefully attach the back panel, followed by the side panels. The panels are designed to interlock securely.
4. **Connect Wiring:** Connect the internal electrical wires for heating panels, lights, and control panel as per the instructions.
5. **Install Seating:** Secure the seat support and seat panel. Connect the leg/foot heater plug under the seat.
6. **Install Backrest:** Position and secure the backrest.
7. **Install Top Panel:** Carefully place the top panel, ensuring all electrical connections from the top are properly connected.
8. **Install Front Door Panel:** Attach the front door panel, including the tempered glass door.
9. **Attach Door Handle:** Securely install the multi-functional door handle.
10. **Final Connections:** Plug the sauna's power cord into a suitable electrical outlet.

## 5. OPERATING INSTRUCTIONS

Familiarize yourself with the control panel for an optimal sauna session.

- **Power On/Off:** Press and hold the ON/OFF button on the control panel to power the sauna.
- **Temperature Adjustment:** Use the 'TEMP +' and 'TEMP -' buttons to set your desired temperature. The sauna can reach a maximum of 149°F (65°C). Allow approximately 15-20 minutes for the sauna to preheat.
- **Time Adjustment:** Use the 'TIME +' and 'TIME -' buttons to set your session duration. The maximum setting is 59 minutes, but you can extend it during the session.
- **Bluetooth Connection:** Press the Bluetooth button to activate pairing mode. Connect your mobile device to the sauna's speakers to enjoy music or podcasts.
- **Light Therapy:** Use the dedicated buttons to cycle through the 7-color light therapy options, adjust brightness, or select specific color modes.
- **Oxygen Bar:** Activate the oxygen bar for an enhanced experience.

## 6. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your sauna.

- **Cleaning:** After each use, simply wipe down the interior surfaces, including seats and foot grids, with a clean towel.
- **Deep Cleaning:** Periodically clean the wood surfaces with a damp cloth and mild, non-toxic cleaner. Avoid harsh chemicals that can damage the wood.
- **Glass Cleaning:** Clean the tempered glass with a standard glass cleaner.
- **Ventilation:** Ensure proper ventilation in the room where the sauna is located.

## 7. TROUBLESHOOTING

If you encounter any issues with your sauna, try the following basic troubleshooting steps:

- **No Power:** Check if the power cord is securely plugged into a functional outlet. Ensure the circuit breaker has not tripped.
- **Not Heating:** Verify that the temperature setting is correct and the timer is active. Ensure all internal electrical connections are secure.
- **Bluetooth Issues:** Ensure your device's Bluetooth is on and within range. Try restarting both your device and the sauna's Bluetooth function.
- **Lights Not Working:** Check the light therapy settings on the control panel.

If the problem persists, please contact customer support for assistance.

## 8. SPECIFICATIONS

Feature	Detail
