

iRobot 405 Combo

iRobot Roomba Plus 405 Combo Robot Vacuum and Mop Instruction Manual

INTRODUCTION

This instruction manual provides detailed guidance for the setup, operation, and maintenance of your iRobot Roomba Plus 405 Combo robot vacuum and mop. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

The iRobot Roomba Plus 405 Combo robot vacuum and mop, shown alongside its AutoWash charging station and the companion mobile application.

KEY FEATURES

- **Powerful Suction and Thorough Mopping:** Features 70x stronger suction compared to the Roomba 600 series, DualClean mop pads, SmartScrub technology, a rubber single-action brush, and an edge-cleaning brush to remove various types of dirt.
- **Enhanced Mopping Capability:** DualClean spinning mop pads and SmartScrub provide 2x the scrubbing power, effectively removing stubborn stains like coffee. The device supports cleaning with either water or a compatible cleaning solution.

- **Advanced Navigation:** ClearView LiDAR technology enables rapid room mapping and efficient cleaning paths, allowing the robot to navigate and avoid obstacles even in low-light conditions.
- **AutoWash Charging Station:** This multi-functional station automatically disposes of collected debris for up to 75 days, washes and dries the mop pads for up to 4 weeks (based on weekly mopping), ensuring continuous effective cleaning.
- **Intuitive App Control:** The Roomba Home App allows for easy control, including setting custom cleaning routines, estimating cleaning times, checking filter status, and identifying specific areas for intensive cleaning.
- **Flexible Cleaning Modes:** Choose from vacuuming only, mopping only, simultaneous vacuuming and mopping, or mopping after vacuuming. The mop pads automatically lift when carpets are detected, enabling seamless cleaning across different floor types.
- **Customizable Cleaning:** Offers 4 levels of suction power, repeated cleaning for high-traffic areas, and targeted SmartScrub for stubborn dirt.
- **Pinpoint Cleaning and No-Go Zones:** Direct the robot to specific areas for focused cleaning and define no-go zones to restrict access to certain parts of your home.
- **Multiple Operation Methods:** Control the robot via voice commands using compatible assistants (Alexa, Siri, Google Assistant), through the Roomba Home App, or by pressing the physical button on the robot.

SETUP

1. Unpacking and Placement

Carefully remove all components from the packaging. Select a suitable location for the AutoWash charging station. Ensure it is placed against a wall, with adequate clear space around it for the robot to dock and maneuver. Avoid placing it near stairs or heat sources.

A diagram illustrating the AutoWash charging station's components, including the clean and dirty water tanks, and the self-cleaning cycle for the mop pads.

2. Initial Charging

Place the Roomba robot onto the AutoWash charging station. Ensure the charging contacts align. The robot will begin charging automatically. Allow for a full charge before the first use, which may take several hours.

The Roomba robot automatically returns to its charging station to recharge after completing a cleaning cycle or when its battery is low.

3. App Download and Connection

Download the iRobot Home App from your device's app store. Follow the in-app instructions to connect your Roomba Plus 405 Combo to your home Wi-Fi network and pair it with the app. This will unlock advanced features and control options.

The Roomba Home App provides an intuitive interface for managing your robot vacuum and mop.

OPERATING INSTRUCTIONS

1. Starting a Cleaning Cycle

You can initiate a cleaning cycle using one of three methods:

- **iRobot Home App:** Tap the 'Clean' button within the app.
- **Voice Assistant:** Use a compatible voice assistant (e.g., Alexa, Siri, Google Assistant) with a command like "Hey Google, tell Roomba to start cleaning."
- **Robot Button:** Press the 'Clean' button located on the top of the robot.

2. Selecting Cleaning Modes

The Roomba Plus 405 Combo offers four distinct cleaning modes, selectable via the iRobot Home App:

1. **Vacuuming Only:** For dry debris removal.

2. **Mopping Only:** For wet cleaning of hard floors.
3. **Combined Vacuuming + Mopping:** Performs both functions simultaneously.
4. **Mopping After Vacuuming:** Completes a vacuuming cycle before initiating mopping.

The iRobot Home App allows users to select from four different cleaning modes to suit their specific needs.

3. Scheduling and Customization

Utilize the iRobot Home App to set cleaning schedules, define specific cleaning areas, and establish no-go zones. The robot's LiDAR navigation system creates a detailed map of your home, allowing for precise and efficient cleaning.

特長2

掃除機がけと水拭き掃除を同時に

- ✓ 絨毯を自動検知
- ✓ 自動でモップをリフトアップ
- ✓ 絨毯の上で吸引力を強化

The Roomba Home App enables users to customize cleaning schedules for specific days and rooms, adapting to individual lifestyles.

掃除機がけと 水拭き掃除を同時に

水拭き時絨毯を自動で検知して、自動でモップを持ち上げるため絨毯を濡らしません。また、絨毯の上では自動的に吸引力を強化します。

The app allows users to pinpoint specific areas for cleaning or designate no-go zones on a digital map of their home.

MAINTENANCE

Regular maintenance ensures your Roomba Plus 405 Combo continues to operate effectively. The AutoWash station significantly reduces manual cleaning tasks.

1. AutoWash Station Maintenance

- **Emptying Debris:** The station automatically collects debris into a sealed bag. Replace the bag when indicated by the app or station light.
- **Water Tanks:** Periodically check the clean water tank and refill as needed. Empty and clean the dirty water tank to prevent odors and maintain hygiene.
- **Mop Pad Cleaning:** The station automatically washes and dries the mop pads. Ensure the mop pads are properly attached for effective cleaning and drying.

The transparent design of the water tanks allows for easy visual inspection of water levels, indicating when refilling or emptying is required.

2. Robot Component Cleaning

- **Rubber Brushes:** The rubber brushes are designed to minimize hair tangles. Regularly inspect and clean them to remove any accumulated hair or debris.
- **Edge-Cleaning Brush:** Remove and clean the edge-cleaning brush periodically.
- **Sensors:** Wipe the robot's sensors with a clean, dry cloth to ensure proper navigation.
- **Filter:** The app will indicate when the filter needs to be checked or replaced.

The rubber brush is engineered to resist hair tangles, simplifying maintenance.

TROUBLESHOOTING

If you encounter issues with your Roomba Plus 405 Combo, refer to the following common solutions:

- **Robot Not Charging:** Ensure the charging contacts on both the robot and the station are clean and free of debris. Verify the power cord is securely plugged into the station and a working outlet. If the issue persists, contact customer support.
- **Excessive Noise During Operation:** The automatic debris disposal and mop washing functions can generate noise. This is normal. If the robot itself is unusually loud during cleaning, check for obstructions in the brushes or wheels.
- **Mop Pads Getting Caught:** Ensure there are no loose rugs or obstacles that could interfere with the mop pads. If the mop pads frequently detach, verify they are securely fastened.
- **Navigation Errors:** Clean all sensors on the robot. Ensure the home environment is well-lit for initial mapping. Remove any temporary obstacles that might confuse the robot.
- **App Connectivity Issues:** Ensure your Wi-Fi network is stable and the robot is within range. Restart both the robot and your router if necessary.

For persistent issues or error messages not covered here, consult the iRobot Home App for specific troubleshooting steps or contact iRobot customer support.

SPECIFICATIONS

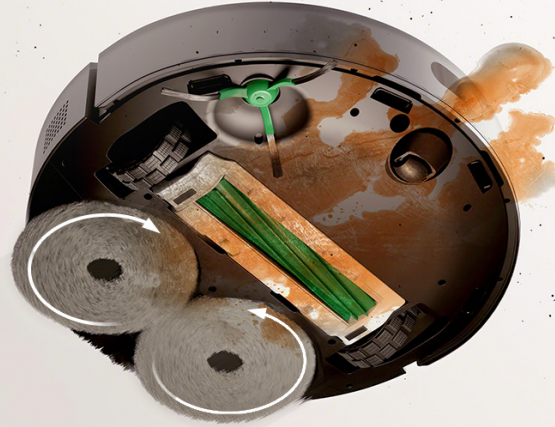

Feature	Specification
Manufacturer	iRobot
Model Number	G185060
Product Dimensions (Robot)	35.7 cm (L) x 35.1 cm (W) x 10.6 cm (H)
Package Dimensions	50 cm x 46 cm x 39 cm
Color	Black
Weight (Approx.)	13.3 kg
Power Source	Battery Powered
Battery Type	Lithium (built-in)

Key Features

**REGOLAMENTO DELL'INIZIATIVA
OPERAZIONE SOGGIORNATI E RIMBORSATI Robot
"PROVAIO PER I GIORNI 2025"**

Prematore dell'iniziativa
L'Iniziativa sarà in corso in Molise (Tutti), Via Vittorino di Piazza Fontana n. 54, Cap. 30224, P. 047910316

Area di validità
Territorio nazionale

Destinatari dell'iniziativa
Consumatori (fisi, maggiorenni, residenti e domiciliati in Italia, che acquisteranno o prenderanno in affitto il 20/25/2025 e fino al 30/05/2026 - un prodotto Robot dei modelli di cui alla tabella allegata, con garanzia del Sigillo di Garanzia Officiata Robot di Tattila Italia spa, a ripartizione di condizionale indicibile nel presente regolamento.

Si precisa che la presente iniziativa è valida sui soli Distributi finali primari fisici e che non potranno essere ammessi al rimborso consumatori Distributi di Tattila Italia spa, a ripartizione di condizionale indicibile nel presente regolamento.

Sono escluse dal presente regolamento:

- i rivenditori del prodotto Robot aderenti all'iniziativa, inclusi i rivenditori fino a terzo grado;
- rivenditori autorizzati Tattila Italia spa, inclusi i rivenditori fino a terzo grado.

Procedi aderenti all'iniziativa
L'iniziativa sarà valida esclusivamente sull'acquisto degli Robot dei modelli indicati nella tabella allegata al presente regolamento, la cui confezione sarà contraddistinta dal Sigillo di Garanzia Officiata Robot.

Sono escluse dalla presente iniziativa prodotti usati, rinnovati e ripristinati, prodotti contraffatti o prodotti con difetti in qualsiasi forma, di cui di proprietà rivenditori Robot.

Si precisa che ogni consumatore potrà aderire e all'iniziativa iniziata una sola volta.

Periodo di validità dell'iniziativa
Per essere aderenti l'acquisto del prodotto Robot distribuito da Tattila Italia spa dovrà avvenire a partire dal 20/05/2025 ed essere a meno del 30/05/2026.

La registrazione del prodotto acquistabile, obbligatoriamente a fine data di avvenuta ricezione di rimborso allegata alla presente iniziativa, dovrà invece essere effettuata entro e non oltre 10 giorni dalla data di acquisto del prodotto stesso, come risultante dalla data del documento d'acquisto. L'ultimo giorno utile per la registrazione sarà quindi il giorno 20/05/2026.

Punti vendita aderenti all'iniziativa
I acquirenti dei prodotti coinvolti nell'iniziativa potranno essere effettuati e forniti tutti i punti vendita aderenti all'iniziativa, sia in rete che in loco, su tutta comunque è disponibile sul sito www.tattila.it e si precisa che solo i prodotti acquistabili nei punti vendita aderenti all'iniziativa ed aderenti al sito www.tattila.it potranno essere diritto ad aderire all'iniziativa stessa.

アイロボットジャパン合同会社(本社:東京都千代田区/代表執行役員社長 浅野元)は「Roomba Max 700 Max + AutoEmpty™ 充電ステーション」を4月18日(金)より全国のアイロボット認定販売店およびアイロボット公

アイロボットジャパン合同会社(本社:東京都千代田区/代表執行役員社長 浅野元)は「Roomba Max 700 Vac ロボット・AutoEmpty™ 充電ステーション」を4月18日(金)より全国のアイロボット専売店およびアイロボット公式ホームページにて先行販売を開始いたします。

フラッグシップモデルカテゴリーとなる「Romba Maxx」の掃除機が「専用モデル「Romba Maxx V10i」および「Auto-Empty 実用スーション」は、アメリカにおいて 35 年以上にわたって蓄積したテクノロジーにより、フルサイズと最高の掃除力を実現した製品です。過去 4 年間のシリーズの最大 180 倍にのぼる強力な吸引力と 2 本のゴム製ローラーがアクションランダムにより、幅広い凹凸にも適応しやすいだけでなく、さらに、カーペットを認識して吸引力を自動でパワーアップするカーペットブースト機能も搭載。ペットオーナーの方やフローベアの方、カーペットが多くの家にお住まいの方、床拭きは必要ない方など、最高レベルの掃除機がけを求める方におすすめの製品です。

アイロボットは3つのカテゴリー展開で消費者の生活シーンにマッチした My Best Roomba をお届けし、さらに充実した製品やサービスを提供することで、人々の暮らしを豊かにする Empower people to do more というミッションを、世界中のスタッフが丸となって取り組んでいます。
