6. MAINTENANCE & CARE

- **Fabric Care:** The teddy fleece fabric can be wiped clean with a dry cloth. For spills, gently blot with a clean, damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Cushion Care:** Periodically fluff and rotate cushions to maintain their shape and even wear.
- **Frame Care:** Check all connections and hardware periodically and tighten if necessary to ensure stability.
- **Electronics:** Keep the smart module and charging ports free from dust and moisture. Do not attempt to disassemble the electronic components.

7. TROUBLESHOOTING

- **Cushions not fully expanded:** Allow up to 48 hours after unpacking for vacuum-compressed cushions to fully regain their shape. Gentle fluffing can assist the process.
- **Packages arrived separately:** It is normal for the sofa to ship in multiple boxes that may arrive on different days. Please be patient and track all provided tracking numbers. Contact customer support if a package is significantly delayed.
- **Smart Module not powering on:** Ensure the sofa is properly plugged into a working power outlet. Check all internal connections of the smart module. If issues persist, refer to the power on/off instructions in Section 5.1.
- **Bluetooth speaker not pairing:** Ensure the Bluetooth speaker is powered on (long press the Bluetooth switch). Check your device's Bluetooth settings and ensure it is discoverable. Try restarting both the sofa's Bluetooth and your device.
- **Charging ports not working:** Verify the sofa's smart module is powered on. Ensure cables are securely connected and devices are compatible with wireless charging (Qi standard).
