Pairing with Your Device

1. Ensure your headphones are charged.
2. Open the charging case. The headphones will automatically enter pairing mode.
3. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings.
4. Search for "G1" in the list of available devices and select it to connect.
5. Once connected, you will hear an audible confirmation, and the headphones are ready for use.

MAINTENANCE

Water and Dust Resistance

The JOYWISE G1 headphones boast an IP68 waterproof rating and are enhanced by a hydrophobic coating. This means they effortlessly withstand sweat and rain, preventing water accumulation. Use them with confidence in any weather condition, whether during intense workouts or unexpected drizzles.

IP68 WATERPROOF & DUSTPROOF

In workout sweat or unexpected drizzle, it keeps you going strong.

Cleaning and Storage

To ensure the longevity of your headphones, regularly wipe them with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. When not in use, store the headphones in their charging case to protect them from dust and physical damage.

TROUBLESHOOTING

Problem	Solution
Headphones do not power on or pair.	Ensure the headphones and charging case are fully charged. Place earbuds back into the case, close, then reopen to re-initiate pairing mode. On your device, turn Bluetooth off and on, or "forget" the device and re-pair.
Low volume or poor sound quality.	Adjust the volume on both your headphones and your connected device. Ensure the bone conduction drivers are positioned correctly on your cheekbones. Clean any debris from the drivers.

Problem	Solution
Headphones not charging in the case.	Verify the charging case itself is charged. Ensure the earbuds are correctly seated in the case and the charging contacts are clean and free of obstruction. Try a different USB-C cable or power adapter.
Sound leakage is noticeable.	While JOYWISE G1 headphones are designed to significantly reduce sound leakage, some minimal leakage is inherent to the open-ear bone conduction technology. Adjust the fit to optimize sound delivery and minimize external sound.

SPECIFICATIONS

- Model Name:** G1
