HUAWEI Moose-T00

HUAWEI FreeArc Open-Ear Earbuds User Manual

Model: Moose-T00

Brand: HUAWEI

1. Introduction

The HUAWEI FreeArc Open-Ear Earbuds are designed to provide a comfortable and secure audio experience while keeping you aware of your surroundings. Featuring an innovative open-ear design, IP57 water resistance, and dynamic bass, these earbuds are suitable for various activities including workouts, commuting, and daily use. This manual provides comprehensive instructions for setting up, operating, maintaining, and troubleshooting your FreeArc earbuds.

2. What's in the Box

Please check the contents of your package to ensure all items are present:

- HUAWEI FreeArc Open-Ear Earbuds (Left and Right)
- Wireless Charging Case
- USB-C Charging Cable
- Quick Start Guide (This manual)
- Safety Information

Image: The HUAWEI FreeArc earbuds securely placed within their open charging case.

3. Setup

3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the USB-C charging cable to the charging port on the case and to a power source. The indicator light on the case will show charging status.

- A full charge provides up to 28 hours of listening time with the charging case.
- Earbuds alone provide up to 7 hours of listening time.
- A 10-minute charge can provide 3 hours of listening.

3.2 Pairing with Your Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. Press and hold the Function button on the charging case until the indicator light flashes white, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.

4. Select "HUAWEI FreeArc" from the list of devices to connect.
5. Once connected, the indicator light will turn solid white or off.

4. Operating Instructions

4.1 Touch Controls

The HUAWEI FreeArc earbuds feature intuitive touch controls on each earbud:

Action	Function
Swipe (forwards/backwards)	Adjust volume
Double-tap	Play/Pause audio; Answer/End a call
Triple-tap	Skip to the next track

Action	Function
Press and hold	Reject a call

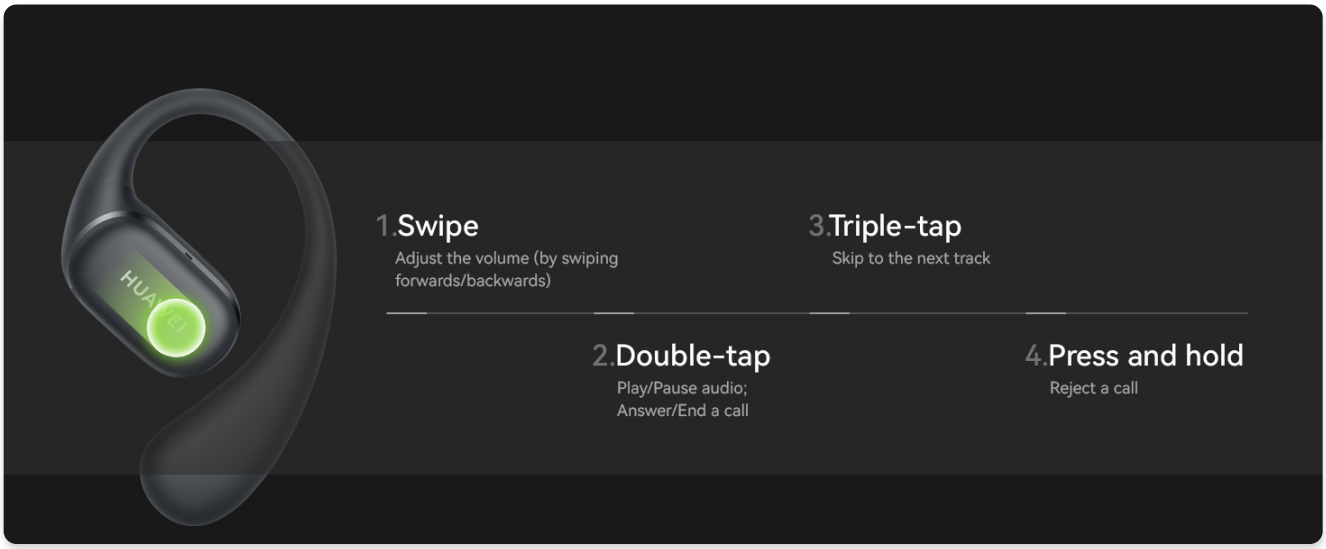

Image: A diagram showing the various touch gestures (swipe, double-tap, triple-tap, press and hold) and their corresponding functions on the earbud.

4.2 Dual-Device Connection

The earbuds support simultaneous connection to two devices, regardless of their operating system (iOS, Android, Windows). Audio will automatically switch between the connected devices. For EMUI devices, audio can switch between more than two devices.

5. Key Features

5.1 Secure Fit: 140° Optimal Triangle Design

The earbuds are engineered with a 140° optimal triangle support and a balanced design to ensure a secure fit during physical activities. The C-bridge design is based on extensive ergonomic analysis for comfortable wear.

5.2 Sterling Sound

The innovative open-ear design allows you to remain aware of your surroundings while enjoying high-quality audio. The earbuds feature a 17 x 12 mm highly-sensitive driver unit for dynamic bass and clear sound.

5.3 IP57 Water Resistance

The HUAWEI FreeArc earbuds are IP57 water resistant, protecting them against rain and sweat during exercise. This rating applies to the earbuds themselves, not the charging case.

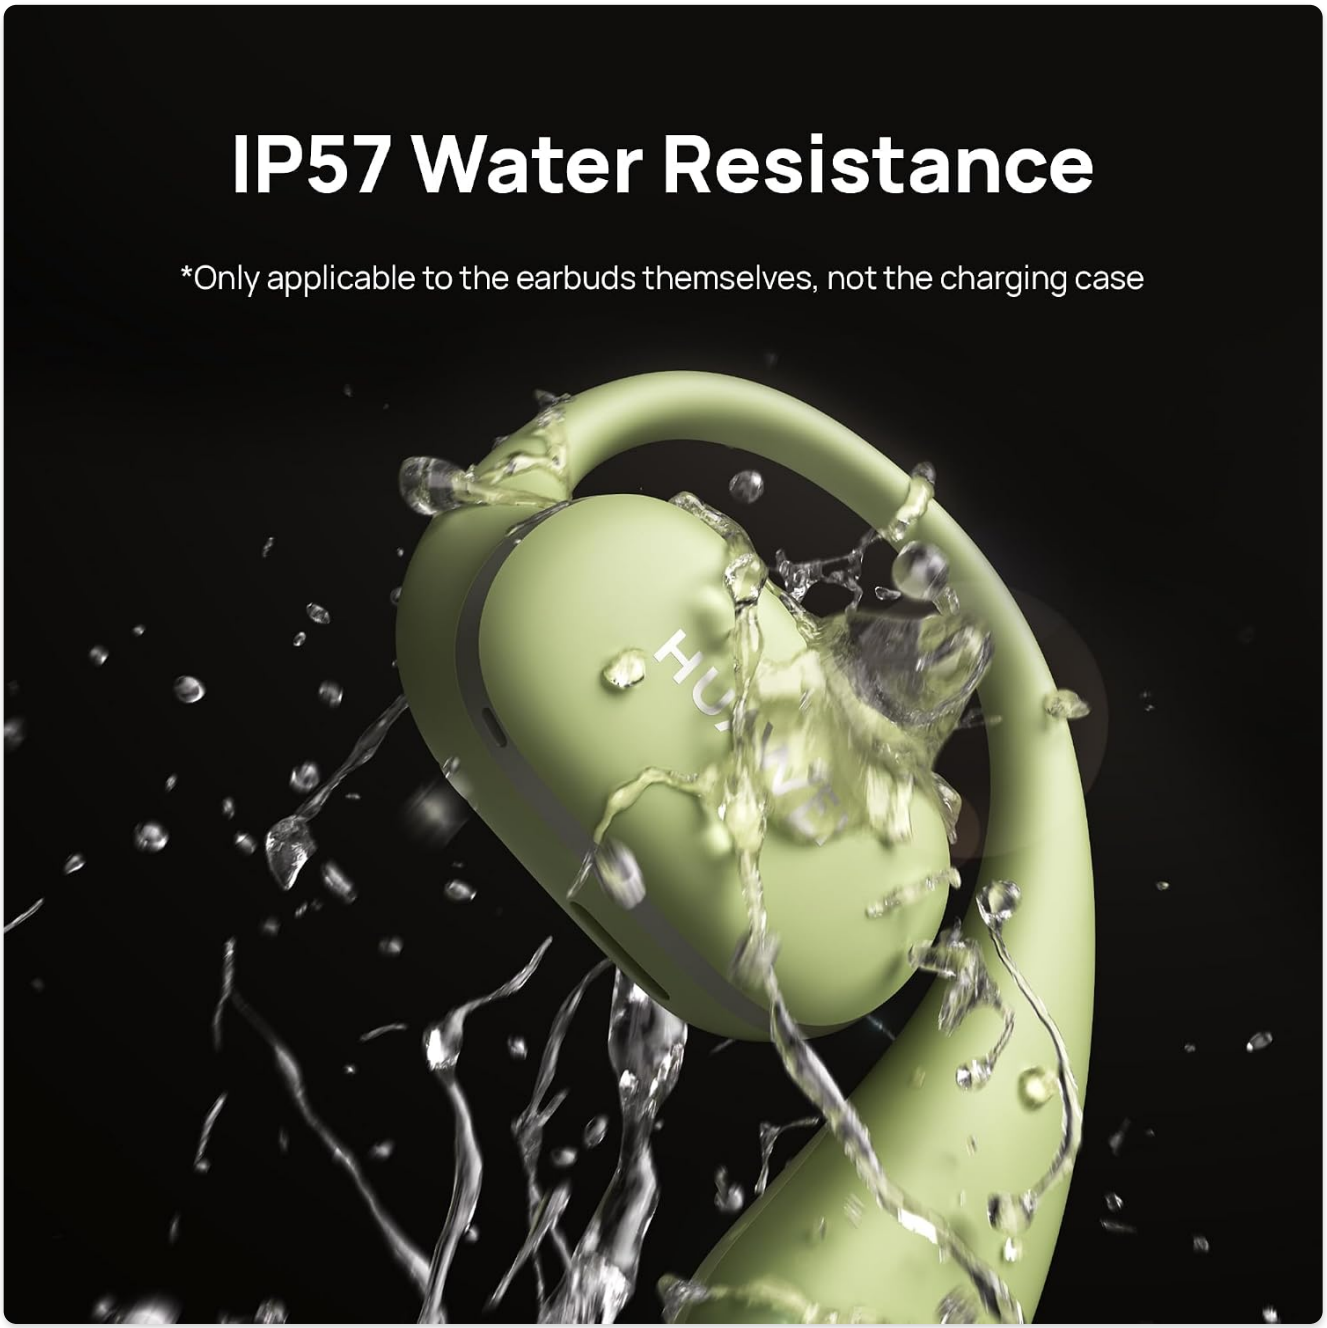

Image: A HUAWEI FreeArc earbud being splashed with water, illustrating its IP57 water resistance.

5.4 Ultra-Stable Calls

Experience clear calls with enhanced noise cancellation and sound pickup, even outdoors. This is achieved through a prime dual-mic layout and smart triple noise cancellation technology.

5.5 Skin-friendly Liquid Silicone & Ultra-thin Shape-Memory Alloy

The lightweight earbuds are 81.5% covered by soft liquid silicone for comfortable long-term wear. They are made of a 0.7mm high-performance Ni-Ti alloy, offering durability and flexibility.

6. Maintenance

6.1 Cleaning

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts are clean and dry before placing earbuds in the case.

6.2 Storage

- Store the earbuds in their charging case when not in use to protect them and keep them charged.

- Avoid storing in extreme temperatures or high humidity.

7. Troubleshooting

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, open the lid, and press the Function button until the indicator flashes white. Check your device's Bluetooth settings.
No sound from one earbud	Ensure both earbuds are charged. Try resetting the earbuds by placing them in the case and holding the Function button for 10 seconds. Re-pair with your device.
Low volume	Adjust volume on both the earbuds (swipe control) and your connected device.
Charging issues	Check the charging cable and power adapter. Ensure charging contacts on earbuds and case are clean.
