Setup and Installation

1. **Unpack the Pad:** Carefully remove the Fumoi M4 Waterproof Pad from its packaging.
2. **Prepare the Litter Box:** Ensure your litter box is clean and dry before placing the pad. If using a self-cleaning litter box, refer to its specific manual for any pre-installation steps.
3. **Position the Pad:** Place the waterproof pad inside the litter box, ensuring it fits snugly and covers the entire bottom surface. The seamless design should align with the contours of the litter box to maximize leak protection.
4. **Add Litter:** Pour your preferred cat litter directly onto the waterproof pad. Ensure the litter depth is appropriate for your cat and litter box type.

Operating Instructions

The Fumoi M4 Waterproof Pad functions as a protective liner within your cat's litter box. No specific operational steps are required for the pad itself beyond proper installation.

- Ensure the pad is always covered with an adequate layer of cat litter.
- Monitor the pad for any signs of wear or damage during routine litter box cleaning.

Maintenance and Cleaning

Regular cleaning of the Fumoi M4 Waterproof Pad is crucial for hygiene and product longevity.

1. **Remove Litter:** Empty all cat litter from the litter box.
2. **Remove Pad:** Carefully remove the waterproof pad from the litter box.
3. **Clean the Pad:** Wipe the pad clean with a damp cloth and mild soap. The PP waterproof coating allows for easy removal of waste. For stubborn residues, a soft brush can be used.
4. **Rinse and Dry:** Rinse the pad thoroughly with water to remove all soap residue. Allow the pad to air dry completely before placing it back into the litter box. Ensure no moisture remains to prevent bacterial growth.
5. **Reinstall:** Once dry, place the pad back into the clean litter box and add fresh litter.

Troubleshooting

Problem	Possible Cause	Solution
Pad does not fit properly.	Incorrect size or improper placement.	Ensure the pad dimensions match your litter box. Reposition the pad to ensure it sits snugly and evenly.
Litter sticks to the pad.	Insufficient litter depth or residue buildup.	Ensure adequate litter depth. Clean the pad thoroughly as per maintenance instructions.
Odor persists after cleaning.	Incomplete cleaning or moisture retention.	Ensure the pad is completely dry before re-use. Use a deodorizing cleaner safe for pet products. Consider replacing the pad if odor persists due to prolonged use.

Pad shows signs of wear/damage.	Normal wear and tear or excessive scratching.	While scratch-resistant, extreme scratching can cause damage. Replace the pad if significant wear or damage compromises its waterproof integrity.
