Ocean Loong AB01P

Ocean Loong Bladeless Tower Fan with Air Purifier User Manual

Model: AB01P | Brand: Ocean Loong

1. INTRODUCTION

The Ocean Loong Bladeless Tower Fan with Air Purifier is designed to provide both powerful cooling and advanced air purification for your home or office. Its innovative bladeless design ensures safety and quiet operation, while the integrated H12 High-Density Filter effectively removes airborne particles, contributing to a cleaner and healthier indoor environment. This manual provides detailed instructions for the safe and efficient use of your new appliance.

Figure 1: Ocean Loong Bladeless Tower Fan with included accessories.

2. PACKAGE CONTENTS

Please check the package contents upon unboxing to ensure all components are present:

- 1 x Tower Fan Body
- 1 x Fan Base
- 1 x Remote Control (with 2 x AAA batteries included)
- 1 x User Manual (this document)

3. SETUP AND ASSEMBLY

Follow these steps to assemble your Ocean Loong Bladeless Tower Fan:

3.1 Installing the Fan Base

Correct installation of the fan base is crucial for the proper functioning of the oscillation mechanism. Please refer to the video below for a visual guide.

Your browser does not support the video tag.

Video 1: Instructions for installing the AB01 Fan Base. This video demonstrates how to correctly attach the base to the fan body, ensuring the oscillation mechanism functions properly.

1. Carefully remove the fan body and base from the packaging.
2. Align the base with the bottom of the fan body, ensuring the locking tabs are correctly positioned.
3. Twist the base clockwise until it securely locks into place. You should hear a click.

Figure 2: The filter base and its connection points to the main unit. The filter base prevents hair and fur from entering the machine, causing motor or air outlet blockage.

3.2 Filter Installation

The H12 HEPA filter comes pre-installed or needs to be inserted into the base. Ensure it is properly seated for optimal air purification.

Figure 3: Components of the filter system, including the filter cover and H13 HEPA filter.

4. OPERATING INSTRUCTIONS

Your Ocean Loong Bladeless Tower Fan offers multiple ways to control its functions:

4.1 Control Panel (Touch Screen)

The intuitive LED touch-screen display on the fan body allows direct control over all features.

DUAL CONTROL METHOD

Figure 4: Dual control methods: Touch Control on the fan and Remote Control.

- **Power Button:** Press to turn the fan On or Off.
- **Wind Speed +/-:** Adjust between 9 speed settings.
- **Timer:** Set the fan to automatically turn off after 1 to 9 hours.
- **Sway (Oscillation):** Activate or deactivate the 120° horizontal oscillation.

4.2 Remote Control

The included remote control provides convenient operation from a distance (up to 10 meters).

- All functions available on the touch screen are also accessible via the remote control.
- Ensure the remote control has 2 AAA batteries installed (included).

4.3 Adjustable Tilt Head

The fan head can be manually tilted up to 210° to direct airflow precisely where needed.

Figure 5: The fan features a 360° tilt head and 120° horizontal oscillation for wide-angle airflow.

4.4 Air Purification Feature

The integrated H12 HEPA filter actively purifies the air, removing particles as small as 0.3 microns. This feature operates continuously when the fan is on, improving indoor air quality.

Effective Purification & Circulation of Surrounding Air

Figure 6: The fan's air purification system effectively circulates and cleans surrounding air by removing dust, pet dander, and other particles.

5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your fan.

5.1 Filter Replacement

The H12 HEPA filter should be replaced periodically depending on usage and air quality. Refer to the video for detailed instructions on replacing the filter.

Your browser does not support the video tag.

Video 2: Instructions for replacing the AB01 Fan Filter. This video guides you through the process of removing and installing a new filter.

1. Unplug the fan from the power outlet.
2. Locate the filter cover at the bottom of the fan.
3. Twist the cover counter-clockwise to unlock and remove it.
4. Carefully pull out the old H12 HEPA filter.
5. Insert the new filter, ensuring it is properly seated.

6. Replace the filter cover and twist clockwise to lock it.

5.2 Cleaning

To clean the exterior of the fan, use a soft, damp cloth. Do not use abrasive cleaners or allow water to enter the fan's internal components.

6. TROUBLESHOOTING

If you encounter issues with your fan, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	No power, power button not pressed, remote batteries dead.	Ensure fan is plugged into a working outlet. Press the power button on the fan or remote. Replace remote batteries.
Oscillation not working.	Base not installed correctly, oscillation function not activated.	Refer to Section 3.1 for base installation. Press the "Sway" button on the control panel or remote.
Weak airflow.	Low speed setting, dirty filter, obstructed air intake/outlet.	Increase speed setting. Clean or replace the H12 HEPA filter (Section 5.1). Ensure air intake at the base and outlet at the top are clear.
Unusual noise.	Fan not on a flat surface, internal obstruction, dirty filter.	Place the fan on a stable, flat surface. Check for any foreign objects near the air intake. Clean or replace the filter. If noise persists, contact customer support.

7. SPECIFICATIONS

Detailed technical specifications for the Ocean Loong AB01P Bladeless Tower Fan:

Feature	Detail
Model Name	Bladeless Tower Fan
Item Model Number	AB01P
Brand	Ocean Loong
Color	White
Product Dimensions	8.3"D x 8.3"W x 29"H
Item Weight	6.41 pounds
Power Source	Electric
Wattage	28 watts
Voltage	110 Volts
Noise Level	38 dB
Number of Power Levels	9 Speeds

Feature	Detail
Oscillation	120°
Tilt Head	210°
Timer	1-9 Hours
Control Method	Remote, Touch
Air Purification	H12 HEPA Filter (removes 0.3 micron particles)
Safety Feature	Bladeless Design
Manufacturer	Shenzhen Senhai Power Tech. Co., Ltd

74cm / 29in.

21cm / 8.3in.

Type: AB01P

Rating: A+

Voltage: 120V

Weight: 2.2KG

Noise: 25~42 dB

Timer: 1~9 Hours

Speeds: 1~9 Speeds

Size: L8.3*W8.3*H29 inch

Power: 28W

Oscillation: 120° Sway/ 270° Tilt Head

Control: Remote & LED Screen Touch
