Ouotoo Y888

Ouotoo Y888 3-in-1 Wireless Charging Station User Manual

Model: Y888 | Brand: Ouotoo

1. INTRODUCTION

The Ouotoo Y888 is a versatile 3-in-1 wireless charging station designed to simultaneously charge your compatible iPhone, Apple Watch, and AirPods. This device features MagSafe compatibility for secure iPhone charging, a dedicated spot for your Apple Watch, and a wireless charging pad for AirPods. Its compact design helps reduce cable clutter and optimize your charging space.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x Quotoo Y888 3-in-1 Wireless Charging Station
- 1 x PD 20W Power Adapter
- 1 x 1-meter Type-C Charging Cable
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW

The charging station integrates three distinct charging areas:

- **Magnetic Phone Charging Pad:** Located at the top, this pad is MagSafe compatible for secure and fast wireless charging of iPhones. It supports 360° rotation for flexible viewing angles.
- **Apple Watch Charging Module:** Positioned next to the phone charging pad, this module is designed for Apple Watch series.
- **AirPods Wireless Charging Base:** The flat base of the station provides wireless charging for compatible AirPods models.

4. SETUP

1. Connect the provided Type-C charging cable to the Type-C input port located at the back of the charging station.

2. Plug the other end of the Type-C cable into the supplied PD 20W power adapter.
3. Insert the power adapter into a wall outlet. The LED indicator on the base will illuminate, indicating the station is powered on and ready for use.

5. OPERATING INSTRUCTIONS

5.1 Charging Your iPhone

- Ensure your iPhone is MagSafe compatible (iPhone 12 series or newer) or has a MagSafe compatible case.
- Place your iPhone onto the magnetic charging pad at the top of the station. The magnets will align your phone correctly for optimal charging.
- The phone charging area can be adjusted by 360° to achieve your preferred viewing angle (portrait or landscape).

5.2 Charging Your Apple Watch

- Place your Apple Watch onto the dedicated charging module. The watch will magnetically attach and begin charging.

5.3 Charging Your AirPods

- Place your AirPods charging case (compatible with wireless charging) onto the flat charging base.
- Ensure the AirPods case is centered on the base for efficient charging.

5.4 LED Indicator Light

- The charging station features a smart LED indicator light on its base.
- Gently touch the touch switch (light bulb icon) on the base to turn the LED light on or off.

Image 5.1: The adjustable phone charging pad allows for ergonomic viewing angles.

Image 5.2: The LED indicator light can be toggled on or off for convenience.

6. COMPATIBILITY

This charging station is compatible with a wide range of Apple devices:

- **For iPhone:** iPhone Air, iPhone 17 series (Pro/Pro Max), iPhone 16 series (Pro/Pro Max), iPhone 15 series (Plus/Pro/Pro Max), iPhone 14 series (Pro/Pro Max/Plus), iPhone 13 series (mini/Pro/Pro Max), iPhone 12 series (mini/Pro/Pro Max). *Note: For optimal magnetic attachment, use iPhones with MagSafe technology or MagSafe-compatible cases.*
- **For Apple Watch:** Apple Watch Ultra 2, Ultra, Series 10, 9, 8, 7, 6, 5, 4, 3, 2, and Apple Watch SE.
- **For AirPods:** AirPods 2, AirPods Pro, AirPods 3. *Note: Not compatible with AirPods Model A1602, A2897. Ensure your AirPods case supports wireless charging.*

7. SAFETY PRECAUTIONS

The Quotoo Y888 charging station incorporates advanced safety features to protect your devices:

- **Overheating Protection:** Built-in technology actively monitors and manages temperature to prevent overheating during charging, improving stability and reducing device temperature.
- **Overcurrent Protection:** Safeguards against excessive current flow, protecting your devices from damage.
- **Overvoltage Protection:** Prevents damage from voltage fluctuations.
- **Foreign Object Detection:** Automatically stops charging if metal objects are detected on the charging surface.
- Use only the provided PD 20W adapter and Type-C cable for optimal performance and safety.
- Do not disassemble, modify, or repair the device yourself.
- Keep the device away from water, moisture, and high temperatures.

8. MAINTENANCE

- To clean the charging station, disconnect it from the power source.
- Use a soft, dry cloth to wipe the surfaces. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- Ensure no dust or debris accumulates in the charging ports or on the charging surfaces.

9. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the charging station is properly connected to the power adapter and wall outlet.
 - Verify that your device is correctly placed on its respective charging area and aligned.
 - Check if your phone case is MagSafe compatible or too thick, which might interfere with wireless charging.
 - Confirm your device is compatible with wireless charging.

- Try using a different wall outlet or power adapter (if available) to rule out power source issues.

- **LED indicator not working:**

- Gently touch the light bulb icon on the base to toggle the LED light on/off.
- Ensure the charging station is receiving power.

- **Slow charging:**

- Ensure you are using the provided PD 20W power adapter and cable. Lower wattage adapters may result in slower charging.
- Avoid placing metal objects or foreign materials on the charging surfaces.
- Ensure your device is properly aligned on the charging pad.

10. SPECIFICATIONS

Feature	Specification
