Setup

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging port on the case and plug the other end into a USB power source. The LED display on the case will show the charging progress. A full charge for the case takes approximately 1.5 hours.

The charging case connected via USB-C cable, with an overlay indicating 1.5 hours charging time for the case and 6-8 hours playtime for earbuds.

2. Pairing with Your Device

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "A97 Pro" from the list.
4. Once connected, you will hear a confirmation prompt, and the earbuds will be ready for use.

Thanks to Bluetooth 5.4 technology, pairing is seamless, offering a stable connection and lower latency.

One Step Pairing

Open charging case,
Bluetooth connected.
Seamlessly switch between
Single and dual earphones.

3. Wearing the Earbuds

Choose the eartips that provide the most comfortable and secure fit for your ears. Insert the earbuds gently into your ear canal and twist slightly to ensure a snug fit. A proper fit is crucial for optimal sound quality and noise cancellation.

Ultra light + Comfortable

Ultra lightweight design for a comfortable fit
No pain for long time wear

Operating Instructions

Touch Controls

The A97 Pro earbuds feature intuitive touch controls on each earbud. Refer to the table below for common functions:

Function	Left Earbud	Right Earbud
Play/Pause	Tap once	Tap once
Next Song	Tap twice	Tap twice
Previous Song	Press and hold for 2s	Press and hold for 2s
Answer/End Call	Tap once	Tap once
Reject Call	Press and hold for 2s	Press and hold for 2s
Activate Voice Assistant (Siri, Google Assistant)	Quickly tap three times	Quickly tap three times

Detailed diagram illustrating the touch control functions for both left and right earbuds.

Mono/Dual Mode

The A97 Pro earbuds support both mono and dual modes. You can use either earbud independently while the other is in the charging case, or use both together for a stereo experience. The earbuds seamlessly switch between these modes.

Visual explanation of how to use the earbuds in either mono (single earbud) or dual (both earbuds) mode.

Audio Quality

Experience Hi-Fi stereo sound with deep bass, powered by 13mm vibrating diaphragms and AAC/SBC audio coding technology. The earbuds are designed to deliver a rich and immersive audio experience.

Maintenance

Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the surfaces. For the eartips, remove them and clean with a mild soap solution if necessary, then rinse and dry thoroughly before reattaching.

Water Resistance

The earbuds are IP7 waterproof, making them resistant to sweat, dust, and rain. However, they are not designed for swimming or submersion in water. Ensure the charging port is dry before charging to prevent damage.

Waterproof And Sweatproof

IP7
Waterproof

The earbuds and case with water droplets, visually confirming their IP7 waterproof and sweatproof capabilities.

Troubleshooting

- Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid. Check your device's Bluetooth settings and try reconnecting. If issues persist, try forgetting the device on your phone and re-pairing.
- No sound from one earbud:** Place both earbuds back into the charging case, close the lid, and then open it again. This often re-syncs them.

- Charging issues:** Ensure the USB-C cable is securely connected to both the case and the power source. Check if the charging port is clean and free of debris.
- Poor sound quality:** Ensure the earbuds are properly seated in your ears and that the eartips provide a good seal. Check for any obstructions in the earbud's speaker mesh.
