

INTERGREAT MSC-D18

INTERGREAT MSC-D18 72-Inch Metal Storage Cabinet Instruction Manual

Brand: INTERGREAT

Model: MSC-D18

PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your INTERGREAT MSC-D18 72-inch metal storage cabinet. Designed for durability and security, this cabinet features adjustable shelves and a robust locking system, suitable for various environments including garages, offices, homes, gyms, and schools.

Key Features

- **Practical Design:** Equipped with 4 adjustable shelves for adaptable and convenient storage. Create a unique storage space to suit your needs.
- **High-Quality Material:** Whole-in-one reinforced heavy-duty metal frame with a load capacity up to 180 lbs per shelf. The steel plate thickness is 0.88mm, ensuring solid and strong construction for basic storage needs.
- **Large Space Design:** Measuring 18"D x 36"W x 72"H, this cabinet offers a maximum load capacity of 900 lbs. Ideal for storing laundry detergent, tools, and other items to maintain a clean and comfortable living environment.
- **High Security Locking System:** Features an upgraded 3-point lock system for enhanced security of valuables and important items. Includes 2 spare keys.
- **Easy Assembly:** Comes with easy-to-follow instructions and numbered parts, allowing for straightforward assembly. Contact us for assistance with installation or product use.

IMPORTANT SAFETY INFORMATION

Do not exceed the weight capacity of 720 pounds. Ensure proper installation to avoid tipping.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (various sizes)

- Screws (Rx41, Sx4, Ux16)
- Nuts (Tx4)
- Shelf Clips (Vx16)
- Door Hinges (Wx2)
- Door Hinge Gaskets (Xx4)
- Casters/Wheels (Ox2, Px2)
- Expansion Screws (Mx2)
- Screwdriver
- Wrench
- Gloves

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your INTERGREAT MSC-D18 metal storage cabinet. It is recommended to have two people for assembly.

Step 1: Prepare the Base Panels

Lay out the base panels (C and D) on a clean, flat surface. Attach the connecting rails using the provided screws (S) and nuts (T).

Image: Visual guide for the initial assembly steps, showing panels and hardware.

Step 2: Attach Side Panels

Connect the side panels (A and B) to the base assembly. Secure them with screws (R).

Step 3: Install Top and Back Panels

Attach the top panel (K) and back panel (G) to form the main frame. Use screws (R) to secure these components.

Step 4: Install Caster Wheels

Attach the directional wheels (O) and brake wheels (P) to the bottom of the cabinet using screws (U). Ensure brake wheels are positioned for easy access.

Step 5: Insert Shelf Clips and Shelves

Insert the shelf clips (V) into the desired slots on the cabinet's interior. Place the adjustable shelves (J) onto the clips.

Step 6: Attach Doors

Install the door hinges (W) and attach the cabinet doors (E and F). Ensure the doors align properly and swing freely.

Step 7: Install Handles and Magnetic Clips

Attach the handles to the doors using the provided screws. Fix the magnetic clips (X) to the top and bottom of the cabinet frame to secure the doors when closed.

OPERATING INSTRUCTIONS

Adjusting Shelves

To adjust the height of the shelves, remove any items from the shelf. Carefully lift the shelf and remove the shelf clips from their current slots. Reinsert the clips into the desired slots at the new height, ensuring they are level and secure. Place the shelf back onto the clips.

Locking and Unlocking

To lock the cabinet, ensure both doors are fully closed. Insert the key into the lock on the right door and turn it to engage the 3-point locking mechanism. To unlock, insert the key and turn it to disengage the lock, then open the doors.

MAINTENANCE

Cleaning

Wipe down the cabinet surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Dry thoroughly after cleaning.

Inspection

Periodically inspect all screws and connections to ensure they remain tight. Tighten any loose fasteners to maintain stability and safety. Check the casters for smooth operation and clean any debris that may hinder movement.

TROUBLESHOOTING

Cabinet Instability

- Ensure all assembly screws are fully tightened.
- Verify the cabinet is placed on a level surface.
- If using casters, ensure they are locked when the cabinet is stationary.
- For added stability, consider anchoring the cabinet to a wall using appropriate hardware (not included, but recommended for heavy loads).

Doors Not Closing Properly

- Check door hinges for proper alignment and tightness.

- Ensure the magnetic clips are correctly installed and aligned with the doors.
- Verify that no items inside the cabinet are obstructing the doors.

Damaged or Missing Parts

- If any parts were damaged during shipping or are missing, please contact INTERGREAT customer service for assistance.

PRODUCT SPECIFICATIONS
