XINFUTE RM-L1195+X

XINFUTE HUAYU RM-L1195+X Universal LCD/LED TV Remote Control

Model: RM-L1195+X

Introduction

The XINFUTE HUAYU RM-L1195+X is a universal remote control designed for a wide range of LCD and LED televisions. It offers comprehensive control functionalities, serving as a replacement for original remote control units. This manual provides detailed instructions for setup, operation, and maintenance.

Image Description: This image displays the XINFUTE HUAYU RM-L1195+X universal remote control, still sealed in its clear plastic packaging. The remote is black with various function buttons, including power, number keys, volume, channel, and dedicated buttons for brands like SHARP, SONY, Panasonic, and streaming services like Netflix and YouTube. A blue and purple label at the bottom of the package highlights "RM-L1195+X Universal LCD/LED Remote Control" and states its compatibility with "world famous brand and 99% unknown brand TVs."

Setup

Battery Installation

The RM-L1195+X remote control requires two AAA batteries for operation. Batteries are not included with the remote.

1. Locate the battery compartment on the back of the remote control.

2. Slide the battery cover downwards or press the latch to open it.
3. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Replace the battery cover by sliding it back into position until it clicks securely.

Image Description: This image shows the back of the XINFUTE HUAYU RM-L1195+X remote control. The battery cover has been removed, revealing the two slots for AAA batteries. The internal springs and contact points are visible, along with a small white sticker containing serial or manufacturing information. Next to the remote, the detached battery cover is shown, ready to be reattached.

Operating Instructions

The RM-L1195+X remote control is designed for ease of use with most LCD/LED TVs. It offers two primary methods for connecting to your television: Brand Searching and Auto Searching.

Image Description: This image provides a clear, straight-on view of the XINFUTE HUAYU RM-L1195+X universal remote control. All buttons are visible, including the power button at the top, number pad, volume and channel controls, navigation arrows, and dedicated buttons for various TV brands and functions like Netflix and YouTube. The remote is black with white, blue, and red buttons.

Method 1: Brand Searching

1. Turn on your TV set manually.
2. Aim the remote control at your TV.
3. Press and hold the corresponding brand button on the remote control (e.g., SHARP, SONY, Panasonic, etc.). The indicator lamp on the remote will flash.
4. When the volume symbol appears on your TV screen, release the brand button immediately. The indicator lamp will turn off, signifying successful setup.

Method 2: Auto Searching

1. Press and hold the "SET" button for approximately 6 seconds. The indicator lamp on the remote will light up.
2. The remote control will enter automatic search mode.
3. Point the remote at your TV. When the volume symbol appears on your TV screen, release the "SET" button immediately.
4. If the "SET" button is not released promptly, the remote may continue searching. If this occurs, repeat the auto-searching process.

Compatible Brands (Partial List)

The RM-L1195+X is compatible with a wide range of TV brands, including but not limited to:

- SHARP
- SONY
- Panasonic
- SANYO
- HITACHI
- TOSHIBA
- PHILIPS
- LG
- SAMSUNG
- HISENSE
- SKYWORTH
- CHANGHONG
- SUPRA
- PRIMA
- Haier
- AKIRA
- AOC
- KONKA
- JVC
- BBK
- OPENBOX
- ELENBREG
- RED KONKA
- GREEN THOMSON
- YELLOW DAEWOO
- BLUE JVC
- And many more...

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the remote control. Avoid using liquid cleaners or abrasive materials.
- **Battery Replacement:** Replace batteries when the remote's performance degrades or the indicator light fails to illuminate. Always replace both batteries at the same time with new ones of the same type.

- **Storage:** If the remote will not be used for an extended period, remove the batteries to prevent leakage and potential damage.
- **Avoid Damage:** Do not drop the remote, expose it to extreme temperatures, or immerse it in water.

Troubleshooting

- **Remote not responding:**

  Ensure batteries are correctly installed with correct polarity.

  Replace old batteries with new ones.

  Ensure there are no obstructions between the remote and the TV's infrared receiver.

  Verify the remote is correctly programmed to your TV using either Brand Searching or Auto Searching methods.

- **Volume symbol appears but remote doesn't control TV:**

  During Brand Searching or Auto Searching, ensure you release the button immediately when the volume symbol appears. Releasing too late may cause the remote to skip the correct code.

  Repeat the programming process carefully.

- **Some functions not working:**

  While this is a universal remote, some advanced or specific functions of your original TV remote may not be fully supported. Basic functions like power, volume, channel, and input selection should work.

  Ensure the remote is correctly programmed for your specific TV model.
