Redragon M725

Redragon M725 Tri-Mode Wireless Gaming Mouse User Manual

Model: M725

Introduction

Thank you for choosing the Redragon M725 Tri-Mode Wireless Gaming Mouse. This manual provides essential information for setting up, operating, and maintaining your new mouse. The M725 offers versatile connectivity options, a lightweight design, and customizable features to enhance your gaming and productivity experience.

Key Features:

- Tri-Mode Connectivity: USB-C Wired, Bluetooth 5.1, and 2.4GHz Wireless.
- Ultra-Lightweight Honeycomb Shell: Weighs approximately 49g for comfortable extended use.
- Adjustable DPI: Up to 8000 DPI with 5 redefinable levels.
- 5 Programmable Buttons: Customize functions and macros.
- High Precision Optical Sensor.

Setup

Package Contents

- Redragon M725 Gaming Mouse
- USB-C to USB-A Cable
- 2.4GHz USB Receiver
- User Manual

Charging the Mouse

Before first use, it is recommended to fully charge the mouse. Connect the provided USB-C cable to the mouse's front port and the other end to a USB power source (e.g., computer USB port, USB wall adapter). The LED indicator will show charging status and turn off when fully charged.

Connecting the Mouse

The M725 supports three connection modes: 2.4GHz Wireless, Bluetooth 5.1, and USB-C Wired. Use the switch on the bottom of the mouse to select your desired mode.

Image: The Redragon M725 mouse highlighting its tri-mode connectivity options: USB-C, Bluetooth 5.1, and 2.4GHz wireless.

2.4GHz Wireless Mode

1. Locate the 2.4GHz USB receiver, usually stored in a compartment on the bottom of the mouse.
2. Plug the USB receiver into an available USB port on your computer.
3. Slide the mode switch on the bottom of the mouse to the "2.4G" position.
4. The mouse should connect automatically. If not, press any mouse button to wake it up.

Bluetooth 5.1 Mode

1. Slide the mode switch on the bottom of the mouse to the "BT" position.
2. The mouse's indicator light will start blinking, indicating it's in pairing mode.
3. On your computer or device, open Bluetooth settings and search for new devices.
4. Select "Redragon M725" from the list of available devices to pair.
5. Once paired, the indicator light will become solid or turn off.

USB-C Wired Mode

1. Connect the USB-C end of the cable to the mouse and the USB-A end to your computer.
2. Slide the mode switch on the bottom of the mouse to the "OFF" position. This ensures a stable wired connection and charges the mouse.
3. The mouse will function as a standard wired mouse.

Operating Instructions

Power On/Off and Mode Switching

The switch on the bottom of the mouse allows you to select between 2.4G wireless, Bluetooth (BT), and Off modes. Set to "OFF" when not in use to conserve battery or when using wired mode.

DPI Adjustment

The M725 features adjustable DPI settings to suit different tasks and gaming preferences. The default DPI levels are 400, 800, 1600, 2400, and 4000. The maximum DPI is 8000.

- Use the DPI button (usually located behind the scroll wheel) to cycle through the preset DPI levels.
- An indicator light (color may vary) will briefly show the current DPI level.

Programmable Buttons

The mouse is equipped with 5 programmable buttons, including the left click, right click, scroll wheel click,

and two side buttons. These buttons can be customized using the Redragon software.

Customization with Software

For advanced customization, download the dedicated Redragon software from the official Redragon website. The software allows you to:

- Redefine button functions.
- Create and assign complex macros.
- Adjust DPI levels and polling rates with finer control.

- Manage multiple configuration profiles.

Note: The customization software is not supported when the mouse is connected via Bluetooth mode. It functions with Type-C Wired and 2.4GHz Wireless modes.

Maintenance

Cleaning

- Use a soft, dry cloth to wipe the surface of the mouse.

- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution.
- Avoid using harsh chemicals or abrasive materials.
- Ensure no liquid enters the mouse's internal components, especially through the honeycomb shell.

Battery Care

The M725 mouse has a built-in rechargeable battery. To maximize battery life:

- Charge the mouse regularly, especially when the battery low indicator appears.
- Avoid completely draining the battery frequently.
- Store the mouse in a cool, dry place when not in use for extended periods.
- The mouse offers up to 44 hours of non-stop use on a full charge.

Troubleshooting

Mouse Not Responding

- **Check Battery:** Ensure the mouse is charged. Connect it via USB-C cable.
- **Check Mode Switch:** Verify the switch on the bottom of the mouse is set to the correct mode (2.4G, BT, or OFF for wired).
- **2.4GHz Connection:** Ensure the USB receiver is securely plugged into a working USB port. Try a different USB port.
- **Bluetooth Connection:** Re-pair the mouse with your device. Ensure Bluetooth is enabled on your device.
- **Wired Connection:** Ensure the USB-C cable is properly connected and try a different USB port.

DPI Not Changing

- Ensure you are pressing the correct DPI cycle button.
- If using custom DPI settings, verify they are correctly configured in the Redragon software and that the mouse is in a compatible mode (2.4G or Wired).

Lag or Disconnections

- **Interference:** Move the mouse closer to the receiver (for 2.4GHz) or your device (for Bluetooth). Avoid obstacles between the mouse and receiver/device.
- **Other Wireless Devices:** Minimize interference from other wireless devices operating on similar frequencies.
- **Battery Level:** A low battery can affect wireless performance. Charge the mouse.

Specifications

Model	M725
Connectivity	2.4GHz Wireless, Bluetooth 5.1, USB-C Wired
DPI Levels	400/800/1600/2400/4000 (Default), up to 8000 DPI
Polling Rate	Adjustable (125Hz, 250Hz, 500Hz, 1000Hz)
Buttons	5 Programmable Buttons

Weight	Approximately 49g
Sensor	High Precision Optical Sensor
Battery Life	Up to 44 hours (non-stop use)
Hand Orientation	Right
Compatible OS	Windows
Wireless Range	Up to 10 meters
Material	Plastic
Dimensions (L x W)	4.76" x 2.5"
