

Vacfore S5N

Vacfore S5N Cordless Stick Vacuum Cleaner Instruction Manual

Model: S5N

INTRODUCTION

Thank you for choosing the Vacfore S5N Cordless Stick Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new vacuum. Please read all instructions carefully before use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury. This appliance is for household use only. Do not use outdoors or on wet surfaces. Do not allow to be used as a toy. Close attention is necessary when used by or near children. Use only as described in this manual. Use only manufacturer's recommended attachments.

- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust cup and/or filters in place.
- Do not pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not immerse the vacuum cleaner in water or other liquids.
- Always turn off the appliance before connecting or disconnecting the motorized brush.

SETUP AND ASSEMBLY

Follow these steps to assemble your Vacfore S5N vacuum cleaner:

1. **Attach the Extension Tube:** Insert the adjustable extension tube into the main body of the vacuum until it clicks securely into place.
2. **Connect the Floor Brush:** Attach the motorized floor brush to the other end of the extension tube, ensuring it clicks firmly.

3. **Install Attachments:** For handheld use or specific cleaning tasks, attach the desired accessory (crevice tool or 2-in-1 cleaning brush) directly to the main body or the extension tube.

Charging the Battery

Before first use, fully charge the vacuum for approximately 5 hours. The battery indicator on the main body will show charging status.

- Connect the charger to the charging port on the main body.
- Plug the charger into a power outlet.
- Alternatively, you can remove the battery pack and charge it separately.

OPERATING INSTRUCTIONS

Power On/Off and Suction Modes

- Press the power button to turn the vacuum on.
- The Vacfore S5N features 2 adjustable suction levels. Press the mode button to switch between low and high suction power, adapting to different cleaning needs.

3-in-1 Brush Roll and LED Headlight

The versatile 3-in-1 brush roll is designed for effective cleaning on various surfaces, including hard floors, tiles, and carpets. Its anti-tangle design helps prevent hair wrap, making it suitable for homes with pets.

The integrated green LED headlight illuminates the cleaning path, making hidden dust, pet hair, and debris visible, especially in dark areas or under furniture.

Flexible and Self-Standing Design

The lightweight design (2.7 lbs) and 180° swivel head allow for effortless maneuverability around furniture and into tight corners. The self-standing feature enables you to pause cleaning anytime without needing to lean the vacuum against a wall or holder.

Glide Through Corners With Effortless Grace

MAINTENANCE

HEPA Filter Cleaning

The 5-layer filtration system with an upgraded HEPA filter traps 99.99% of fine dust and allergens. To maintain optimal suction and performance, clean the HEPA filter every 2 to 3 weeks. Ensure the filter is completely dry before reinserting.

All in One Storage For A Tidier Home.

Dust Cup Washing

The 1L dust cup is fully washable. Regularly empty and wash the dust cup with water to prevent buildup and maintain hygiene. Ensure it is completely dry before reattaching to the main body.

Brush Roll Cleaning

The anti-tangle design of the brush roll minimizes hair wrap. However, periodically check and clean the brush roll to remove any tangled

hair or debris that may affect performance.

TROUBLESHOOTING

If you encounter any issues with your Vacfore S5N, please refer to the following common troubleshooting steps:

- **Vacuum not turning on:** Ensure the battery is fully charged. Check if the battery pack is securely attached to the main body.
- **Loss of suction:** Check if the dust cup is full and empty it if necessary. Inspect the HEPA filter for clogs and clean it. Ensure there are no blockages in the extension tube or floor brush.
- **Brush roll not spinning:** Turn off the vacuum and check the brush roll for any tangled hair or debris. Remove any obstructions.
- **Unusual noise:** Turn off the vacuum and inspect all parts for any loose components or foreign objects.

If the problem persists after following these steps, please contact customer support.
