Philips Norelco Shaver i9000 Prestige

Model: XP9201/88

Brand: Philips Norelco

INTRODUCTION

The Philips Norelco Shaver i9000 Prestige (Model XP9201/88) is an advanced wet and dry electric shaver designed for ultimate closeness and skin comfort. Featuring SenseIQ Technology, Triple Lift & Cut System, and 360° Precision Flexing Heads, it adapts to your unique beard density and facial contours for an efficient and smooth shave.

Key Features

- **TRIPLE ACTION LIFT & CUT TECHNOLOGY:** Experience skin-level closeness - up to 0.00mm close for an all-day smooth shave.
- **360° PRECISION FLEXING HEADS:** Precision in hard-to-shave areas like the neck and under the nose: the new flexible compact heads adapt to every curve of your face and provide constant skin contact for 20% more precise shave.
- **EFFICIENT IN EVERY PASS:** Designed to cut hair in any direction thanks to the 360 rotating NanoTech Precision blades with 150,000 cutting actions per minute. Efficient even on a 7-day beard.
- **ULTIMATE SKIN COMFORT:** 50% Reduced friction / smoother glide on skin with Hydro SkinGlide Coating: 500,000 hydrophilic bead coating per cm.
- **POWER ADAPT SENSOR:** Measures beard density 500x per second, and intelligently auto-adaps motor speed – resulting in no tugging or pulling for ideal skin comfort.
- **LIVE COACHING:** Live-Action Pressure Light Sensor provides real-time guidance for optimal pressure and a personalized shave just for you.
- **BLUETOOTH ENABLED:** App-connected for motion sensor tracking and device performance tracking.
- **100% WATERPROOF:** Built to last longer with up to 5-year warranty and 2-year self-sharpening blades lifetime so you can enjoy ultimate reliability and performance every day.
- **PREMIUM ACCESSORIES:** 1x 5+1 precision beard styler, 1x nose trimmer, 1x charging stand, 1x Quick Clean Pod, 1x cleaning cartridge, 1x travel case, 1x cleaning brush.

This image displays all components included in the Philips Norelco Shaver i9000 Prestige package. It features the main shaver unit, a charging stand, a Quick Clean Pod with a cleaning cartridge, a travel case, a 5+1 precision beard styler, a nose trimmer, and a USB-A charging cable. Note that a power adapter is not included.

Initial Charging

Before first use, fully charge your shaver. Connect the charging cable to the charging stand and plug it into a power source. Place the shaver on the charging stand. The display will show the battery percentage. A full charge provides up to 60 minutes of shaving time. A 5-minute quick charge provides enough power for one shave.

Assembling Attachments

To attach the beard styler or nose trimmer, simply pull off the shaving head and click the desired attachment into place. Ensure it clicks securely.

OPERATING YOUR SHAVER

Wet & Dry Shaving

The Philips Norelco Shaver i9000 Prestige is designed for both wet and dry use.

- **Dry Shave:** For a quick and convenient shave, use the shaver on dry skin.
- **Wet Shave:** For enhanced skin comfort, use with shaving foam or gel. The shaver is 100% waterproof and can be used in the shower.

Shaving Technique

For optimal results, use circular motions with the rotary shaving heads. The 360° Precision Flexing Heads adapt to your facial contours, ensuring constant skin contact.

SenseIQ Technology & Pressure Guidance

The shaver features SenseIQ Technology with a Live-Action Pressure Light Sensor. This ring around the shaving head changes color to indicate the pressure you are applying:

- **Blue:** Too little pressure.
- **Green:** Optimal pressure for an efficient and comfortable shave.
- **Orange/Red:** Too much pressure.

Adjust your pressure to maintain a green light for the best shaving experience and to minimize skin irritation.

This official Philips Norelco video highlights the key features of the i9000 Prestige shaver. It visually demonstrates the Triple Lift & Cut system achieving a 0.00mm skin-level shave, the adaptability of the 360° Precision Flexing Heads for hard-to-reach areas, and the intelligent SenseIQ technology that guides optimal pressure for skin comfort. The video also showcases the efficiency of the Dual SteelPrecision Blades on different beard lengths.

MAINTENANCE AND CLEANING

Daily Cleaning

After each use, rinse the shaver head under warm running water. You can open the shaving head by pressing the release button to thoroughly rinse the internal components.

Quick Clean Pod

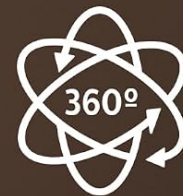

For a hygienic deep clean, use the Quick Clean Pod.

1. Remove the shaving head from the shaver.

2. Open the Quick Clean Pod and insert a cleaning cartridge.
3. Place the shaver head-first into the pod.
4. Press the power button to start the cleaning cycle. The shaver will automatically clean, lubricate, and dry itself.

The Quick Clean Pod provides deep cleaning in just 1 minute, active lubrication, and a fresh fragrance.

TROUBLESHOOTING

Common Issues

Problem	Possible Cause	Solution
Shaver not turning on	Battery is low or travel lock is activated.	Charge the shaver. Deactivate travel lock by pressing and holding the power button for 3 seconds.
Poor shaving performance	Shaving heads are dirty or worn. Incorrect pressure applied.	Clean the shaving heads thoroughly. Replace shaving heads if worn (recommended every 2 years). Adjust pressure according to the SenseIQ light guidance.

Problem	Possible Cause	Solution
Skin irritation	Too much pressure applied. Skin not accustomed to electric shaving.	Reduce pressure (aim for green light). Allow skin to adapt; use a gentle shaving gel.
