AODK 6-Tier Fabric Storage Chest

AODK 6-Tier Fabric Storage Chest with Shelves - White

Instruction Manual

INTRODUCTION

Thank you for purchasing the AODK 6-Tier Fabric Storage Chest with Shelves. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage unit. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

WARNING: Anti-Tip Hazard. To prevent tipping, this unit must be securely fastened to the wall using the provided wall-mounting hardware. This is especially crucial in households with children or pets to ensure their safety. Always ensure the unit is placed on a flat, stable surface. Do not overload shelves or drawers beyond their specified weight limits.

PACKAGE CONTENTS

Before beginning assembly, please verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Iron Frame Components
- Melamine-processed Boards (for shelves and top)
- Fabric Drawers (6 units) with MDF board inserts
- Adjustable Feet (4 units)
- Wall-Mounting Hardware (anti-tip kit)
- Assembly Wrench
- Assembly Instruction Manual
- All necessary screws and fasteners

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. A wrench is included, so no additional tools are needed. Clear instructions are provided to facilitate assembly.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the parts list in the included assembly manual to identify each piece.
2. **Assemble the Frame:** Connect the iron frame components according to the diagrams in the assembly manual. Ensure all screws are tightened securely but do not overtighten.
3. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the frame. These can be adjusted later to ensure stability on uneven floors.
4. **Install Boards:** Place the melamine-processed boards onto the designated frame sections to form the shelves and top surface. Secure them with the provided fasteners.
5. **Prepare Drawers:** The fabric drawers are foldable. Insert the MDF board into the bottom of each drawer to give it shape and stability.
6. **Insert Drawers:** Place the assembled fabric drawers into their respective compartments in the frame.
7. **Install Anti-Tip Device:** Attach the wall-mounting hardware to the top rear of the unit and to a wall stud, following the detailed instructions in the assembly manual. This step is critical for safety.
8. **Final Check:** Ensure all connections are secure and the unit is stable. Adjust the feet if necessary.

OPERATING INSTRUCTIONS

This storage chest is designed for organizing various items in your home. It features three open shelves for display and six fabric drawers for concealed storage.

- **Open Shelves:** Utilize the top three open shelves for displaying decorative items, books, or frequently accessed essentials. Be mindful of the weight capacity for each shelf.
- **Fabric Drawers:** The six fabric drawers are ideal for storing clothes, accessories, documents, toys, or other household items. The built-in MDF board helps maintain the drawer's shape even with moderate weight.
- **Weight Distribution:** Distribute weight evenly across shelves and drawers to maintain stability. Avoid placing excessively heavy items on the top shelves.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your storage chest.

- **Cleaning Surfaces:** The melamine-processed boards are resistant to scratches, heat, and water. For daily cleaning, simply wipe surfaces with a damp cloth. For stubborn stains, use a mild detergent and then wipe dry. Avoid abrasive cleaners.
- **Cleaning Drawers:** The fabric drawers should not be washed. If a drawer has a slight odor upon arrival due to special materials, place it in a well-ventilated area for several days. For general cleaning, use a soft, dry cloth or a lint roller to remove dust and debris.
- **Frame Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Stability Check:** Regularly check the stability of the unit and ensure the anti-tip device is still securely fastened to the wall.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Uneven floor; loose connections.	Adjust the leveling feet at the bottom of the frame. Ensure all screws are tightened. Verify the anti-tip device is installed correctly.
Drawers do not slide smoothly.	Drawer not fully formed; obstruction; overloaded.	Ensure the MDF board is fully inserted into the bottom of the fabric drawer. Check for any items obstructing the drawer's movement. Reduce the weight in the drawer.

Problem	Possible Cause	Solution
Slight odor from drawers.	New product material odor.	This is normal and harmless. Place drawers in a well-ventilated area for several days before use. Do not wash the drawers.
Missing or damaged parts.	Manufacturing or shipping error.	Contact customer support immediately with your purchase details.

WARRANTY AND SUPPORT

AODK is committed to providing high-quality products. In the unlikely event of initial defects with your purchased product, please feel free to contact us.

For support inquiries, please refer to your purchase platform or contact the seller directly. Please have your order number and product details ready when contacting support.

Each product is verified with a unique code by our company before shipment to ensure authenticity and quality.
