Generic All-In-One Multi-Purpose Cleaning System User Manual

Model: esw98f49-1

INTRODUCTION

This manual provides instructions for the safe and effective use of the Generic All-In-One Multi-Purpose Cleaning System. This system utilizes concentrated cleaning tablets designed for instant stain removal across various surfaces in your home, kitchen, and bathroom.

SETUP

1. **Unpack Contents:** Carefully remove the spray bottle and cleaning tablets from the packaging.
2. **Prepare the Bottle:** Ensure the reusable spray bottle is clean and empty before first use.
3. **Add Water:** Fill the reusable spray bottle with water. The exact volume will depend on the bottle size, typically to the fill line or near the top, leaving space for the tablet.
4. **Insert Tablet:** Drop one concentrated cleaning tablet into the water-filled spray bottle.
5. **Dissolve:** Allow the tablet to fully dissolve in the water. This may take a few minutes. The solution is ready when the tablet has completely disappeared and the water is uniformly colored.

Surfactants

Sodium bicarbonate

Citric acid

Lavender essence

Sodium carbonate

OPERATING INSTRUCTIONS

1. **Prepare Surface:** For best results, remove any loose debris from the surface to be cleaned.
2. **Spray Solution:** Once the tablet is fully dissolved, spray the cleaning solution directly onto the dirty surface. Ensure adequate coverage of the stained area.
3. **Allow to Penetrate:** Let the solution sit for a few moments (e.g., 1-2 minutes) to allow it to penetrate and break down dirt and stains. Avoid letting the solution dry on the surface.
4. **Wipe Clean:** Using a clean cloth or sponge, wipe the treated surface until clean. For stubborn stains, a second application or light scrubbing may be necessary.
5. **Rinse (Optional):** For food contact surfaces or if a residue is observed, rinse the surface with clean water after wiping.

MAINTENANCE

- **Bottle Cleaning:** Periodically rinse the spray bottle with clean water to prevent residue buildup.
- **Storage:** Store the cleaning tablets in their original packaging in a cool, dry place, away from direct sunlight and moisture. Keep the prepared solution in the spray bottle with the cap securely closed.
- **Refilling:** When the solution runs out, simply repeat the setup steps by adding a new tablet and water to the reusable spray bottle.

Maximum Clean, Low Eco Impact

Reduced Plastic Waste With Concentrated
Tablets And Reusable Bottles

Image: Emphasizes the eco-friendly aspect of using concentrated tablets and reusable bottles.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Tablet not dissolving completely.	Insufficient water temperature or not enough time.	Use lukewarm water if available. Allow more time for dissolution (up to 15 minutes). Gently shake the bottle to aid dissolution.
Cleaning solution not effective.	Tablet not fully dissolved, incorrect concentration, or extremely tough stain.	Ensure tablet is fully dissolved. Verify correct tablet-to-water ratio. For very tough stains, allow solution to sit longer or apply a second time.
Spray nozzle clogged.	Residue buildup.	Rinse the spray nozzle under warm water. If severely clogged, soak the nozzle in warm water for 15 minutes.
Bottle leaks.	Cap not securely tightened or bottle damage.	Ensure the spray cap is tightly screwed onto the bottle. Inspect the bottle for cracks or damage.

SPECIFICATIONS

- **Product Name:** All-In-One Multi-Purpose Cleaning System
- **Model Number:** esw98f49-1
- **Brand:** Generic
- **Item Form:** Concentrated Tablet (dissolves into liquid spray)
- **Scent:** Lavender essence
- **Specific Uses:** All-Purpose cleaning for home, kitchen, bathroom, and various surfaces.
- **Surface Recommendation:** Suitable for most hard, non-porous surfaces including glass, tile, countertops, and fixtures.
- **Contents:** 1 Reusable Spray Bottle, 12 Concentrated Cleaning Tablets
- **Manufacturer:** Generic
- **Date First Available:** March 18, 2025

Ingredients

- Surfactants
- Sodium bicarbonate
- Citric acid
- Sodium carbonate
- Lavender essence

SAFETY INFORMATION

- **KEEP OUT OF REACH OF CHILDREN AND PETS.**
- Do not ingest tablets or cleaning solution. If swallowed, seek immediate medical attention.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water for several minutes. If irritation persists, consult a physician.
- Avoid prolonged skin contact. Wash hands thoroughly after handling.
- Use in a well-ventilated area.
- Do not mix with other cleaning products, especially those containing bleach or ammonia, as this may release hazardous gases.
- Test on an inconspicuous area before full application, especially on delicate or painted surfaces, to ensure compatibility.
