

Anker A2699G21

Anker Zolo 20W Type C Charger User Manual

Model: A2699G21

1. INTRODUCTION

Thank you for choosing the Anker Zolo 20W Type C Charger. This compact and powerful wall adapter is designed to provide fast and efficient charging for a wide range of electronic devices, including smartphones, tablets, and other USB-C compatible gadgets. Please read this manual carefully before using the product to ensure safe and optimal performance.

2. SAFETY INFORMATION

To prevent injury or damage to your device, please observe the following safety precautions:

- Do not expose the charger to liquids, moisture, or extreme temperatures.
- Do not disassemble, modify, or attempt to repair the charger.
- Keep out of reach of children.
- Use only with compatible devices and cables.
- Unplug the charger during lightning storms or when unused for long periods.
- Ensure proper ventilation around the charger during use.

3. SETUP

Setting up your Anker Zolo charger is straightforward:

1. Unpack the charger from its packaging.
2. Insert the charger's prongs into a standard wall outlet.
3. Connect a compatible USB-C charging cable (not included) to the charger's USB-C port.

4. OPERATING INSTRUCTIONS

Once the charger is plugged into a wall outlet and a cable is connected:

1. Connect the other end of the USB-C charging cable to your electronic device (e.g., smartphone, tablet).
2. The device should begin charging automatically. The Anker Zolo charger supports fast charging for compatible devices, delivering up to 20W of power.
3. When charging is complete, disconnect your device from the cable, and then unplug the charger from the wall outlet.

5. MAINTENANCE

Proper maintenance ensures the longevity of your charger:

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures. Its compact size makes it highly portable.

6. TROUBLESHOOTING

If you encounter issues with your Anker Zolo charger, try the following solutions:

- **Device not charging:**
 - Ensure the charger is securely plugged into a working wall outlet.
 - Check if the charging cable is properly connected to both the charger and your device.
 - Try using a different USB-C cable to rule out a faulty cable.
 - Test the charger with a different device to confirm the charger is functioning.
- **Slow charging:**

- Ensure your device supports fast charging and that you are using a compatible cable.
 - Check if your device's battery is extremely low, which can sometimes cause slower initial charging.
 - Avoid using your device heavily while charging, as this can slow down the process.
- **Charger feels warm:**
 - It is normal for chargers to become warm during operation, especially during fast charging.
 - If the charger becomes excessively hot or emits smoke/odor, immediately unplug it and discontinue use.
