AMAZTIM M3E

AMAZTIM M3E Smart Watch

USER MANUAL

1. Introduction

This manual provides essential information for the proper use and maintenance of your AMAZTIM M3E Smart Watch. Please read it thoroughly before using the device to ensure optimal performance and longevity.

The AMAZTIM M3E is a robust smartwatch designed for durability and advanced functionality. Key features include a built-in GPS with 6-satellite positioning, military-grade stainless steel body, 5ATM water resistance, and an extended battery life.

2. Setup

2.1 Package Contents

- AMAZTIM M3E Smart Watch
- Magnetic Strap (Orange)
- Charging Cable
- User Manual

2.2 Charging the Device

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

2.3 Attaching the Magnetic Strap

The AMAZTIM M3E comes with a magnetic strap for easy attachment and adjustment. Align the magnetic ends of the strap with the watch lugs until they securely click into place. Ensure both sides are firmly attached before wearing.

2.4 Initial Pairing with Smartphone

1. Download the official AMAZTIM companion app from your smartphone's app store.
2. Enable Bluetooth on your smartphone.
3. Open the AMAZTIM app and follow the on-screen instructions to search for and connect to your M3E Smart Watch.
4. Confirm the pairing request on both your watch and smartphone.

3. Operating the Device

3.1 Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and notifications. Tap to select items.
- **Side Buttons:** Use the physical buttons on the side of the watch for quick access to functions like power on/off, back, or specific app shortcuts. Refer to the app for customizable button functions.

3.2 GPS Functionality

The M3E features a built-in GPS with a 6-satellite positioning system for accurate outdoor activity tracking. Ensure you are in an open area for faster satellite acquisition. GPS data, including distance and route, can be viewed in the companion app after your activity.

3.3 Health Monitoring

The watch continuously monitors various health metrics:

- **Heart Rate:** Real-time heart rate monitoring.
- **Exercise Steps:** Tracks daily step count and estimated calories burned.
- **Sleep Tracking:** Monitors sleep patterns (requires wearing the watch during sleep).

Detailed historical data for these metrics is available in the AMAZTIM app.

3.4 Water Resistance (5ATM)

The AMAZTIM M3E is rated 5ATM, meaning it can withstand pressures equivalent to a depth of 50 meters. It is suitable for swimming and shallow-water activities. Do not use it for diving or high-pressure water activities. Avoid exposing the watch to hot water or steam.

3.5 Always On Display

The 1.96" AMOLED display supports an "Always On Display" mode, allowing the time to be visible without needing to raise your wrist or activate the screen. This feature can be enabled or disabled in the watch settings to manage battery consumption.

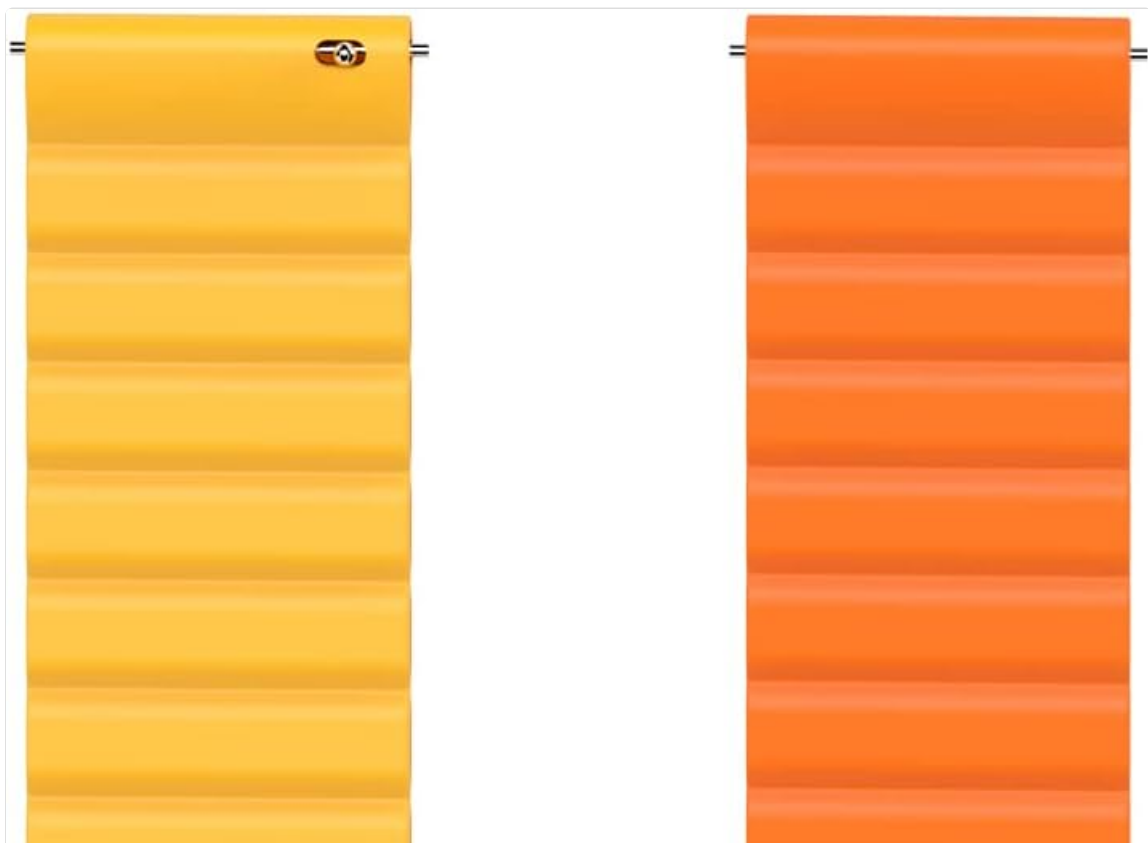

4. Maintenance

4.1 Cleaning the Watch

Regularly clean your watch and strap to prevent skin irritation and maintain functionality. Use a soft, lint-free cloth to wipe the screen and body. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive materials.

4.2 Strap Care

The magnetic strap is designed for durability. If it becomes dirty, wipe it with a damp cloth and allow it to air dry completely before reattaching to the watch. Avoid prolonged exposure to direct sunlight or extreme temperatures.

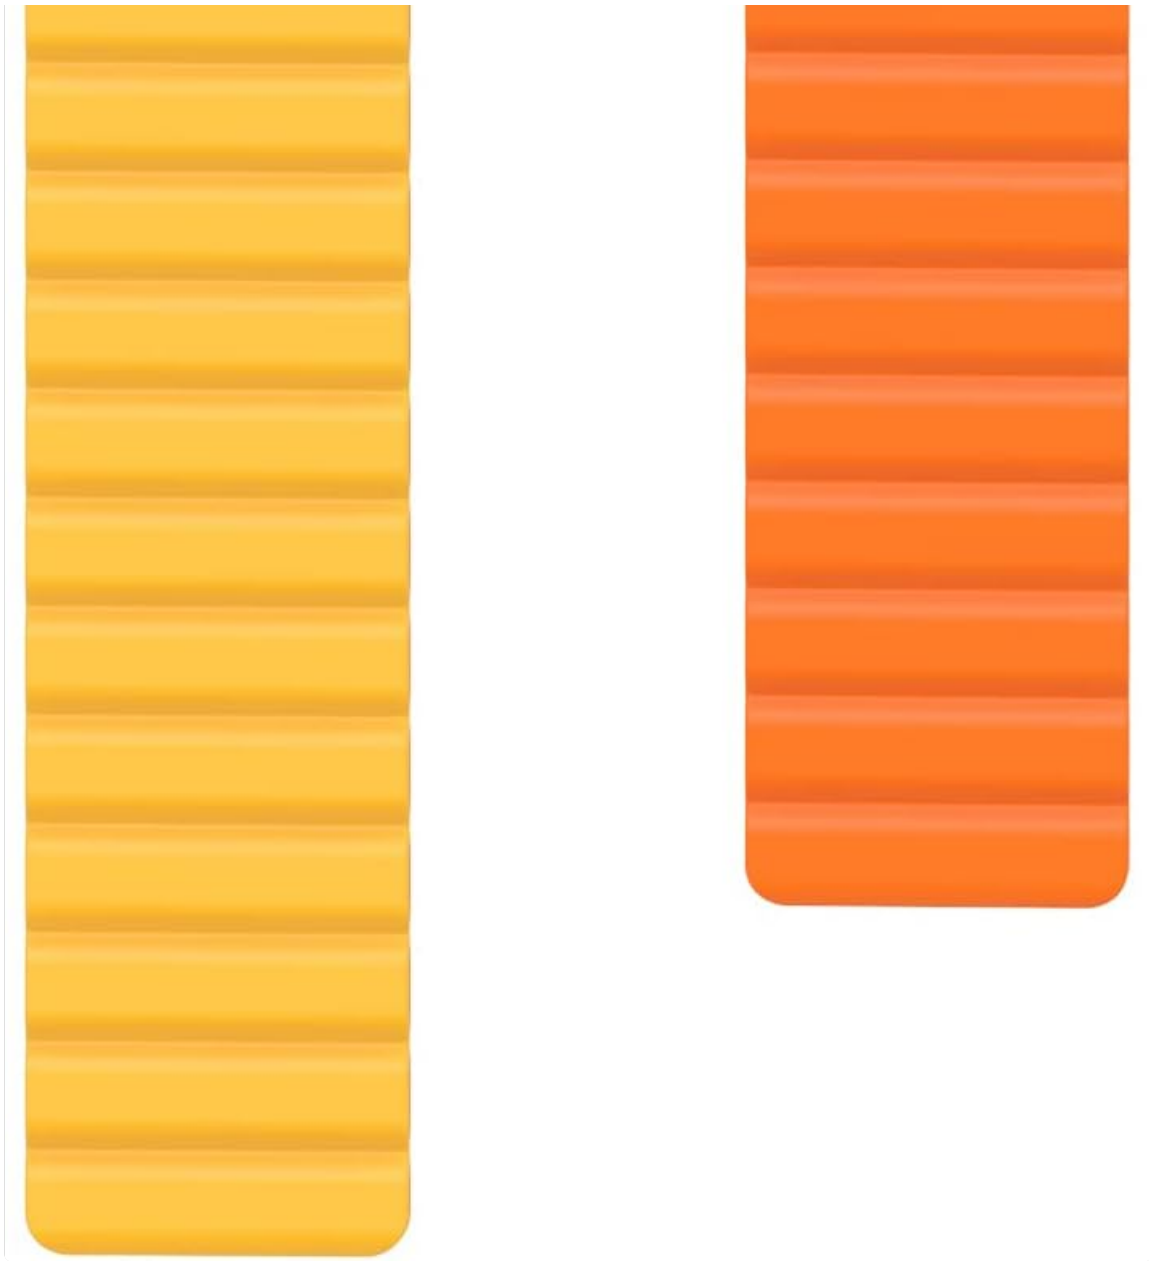

Image: Two magnetic straps, illustrating the different color options available for the AMAZTIM M3E Smart Watch.

4.3 Battery Longevity

To maximize battery life, avoid fully discharging the watch frequently. Charge it when the battery level is low. If storing the watch for an extended period, charge it to approximately 50% and store it in a cool, dry place.

5. Troubleshooting

5.1 Watch Not Powering On

- Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the power button for 10-15 seconds to attempt a forced restart.

5.2 Unable to Pair with Smartphone

- Ensure Bluetooth is enabled on your smartphone and the watch.
- Make sure the watch is within Bluetooth range of your phone (typically 10 meters).
- Restart both the watch and your smartphone.
- Clear the Bluetooth cache on your phone or forget the device in Bluetooth settings, then try pairing again.

5.3 Inaccurate GPS Readings

- Ensure you are in an open outdoor area with a clear view of the sky.
- Wait for the watch to acquire a strong GPS signal before starting your activity.
- Ensure the watch's firmware is up to date via the companion app.

5.4 Short Battery Life

- Disable features like Always On Display if not needed.
- Reduce screen brightness.
- Limit frequent use of GPS-intensive activities.
- Ensure no background apps are excessively draining power.

6. Specifications

Feature	Specification
Model	AMAZTIM M3E
Display Type	1.96" AMOLED
Battery Capacity	480 mAh
Water Resistance	5ATM (up to 50 meters)
GPS	Built-in GPS, 6-satellite positioning system
