BIBIFACTORY Tnw T26

Tnw T26 Selfie Stick & Mini Tripod Instruction Manual

Model: Tnw T26 | Brand: BIBIFACTORY

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of your Tnw T26 Selfie Stick and Mini Tripod. This versatile 3-in-1 device functions as a mini phone holder, a selfie stick, and a tripod, designed for capturing photos and videos with ease and stability. Please read this manual thoroughly before first use and retain it for future reference.

PRODUCT OVERVIEW & COMPONENTS

The Tnw T26 is constructed from durable ABS and aluminum alloy, ensuring both longevity and portability.

Figure 1: Tnw T26 in Selfie Stick and Tripod Configurations. This image illustrates the product's dual functionality as both an extendable selfie stick and a stable mini tripod, with a phone mounted in both scenarios.

Mini handle holder

Phone camera helper

**Switch between horizontal
and vertical shots**

**Removable B t
remote control**

**Double fill light
can be installed**

Figure 2: Mini Handle Holder Details. This view highlights the phone clamp area, indicating its ability to switch between horizontal and vertical orientations, the slot for the removable Bluetooth remote, and provisions for attaching external fill lights.

Bring your own key chain Easy to go out

Hang backpack, hang pants, just carry no burden

Mini doesn't take up space

Figure 3: Portability with Keychain. The image demonstrates how the compact Tnw T26 can be easily attached to a keychain or backpack, emphasizing its lightweight and convenient design for on-the-go use.

Put in pocket and carry at will

**Collapsible to
the size of a hand**

Weighs about 131g

131g

What's in the Box:

- 1 x Tnw T26 Selfie Stick & Mini Tripod
- 1 x Charging Cable (for Bluetooth Remote)

SETUP & ASSEMBLY

1. Unfolding the Device:

Gently unfold the Tnw T26 from its compact state. The legs of the tripod will extend outwards. Ensure all parts click securely into place.

One click to open the tripod

Zinc alloy keel

Widen and open the area wider

Grip up again

Figure 5: Opening the Tripod. This diagram illustrates the simple "one click" mechanism to deploy the tripod legs, and the "PUSH" button for safely collapsing them, preventing accidental pinching.

2. Bluetooth Remote Pairing:

1. Locate the detachable Bluetooth remote control on the handle. Slide it out.
2. Press and hold the button on the remote until the indicator light flashes, indicating it's in pairing mode.
3. On your smartphone, go to Bluetooth settings and search for available devices.
4. Select "Tnw T26" (or similar name) from the list to pair. The indicator light will stop flashing once successfully paired.
5. The remote is now ready to use for capturing photos and videos.

3. Attaching Your Smartphone:

Extend the phone clamp and carefully insert your smartphone. The clamp is designed to securely hold most smartphone models. Ensure your phone is centered and stable within the clamp.

Swivel phone clip

360° horizontal and vertical shot

Figure 6: Swivel Phone Clip Functionality. This illustration details the phone clip's capabilities, including 360-degree rotation for horizontal and vertical shooting, a 225-degree adjustable tilt, and the presence of a cold shoe interface for attaching accessories like microphones or fill lights.

OPERATION

1. Using as a Selfie Stick:

Hold the handle firmly. Extend the telescopic pole to your desired length (up to 41.5 cm). Use the Bluetooth remote to capture photos or start/stop video recording.

2. Using as a Mini Tripod:

Unfold the tripod legs completely and place the device on a flat, stable surface. Adjust the height by extending the telescopic pole. This mode is ideal for stable shots, group photos, or video calls.

3. Adjusting Angles and Orientation:

The phone clip offers a 360° horizontal and vertical rotation, allowing you to easily switch between portrait and landscape modes without re-mounting your phone. It also features a 225° adjustable tilt for finding the perfect shooting angle.

4. Versatile Usage Scenarios:

The Tnw T26 is designed to adapt to various needs, from handheld selfies to stable tripod shots for vlogging or video conferencing.

Figure 7: Variety of Usage Modes. This image displays the Tnw T26 in several configurations, demonstrating its flexibility as a compact handheld grip, a stable mini tripod, and an extended selfie stick, suitable for diverse shooting requirements.

CARE & MAINTENANCE

- Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Storage:** Store the Tnw T26 in a cool, dry place when not in use. Collapse it to its most compact size to prevent damage.
- Battery Care (Bluetooth Remote):** If the remote's battery is low, connect it to a power source using the

provided charging cable. Avoid overcharging.

- **Avoid Water:** This device is not waterproof. Keep it away from water and high humidity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote not pairing with phone.	Remote battery low; Bluetooth not enabled on phone; remote not in pairing mode; interference.	Charge the remote. Ensure Bluetooth is on. Press and hold remote button to enter pairing mode. Move away from other Bluetooth devices.
Selfie stick/tripod feels unstable.	Legs not fully extended/locked; phone not centered; placed on uneven surface.	Ensure tripod legs are fully extended and locked. Center your phone in the clamp. Place on a flat, stable surface.
Telescopic pole difficult to extend/retract.	Dust/debris in joints; mechanism stiff.	Gently clean the pole sections. Apply minimal force; do not force if stuck.
